ACCEPTANCE OF GIFTS

Employees may accept gifts or benefits from parents/ customers, if such gifts/ benefits are intended for the purpose of a specific occasion deemed appropriate for gifting (e.g. Christmas, birthdays, maternity or leaving gifts) and as long as these are declared to the management team to allow Little Jungle to ensure the safeguarding policy is being respected.

Employees must not accept directly or indirectly any monetary and/or non-monetary benefits, payment or any other benefits from parents/customers and anyone else with any actual or prospective business relationship with the company, if such a payment and/benefit is intended directly or indirectly to induce or influence the treatment of the children under the care of the employer.

A breach of this policy will result in disciplinary action, which may result in your dismissal.

Next Review: November 2023

ACCIDENTAL INJURIES POLICY

Minor injuries to children will be attended to by staff members and referred to the first aider, and recorded using Accident Forms. Parents/ carers will be informed at collection time and required to counter-sign the report to acknowledge communication.

Accident forms are in place to a) support our communication process with parents/ carers and b) enable us to review our organisation and reflect on our safeguarding practice.

For this reason, we should ALWAYS fill out an accident form:

- On the day of the event.
- For any accident we know happened in our care or on our premises
- Irrespective of whether or not we witnessed it (but ideally by the person who did)
- Retrospectively if we find out about the accident later, to support our organisation and practice and reflect on areas of improvement.

In the event of a serious accident or illness, Little Jungle will make an immediate attempt to contact the child's parents/carers. Little Jungle will also contact the parents in the case of a bump to the head, where a child has consumed something they should not (see procedures for children with allergies), as well as any other non-serious incident that requires attention from a medical expert (e.g. where a child gets a foreign object stuck in their nose).

Until the arrival of the parents/carers, paramedic or ambulance, Little Jungle will make all necessary decisions about the child. At the same time, Little Jungle will call for emergency assistance to make sure that no time is lost in caring for the injured child. Parents/ carers will be expected to assume all expenses.

It is important that parents/ carers keep Little Jungle up to date with all contact numbers, place of employment, doctor and emergency information.

Next Review: November 2023

ADJUSTING ROOM TEMPERATURE PROCEDURE

If the room temperature is too hot, the following steps should be taken to keep the children and room cool:

- Open all windows
- Use a fan
- Remove top layer of clothing off the children
- Cool the children down if they have a temperature by giving them tepid wash
- Ensure that children have plenty of water which will help prevent dehydration

If the room temperature is too cold, the following steps should be taken to keep the children and room cool:

- Report the fault to the Operations Manager/ Director immediately
- Close all windows
- Ensure that the children are dressed appropriately
- Turn the heating up

Next Review: November 2023

ADMISSIONS AND ATTENDANCE POLICY

The basis of our admission policy is its' official registration with Ofsted, which sets out the number and age for which places can be provided.

We take into consideration the ratios of adults to children and never exceed these ratios when admitting children.

Little Jungle does not, and has no intention in the future, of discriminating against any child for reasons of sex, ethnic or social background, religion, colour or creed.

Applications from Special Rights children will be welcomed taking into account the ability of Little Jungle to provide the appropriate level of care. We are aware that funding can be sought from the SEND Department, if necessary, to support us with our care e.g. extra member of staff.

It is essential to the efficient running of the setting and to other prospective parents/carers that parents notify Little Jungle immediately should they make alternative childcare arrangements and no longer require a place.

Next Review: November 2023

ADMISSIONS AND ATTENDANCE PROCEDURE

We believe that quality care and education are essential to children's wellbeing and development and form the primary and universal right of all children, regardless of their ability, needs, race, religion, creed, colour or gender. This is why we welcome children from all corners of our community and why our Admissions Policy is designed to reflect our fair and democratic values.

From April 2019, anyone wishing to register their interest in joining Little Jungle should do so, free of charge, by adding their email address to our distribution list via our admissions page: (<http://www.littlejungle.co.uk/admissions.html>).

All parents on our distribution list will be emailed when a place becomes available, which will then be offered on a first come, first served basis. Once parents have confirmed their interest in the place, arrangements will be made to view the school, and understand more about how we work, and our settling process.

Places will be offered on a two-day, three-day or five-day basis only, and children must be able to confidently and independently use the toilet to join our 3-5s room (Crocs).

Priority (but not guarantee) will be given to children whose siblings are already with us and attending Little Jungle when the next child joins (we cannot prioritise a child if their sibling is no longer with us), or due to any extenuating circumstances affecting the child's welfare or his/her family.

To secure a child's place and confirm the agreed starting date, parents / carer will be asked to:

- Sign a Little Jungle Terms and Conditions agreement within 5 days of the offer letter being sent.
- Pay their first month's fee within 5 days of the offer letter being sent (this fee is non-refundable if parents terminate the agreement before the child's attendance begins).
- Closer to the time, complete and sign a more detailed registration form (to give us important information such as emergency contact numbers, health and dietary requirements etc.).

Registration forms must be completed and returned before the child's settling-in begins (Ideally, this should be at least 1 week before start date to allow for any care issues to be raised and clarified before the child begins). Children will not be admitted without this information.

Free of charge settling-in sessions will be organised to enable the child to settle at a gentle pace. It is recognised that the settling-in process will be individual for each child and that both parent and child must be confident that the settling-in period is satisfactory.

Settling-in arrangements should be made at the time of enrolment and take place, wherever possible, during the week prior to the start date and will not be charged.

We do not allow children to swap days of attendance, except for where a regular attendance day falls on a public holiday, when a parent may request swapping this day to an alternative day of their choice within the preceding or same week of the public holiday where their child was unable to attend. This is subject to availability of the alternative swap day.

As stated in all parent offer letters, no refunds or fee reductions will be provided for attendance days missed due to public holidays.

The allocation of a place must continue normally through 'school holidays' on the same basis as during 'term time'. Places will not be held open for unpaid sabbatical, or any other leave of absence.

As part of our admissions policy, all carers and staff will be asked to sign up to our Green Living Plan, to encourage walking, use of public transport and cycling instead of driving. Please refer to the Green Living Plan section for more details.

Next Review: November 2023

AGE OF ADMITTANCE

We accept children from the age of ten months to five years old.

Although we accept children from the age of ten months, we recommend that children join us from the age of one.

Children usually start school in the September after they turn 4, but parents of children born between 1 April and 31 August, also known as "summer-born" children, can ask to delay entry to Reception for a year. For this reason, children can stay with us until they are just over 5 years old.

Next Review: November 2023

ANIMAL POLICY

It is our policy to ensure that animals kept at Little Jungle will be cared for according to their individual requirements and needs. In the event that animals are kept at the setting, the children will be encouraged to help care for our animals, feeding, petting, cleaning etc. and will be encouraged to talk with adults regarding the animals and their care.

The children's hands will always be washed after handling animals or when they have helped to clean the animals' environment.

Animals will be fed daily and their environment/ tank will be cleaned as often as required to care for them ethically and according to our values.

All care records for animals kept on site will be kept up to date in a folder managed by our office team.

Next Review: November 2023

ARRIVAL AND DEPARTURE OF CHILDREN

It is essential that parents always notify a member of staff of their child's arrival.

On arrival at Little Jungle parents will be expected to hand over their child to the room staff who will then 'register' that child for the session. Upon collection, parents should notify Staff of their child's departure.

To avoid disruption to our daily routine, parents are requested to ensure that their **child arrives no later than 9:00 am** and **no later than 8:45 am if having breakfast** at the setting. Only in exceptional cases, and with prior notification, will children be admitted after 10:00 am, at Management's discretion.

We must be informed if anyone other than the parent is to collect the child. This is done by the parent either face to face, in writing (email is sufficient) or on the phone using a password chosen by the parent upon registration.

If a child is to be absent, we ask parents to inform Little Jungle as soon as possible and ideally before 9:00 am.

Staff will not release children to anyone other than parents, except to pre-authorised persons/ carers (listed in the Emergency Release Form) about whom parents will be expected to inform Little Jungle in advance that they are to collect their child. These authorised persons will be required to say the correct password and may be asked for further identification.

Parents/ carers may be required to give a physical description of such pre-authorised persons before they collect children for the first time (a photograph attached to the Emergency Release Form would be of assistance). Authorised persons may also be required to provide proof of identity before children are released to them.

Next Review: November 2023

BABY-SITTING POLICY

For insurance reasons, Little Jungle do not offer a baby-sitting service. However, we also do not restrict our staff from baby-sitting* Little Jungle children outside of operating hours, as we trust their judgment as responsible adults whose legal responsibility it is to “promote the welfare of children and protect them from harm” (Working together to safeguard children, 2013).

In line with our recruitment policy, all our staff are subject to a thorough vetting process and are trusted by Little Jungle to protect all children in our care at all times. They also attend regular safeguarding training to reinforce their ability to recognise the signs of abuse and emphasise the importance of their role in protecting children from harm in any environment or context.

With this in mind, we encourage and remind our staff to remain professional at all times and not allow such extra-curricular services to blur their judgment as protectors of children.

Any baby-sitting service or arrangements for such services should only be conducted outside of Little Jungle hours and premises, so as to not distract our Staff from their main responsibilities. In fairness to other children attending the setting, Staff will not be allowed to take children out of the setting as part of these independent services.

*Please note that baby-sitting is defined as ad-hoc sessions of childcare outside of a Staff’s working hours. Where parents require a regular/ weekly service of childcare, the latter would be defined as ‘nannying’ and will not be permitted, in line with our ‘Staff Retention Policy’ which forms part of Parents’ Registration agreement.

Management reserve the right to restrict baby-sitting if it is felt that the service interferes in any way with a staff member’s responsibilities at Little Jungle.

Next Review: November 2023

BEHAVIOUR GUIDANCE

At Little Jungle, we are committed to the approach to young children's learning and development that is set out in the EYFS framework, particularly the emphasis that it gives to educators and all staff in recognising the importance of the unique child demonstrating respect for each other, and valuing active learning and exploration.

We also work within the education department's 2001 code of practice on the identification and assessment of Special Educational Needs, which adopts a staged response to children's behavioural needs.

Our Enquiry Based Learning Approach offers a stimulating environment where the children are active participants in their own learning as the educators become the facilitators of children's interests, that drive the use of space, materials and planning of the experiences. We respect children's competence and ability and therefore have high expectations of them, all of which is reflected, along with a unique relationship we build with children, in our dynamic environment. The children are seen as competent learners with rights and a unique identity.

Play and exploration are at the heart of every interaction, creating an environment of 'listening' and participation where the children's culture, temperament, developmental needs and rights are considered.

We strive to create a democratic culture that is based on reflection, emotional intelligence and individuality that fosters pride through purposeful interactions. As educators, we are inquisitive, innovative and we use critical thinking and reflective practices. We are lifelong learners who develop through their everyday practice with the children.

Being in constant communication with parents and carers becomes invaluable, so everyone can apply the same strategies and consistency can be achieved through cooperation from all the important adults in the children's lives. The families become part of Little Jungle life as they are being heard and are part of the decisions taken for their children.

Establishing routines and managing transitions

The environment plays a vital role in order to promote independence, self-esteem and skill refinement. We create an environment where the children's preferences and opinions are considered and implemented. We also provide a predictable schedule with known procedures and smooth transitions in terms of space and experiences, decreasing distress and frustration. Preparation and predictability are two factors that are inextricably connected to the children's sense of security and autonomy, so we prepare the children for every daily transition or change in the routine. Before every experience or event takes place, we explain the safety rules and we include the children as much as possible in the setting up and tidying up process. We assign tasks and we give time to the children before making a change.

The rules we accept in the environment must be a combination of adult and children's perspectives about relationships and use of space. We also include the children in the process of applying the acceptable behaviour as they can be strong advocates of justice and can help their peers by reminding them the rules or by suggesting solutions they have already applied themselves. As we role-model positive behaviour, we give explanations and we include the children any way we can in the decisions taken. The children become promoters of positive behaviour.

Promoting Positive Behaviour

Positive interactions are essential in order to provide an environment where children feel motivated and valued. The adults' role in this is key in modelling behaviour that is pleasing and gratifying and becomes the medium for building strong and reciprocal relationships.

In our interactions with the children, we apply our values of: Respect, Empathy, Freedom and Democracy. This means that we cultivate respectful exchanges where we speak in a positive way, we offer choices and we treat the children the way we want other people to treat us.

For this reason, we do not develop preconceptions about the behaviour of specific children. Even if we observe behaviour, we treat every incident as an individual moment where we ask open-ended questions without 'labelling' the children. When we come across a moment of conflict, we ask the children what has happened and we trust their answers as we do not believe that a child will deliberately lie to deceive or to cause harm.

Building on that, we act as role-models by offering an explanation for everything that happens, or for what we ask of the children to do. Also, we are always open to questions and suggestions from the children as they are the protagonists of the environment.

Respect applies for the environment and the adults, too. We treat everything and everyone in a positive and considerate manner, promoting a calm and secure environment where everyone's needs are considered and acknowledged.

Prevention is important and that is why we are sensitive to the children's actions, reactions, words and body language as we aim to relieve signs of anxiety before an outburst occurs.

Finally, we find positive and acceptable solutions when we encounter challenging moments of behaviour. We consider these moments as opportunities for guidance and for building a strong attachment relationship in order to achieve emotional regulation and to meet the individual needs of every child.

For these reasons, everyone at Little Jungle uses five positive behaviour strategies as a way to be consistent and offer a sense of security to the children:

1. We notice, praise and make a big deal out of the positive qualities that every child demonstrates. That means that our praise isn't general, instead there is a specific trait, detail or behaviour that we admire. Therefore, we can build trust and showcase the positive side of the children's interactions and the children can connect with us on a more personal level and do not need to attract attention in a negative way. Also, if we look for the positive behaviour instead of the negative one, we become attuned to it and at the same time we reinforce it.

We make the children's successes known to their peers, other members of staff, parents and carers and we make them visible in observations, in their early years profile and documentation displayed at the children's height. We include them in preparations and setting up and we always look and talk to them with warmth and respect. However, we do not give physical rewards (e.g. stickers, star chart stars, sweets, treats or presents) as behaving in a positive way and helping others need to derive from an innate need and relate to self-worth.

2. We offer an alternative instead of just saying “no” to the children. We minimise the times we say it by thinking about the positive alternative for the behaviour that seems to not be working at the specific moment. (e.g. “We don’t do that...” can be replaced by: “Shall we paint on the paper instead of the wall?”).
3. We offer choices to the children so they can feel in control of what is happening and so we can demonstrate to them that you can use creative thinking and problem solving in any possible situation. This is especially important to help children realise that there is always an alternative, even when things that we do not choose must happen (e.g. “It is cold outside. Would you like to wear the green or the blue coat?”).

It is important not to exaggerate simple things and to move on without spending too much time negotiating. If the child is reluctant to choose, we let them know that we are going to choose for them and we do so quickly.

4. Finally, the way we talk to the children is really important as it sets expectations. It is better to use the word: “when” instead of “if” as it promotes a teamwork mentality. It is essential to show that specific things need to happen, that otherwise disrupt the daily routine and everyone’s day. If these things are essential, we cannot give an option not to do them, so the language we use needs to reflect that. A good example is tidying up. When the children leave an area without tidying up because they want to engage in another area, we need to say that “once we have tidied up, then we can move on to the [other area]”. We must create a culture of cooperation and empathy, always using respectful words and behaviour and applying freedom and democracy through choices.
5. We make sure we offer a stable and consistent environment by always keeping our promises. If we say something with words, we follow up with actions, too. Our actions become a way of demonstrating the why and how of our words. If we are not consistent in this way we cannot built a relationship of trust.

Emotional Intelligence

In order to support the children’s social and emotional development, we use the five steps of emotional coaching:

1. Being aware of the child’s emotion
2. Recognizing the emotion as an opportunity for intimacy and teaching
3. Listening empathetically and validating the child’s feelings
4. Helping the child to verbally label emotions
5. Setting limits while helping the child problem-solve.

We apply these steps in every opportunity that arises in order to help the children become aware of their feelings and at the same time understand that they can find solutions to any challenging situation. As educators, we talk about our own feelings and we make sure that they do not influence our interactions with the children in a negative way.

Behavioural needs and special rights

Where use of the strategies described above have not so far been effective the children will require additional support or intervention, and the parents and carers will be notified if their behaviour:

- Hinders their own learning or development
- Hinders or prevents the learning of others
- Causes physical harm or distress to others, or our environment.

When we consider that a child may need behavioural support, we:

- Observe, record and monitor incidents of concern and implement changes in the child's experiences or routines to see if these alter their behaviour (For this we use the Behavioural Interaction Observation sheet).
- As a procedure, all incidents where a child has had to be physically removed from a situation due to their or other children's safety will need to be logged, so that we can track children's progress. Logging these incidents is also a statutory requirement.
- If, having made such changes, there is no change in the child's behaviour, we will discuss and plan to provide a consistent and predictable environment for the child and to identify any areas of learning, such as language or social interaction that they are having particular difficulties with.

Any significant, inappropriate behaviour is likely to relate to the child's emotional needs, and may be the result of learning difficulties, physical impairment, abuse including neglect, physical or mental illness or psychological trauma. When these signs are evident, specialist professional support needs to be sought with the permission of parents or carers*.

***Note: No referral can be made without the consent of the Parents/ Carers.**

Strategies for coping with serious misbehaviour related to special rights may include:

- The parents become aware of the behaviour exhibited and a meeting is offered to discuss next steps.
- The focus of the meeting is on observations, discussion and reflection about other strategies to use.
- Use of the Behaviour Interaction Record and Reflection Form
- Referral to a behaviour support service via the Local Authority SEND team.

Next Review: November 2023

BIRTHDAY CELEBRATIONS POLICY

Little Jungle celebrates birthdays, but with a focus on healthy living and developing children's social skills and self-esteem and confidence. For this reason, we do not accept birthday cakes, sweets or party bags.

Instead, birthdays for all children within a room are announced each week and those children are invited to prepare and make a birthday cake at the setting and share this cake with their friends who are attending on that day, with a maximum of 2 cakes per week made, to allow for non-matching attendance days. This activity is planned by the Educators in the room in advance and parents of birthday children are welcome to take part in the cake making and/or celebrations if they so wish. We do prefer for other parents not to attend though as this causes significant disruption to the Little Jungle routine.

Birthdays are usually celebrated at afternoon snack time or after Tea-time.

Next Review: November 2023

BIRTHDAY CELEBRATION PROCEDURE

- All cakes are made by the children and supported by the Educators and the kitchen.
- All ingredients for making the cakes will be supplied by Little Jungle, and will be fully aligned to the minimum dietary requirements of the room on that day (for example if 1 of the children in that room cannot have gluten, then we will use gluten free flour)
- No nuts will be used to make the cake, in line with our 'Meals and snack management' policy
- Little Jungle will not accept any kinds of sweets, biscuits, chocolate, juice for birthdays celebrated at Little Jungle
- Parents cannot unfortunately provide party bags for their child, or their child's friends
- Where multiple children have a birthday on a given day, the children will only make one cake together, but if children's attendance does not overlap, up to 2 cakes can be made in any given week
- Birthdays will be celebrated at afternoon snack-time or tea-time
- Where a child is not in attendance on their birthday, then an alternative date can be chosen by the parents / educators to bake the child's birthday cake and celebrate their birthday.
- Each room will have a schedule/ calendar of all birthday celebrations, mapped to the attendance of the individual children

Next Review: November 2023

BITING POLICY

At Little Jungle we believe that biting is a natural developmental stage that many children go through. It is usually a temporary condition that is most common between thirteen and twenty-four months of age.

The safety of the children is our primary concern. The Little Jungle biting procedure addresses the actions the staff will take if a biting incident occurs.

Toddlers bite other toddlers for many different reasons. A child might be teething or overly tired and frustrated. He or she might be experimenting or trying to get the attention of the adult or his/her peers.

Toddlers have poor verbal skills and are impulsive, without a lot of self-control. Sometimes biting occurs for no apparent reason. Little Jungle will encourage the children to use their words if they become angry or frustrated. The staff members will maintain close and constant supervision of the children at all times.

The setting provides leaflets on biting for parents. These are displayed in the lobby area of the setting.

Next Review: November 2023

BITING PROCEDURE

The following steps will be taken if a biting incident occurs at our setting.

- The biting will be interrupted with a firm “No...we do not bite people”.
- Staff will stay calm and will not overreact.
- The bitten child will be comforted.
- Staff will remove the biter from the situation. The biter will be reminded of the need to be kind to his/ her friends and be encouraged to show that they are sorry with a hug or verbally).
- The wound of the bitten child shall be assessed and cleansed with water.
- An accident form will be completed, in line with our ‘Accidental Injuries’ policy
- If it is determined that there was a blood exposure, parents should be called and further steps need to be taken as outlined in the ‘Procedures for Incidents Involving Blood Exposure’.

Next Review: November 2023

BULLYING POLICY

At Little Jungle we take bullying very seriously. Bullying involves the persistent physical or verbal abuse of another person. It is characterised by intent to hurt, often planned, and accompanied by an awareness of the impact of the bullying behaviour.

A child who is bullying has reached a stage of cognitive development where he or she is able to plan to carry out a premeditated intent to cause distress to another.

Bullying therefore tends to occur more usually in children five years old and over and may well be an issue in after school clubs and holiday schemes for slightly older children. Nevertheless, we must be aware of what strategies to employ if we know a child is being bullied.

If a child bullies another child or children:

- We show the children who have been bullied that we are able to listen to their concerns and act upon them.
- We intervene to stop the child who is bullying from harming the other child or children.
- We explain to the child doing the bullying why her/his behaviour is not acceptable.
- We give reassurance to the child or children who have been bullied.
- We help the child who has done the bullying to recognise the impact of their action.
- We make sure that children who bully receive positive feedback for considerate behaviour and are given opportunities to practice and reflect on considerate behaviour.
- We do not label children who bully as bullies.
- We recognise that children who bully may be experiencing bullying themselves, or be subject to abuse or other circumstance causing them to express their anger in negative ways towards others.
- We recognise that children who bully are often unable to empathise with others and for this reason we do not insist that they say sorry unless it is clear that they feel genuine remorse for what they have done. Empty apologies are just as hurtful to the bullied child as the original behaviour.
- We discuss what has happened with the parent of the child who did the bullying and work out with them a plan for handling the child's behaviour.
- We share what has happened with the parents of the child who has been bullied, explaining that the child who did the bullying is being helped to adopt more acceptable ways of behaving.

Next Review: November 2023

CHILDREN OF STAFF MEMBERS

We welcome staff members to apply for a place for their child at Little Jungle. Children will be prioritised using the “priority” list, which is based on a first come first served basis. Places will be discounted, as long as they remain employed at Little Jungle (if the staff member decides to leave Little Jungle, they will not be eligible for a discount on their child’s fees). Please note that being a staff member of Little Jungle does not guarantee a space for that staff member’s child.

Below are some specific procedures relating to staff members applying for a space for their child to attend Little Jungle:

- Little Jungle is only able to take on a certain number of children from staff members, this is at the discretion of the Directors and should be discussed at the point of application.
- Discount rates are at the discretion of the Directors, and may fluctuate depending of differing circumstances.
- Children cannot be put into the same “room” (e.g. Tigers) as their parent is working in, and this must be discussed and agreed at the point of application with the Directors.
- A staff member may not apply for a space for a child of whom they are not the legal guardian.
- All other Little Jungle policies and procedures apply to a staff member applying for a space for their child.
- Extra session prices are not discounted.

Next Review: November 2023

CHILDREN'S CLOTHING

Children should wear comfortable safe and suitable bottom clothes that they can manage on their own as their independence increases. E.g. Avoiding belts on trousers that cannot be undone when they need to go to toilet.

Protective wear is provided for messy activities e.g. Clay, water play, painting but we cannot guarantee that clothing will be completely safe.

We therefore ask parents to bring 2 spare sets of clearly labelled clothing and bring them in a (non-plastic/ carrier) bag of their choice. This is especially important for younger children, and for children who are being toilet trained.

It is important that all children's clothes and shoes be labelled, so that they can be recognised quickly and returned to their owner promptly. Un-labelled lost items will be put in a lost property box and Little Jungle cannot be held responsible for such lost items of clothing.

Next Review: November 2023

CHILDREN WITH SPECIAL RIGHTS POLICY

At Little Jungle, we believe that quality care and education is essential and as necessary to children's wellbeing and development as water is to human life. Quality care and education form the primary and universal right of all children, regardless of their ability or needs.

This is why we believe that all children should be given equal opportunities to play, explore and learn together, in an inclusive social context, where differences are recognised but not used to define individual children's competence or potential.

At Little Jungle, we consider a child to have Special Rights if they have significant learning difficulties in comparison to their peers or have a disability that may require extra special attention to help them develop. However, we also recognise that whilst these children do have some difficulties or disabilities, they also are competent in lots of other ways. Our approach therefore supports children by focussing on what they **can** do, encouraging them to communicate their competencies in as many different ways as they can (we call these the many 'languages' of expression).

We welcome any child with any disability or special needs to whom a place will be given priority when appropriate vacancies arise at Little Jungle. If a child has a physical disability, Little Jungle will contact the local council to obtain advice about any arrangements or facilities that need to be added to the setting's environment to help that child integrate as smoothly and comfortably as possible.

We are sensitive to the needs and feelings of children with Special Rights and their families and will ensure individual needs are recognised and addressed. Parents/carers will be involved at every stage and in any plans that are made to meet a child's individual needs.

Equality of opportunity for all children is essential and it is important that children with Special Rights have the same opportunity to learn alongside their peers as all children in our care. For this reason, any special needs of children will normally be met within the inclusive environment of the mainstream setting, inviting and encouraging all children to play and explore together.

If a child has additional needs of any kind, we will discuss:

- How the child and parent/ carer can be helped
- How Little Jungle staff can be helped
- What advice and practical help we can get from outside agencies
- What adaptations need to be made
- What behavioural or educational plan needs to be devised (using a Support Cycle), with outside agency help, tailored to each individual child.

Little Jungle has a Special Rights Coordinator for each age group and has access to an Special Educational Needs and Inclusion Practitioner (SENDIP) at Southwark Council, who is available for consultation and advice. Parents are requested to contact Little Jungle's Special Rights Lead directly for further details.

Little Jungle will ensure:

- That children with Special Rights have an equal opportunity to learn and are free from any discrimination on the grounds of disability.

- Access to suitable individual programmes, and small group work, according to the child's individual needs and through their individual behavioural or educational plan.
- That regular observations on the progress of the child are noted by a qualified and experienced Educator, to make sure the child is valued and respected, and is able to value his or her strength.
- The child is fully included into the life of the setting and develops communication channels with other children, through sign, gesture or pictures if the child is yet to develop speech.
- That the child leaves Little Jungle fully prepared for school life.

Little Jungle is respectful of the areas of special educational needs listed in the revised codes of practice:

- Communication and interaction.
- Cognition and learning.
- Behavioural, emotional, and social development.
- Sensory or / and physical.

We also follow the graduated response through early years action and action plus.

Little Jungle believes in inclusion. This involves ensuring:

- All children with Special Rights have their needs met.
- A child's Special Right(s) is/ are identified early.
- We promote good and best practice.
- We work in partnership with parents/ carers.
- We review intervention regularly through IEP review.
- We employ a multi-disciplinary approach.

Children with Special Rights should be offered full access to a broad, balanced and relevant education.

Little Jungle's Special Rights Lead is:

Anilu Verde

The Special Rights Lead takes responsibility for:

- Liaising with parents and professionals.
- Advising and supporting other practitioners in identifying, understanding and meeting the individual needs a child may have.
- Ensuring children with Special Rights are on the correct stage of help and support.
- Supporting staff in writing and reviewing IEPs.
- Ensuring relevant background information about individual children with additional needs is collected, recorded and updated.

Working with parents/ carers of children with Special Rights

Our parents and carers have given us the privilege of working with their child to ensure they develop to their fullest potential within our setting. We value the opportunity to work together with parents/ carers, sharing information. This is done through one-on-one conversations with them on a

daily basis regarding their child's day at the setting and how they were throughout the day. This will help us to work even more closely and effectively to ensure the child's best interests are central to everything we do.

When applying for a place at Little Jungle, parents/ carers should be aware that it does not matter what disability a child has; if the setting does not already have the capabilities to support that child, we will seek help.

We work with the Southwark **Special Educational Needs and Inclusion Team (SEND team)** who have the necessary experience and give valid support in all areas of development. We also have access to outside agencies that are able to help parents/ carers where English is not their first language.

Children with special dietary, and/ or other requirements (such as related to race, ethnicity, culture, sexuality and gender):

Each family comes to us with their own views and expectations; we will endeavour to facilitate all, as long as it is not against Little Jungle's policies and procedures. If a child is next on our waiting list he/she will be admitted if a place becomes available.

If we have any concerns about a child after admission, documentation will be prepared by the Key Person and discussed with the parent/carer. If there is a need to take action, we will arrange to meet with a team, which will include the parent/carer, Key Person, Special Rights Lead and any other professional who needs to be included (See 'Children with Special Rights' procedures).

We do not 'label' children as having additional needs. Instead, we complete observations on all our children to take note of any changes (be that behavioural or developmental) we may have noticed.

There are documents which help us to plan effectively for children with Special Rights such as Support Cycles, which help us ensure the child's fullest potential is reached.

In planning for children with Special Rights, we endeavour to show differentiation through our planning process; this is where we ensure all aspects of the child's growth and development are taken into consideration. This can involve tailoring and adapting the way we work with the child but no less stimulating.

At Little Jungle we review children's progress each term, as a standard issue. However, we do also review our **Support Cycles** with the relevant persons both from outside agencies (where relevant) and the parents/ carers as well as the relevant team member when the review dates come up.

We also make ourselves available to parents/ carers to talk about their child's progress, although we ask parents to arrange this time in advance, if possible, to ensure adequate cover is maintained in the staff ratio.

If we find that at any time a child is in need of further equipment and/or resources, we will then research and aim to acquire what is necessary to assist us in this developmental need.

Staff are sent on regular training to update their knowledge and understanding of how best to care for the needs of all children in our setting. They are also given the opportunity to talk with their line

manager about their personal needs in terms of qualifications they wish to gain. This is done during monthly performance review meetings.

Staff training needs are catered for on an individual, as well as a team basis. The Special Rights Lead has been trained by the SEND team. Each term, team members are sent on training according to the need and accessibility of the training course. We also hold full group training days to ensure each staff has the opportunity to continue their professional development.

The staff through their close relationship with both the children and their parents/ carers may learn more about the families using the setting. All staff are aware that this information is confidential and only for use within the setting.

If any of this information is requested for whatever reason, the parents' permission will be sought. If, however, a child is considered at risk, our Safeguarding policy will override confidentiality.

Through our induction of new staff, each policy document is made available and staff are encouraged to enquire about anything which is unclear. There is an Employee Handbook which they will need to sign to guarantee confidentiality will be maintained and our policies and procedures will be followed.

In the event that Little Jungle may need to contact professionals outside the setting, the parents' consent is obtained in advance to ensure the additional support which is needed will be provided as soon as possible.

Next Review: November 2023

CHILDREN WITH SPECIAL RIGHT PROCEDURES

In the event of noticing that a child has any kind of individual need, which may include a disability, the following procedures will be followed:

- The child's Key Person will start to make factual, non-judgmental observations of the child and take notes.
- The child's Key Person will share their concern with the child's parents/ carers, taking into consideration the following:
 - Remaining sensitive and tactful whilst discussing the concerns
 - Acquiring information on how the child behaves at home
 - Establishing whether the parents/ carers already have any concerns
- Other Little Jungle staff will be consulted to ensure that the concerns are warranted.
- The Southwark SEND Team will be contacted for input and advice on next steps to be taken to acquire the right level of support for the child.
- Parents/ carers' consent must be sought before the local SEND Team advisor starts to observe the child. Other professional bodies may also be contacted, as appropriate.

Next Review: November 2023

COMMUNICATION POLICY

Good communication within the setting is very important. The main reasons for maintaining effective communications are to:

- Provide accurate information, instruction and guidance
- Pass on vital information concerning the children
- Exchange ideas, views and concerns
- Reduce misunderstandings
- Improve the performance of Little Jungle

Any information that you hear or are told must be passed on to the management team as it may be a vital piece of information concerning a child or member of staff's wellbeing. Information should also be passed on to the whole team, ideally face to face though at least through the use of the rooms' communication books, where necessary.

All members of staff will be asked for their email address (Management Team members will be given a Little Jungle email address) upon joining so that important information can be communicated to them to read outside of working hours. A hard copy of such information may be handed out too, the receipt of which may be required to be acknowledged by each staff member.

Upon arrival in their respective room, all staff should:

- Read and sign the room communication book
- Check the room's rotas to familiarise themselves with their daily duties
- Read the daily plan to assist in its' preparation, where necessary

Next Review: November 2023

COMPLAINTS POLICY

It is of paramount importance that Little Jungle should run smoothly. Parents and staff must work together in the spirit of cooperation and in the children's best interests.

At Little Jungle, we treat all feedback as importantly as if it were a complaint. Listening and reflecting on our practice is key to keeping our relationships collaborative, transparent and mutually respectful and trusting. For this reason, we always aim to respond quickly and appropriately to any such feedback.

However, for the purposes of establishing some clear guidelines and manage expectations on procedures, we like to define a complaint as a written statement made to express someone's dissatisfaction and/ or disappointment in Little Jungle.

Next Review: November 2023

COMPLAINTS PROCEDURE

The following steps may be taken by parents who have concerns about a child or about the running of Little Jungle:

1. In the case of matters needing further consideration, parents should discuss it with their room's Team Manager, who will look into it and work out an acceptable solution with the Parents.
2. If Parents feel that their Team Manager has not satisfactorily dealt with any issue, the Director will investigate their complaint in detail and endeavour to reach a satisfactory solution in the best interest of the children under our care.
3. If Parents feel that the Director has still not satisfactorily dealt with the issue, Parents should contact **OFSTED**, with which Little Jungle is registered, at the following address:

**OFSTED
Early Years
Piccadilly Gate
Store Street
Manchester
M1 2WD
Tel: 0300 123 321**

4. Parents will receive a written reply to their complaint.
5. Complaints will be recorded and dated in the complaints online folder.
6. After a complaint has been resolved the final outcome will be written in the complaints record.
7. Any recommendation for changes in procedure will be made and noted against the complaints policy.

Note: Little Jungle will take no longer than 28 days to reply to the complainant in writing of the outcomes and actions to be taken.

Next Review: November 2023

CORONAVIRUS (COVID-19) POLICY

This policy applies to all staff members, parents, children, volunteers, students and anyone else working on behalf of Little Jungle. This policy also applies to service users and delivery personnel and any other visitor to our premises.

General:

Despite the unlocking of social distancing measures in England, staff members are advised to practice good hygiene and cleanliness standards:

- Regularly wash hands with soap and water for at least 20 seconds.
- Regularly use hand sanitiser.
- Cover mouth and nose when coughing or sneezing with either a bent elbow or tissue, and always wash hands afterwards.
- Avoid close contact with others where possible and maintain a social distance where possible.
- Frequently touched areas, particularly across teams (previously known as 'bubbles') are appropriately cleaned several times a day. High alcohol content hand sanitiser will be available across both sites.
- Protective equipment will be available for all staff members who require them (e.g. when supporting a child with symptoms of Covid-19).

Fees:

Little Jungle may be required to close partially, or fully based on the spread of Covid-19 / staff shortages due to Covid-19. If this occurs, then full fees will still be payable.

Fees must be paid in full, even if a child is unable to attend due to contracting Covid-19. Fees must also be paid in full if a room or area of Little Jungle cannot operate due to Little Jungle staff shortages caused by Covid-19.

Vaccination status of Little Jungle staff:

We are unable to share vaccination status of our staff. Having vaccinations against Covid-19 remains optional in England and as an organisation we respect the individual liberty and choices of our staff.

Risk assessment and communication

Little Jungle will continue to assess the risk and likelihood of Covid-19 infection and/or spread within our premises and a copy of this risk assessment will be kept on record. This will be shared upon request.

Little jungle will communicate updates to government guidance, changes to processes and procedures and other updates around the response to Covid-19 as required.

Early Years settings are no longer required to inform OFSTED of Covid-19 cases, and staff / parents are no longer required, by law, to inform settings of a positive Covid-19 infection, nor to self-isolate.

Next Review: November 2023

DAILY ROUTINE

For all children, the routine at Little Jungle is loosely based around meal/ snack time as follows:

Breakfast: 07:30 to 09:00

Snack time: 10:00

Lunch: 11:45

Snack time: 15:00

Tea-time: 16:45

Outside of that, each room follows a daily routine depending upon the age group and competencies of the children. With the 1–2-year-olds in Tigers, we follow each child's individual routine, as their needs and capabilities vary so much. For the older children (Chimps and Crocs) a more structured group routine is offered to include opportunities for the children to enquire together whilst gradually preparing for school.

Next Review: November 2023

DATA PROTECTION AND CONFIDENTIALITY POLICY

At Little Jungle we recognise that we hold sensitive/confidential information about children and their families and the staff we employ. This information is used to meet children's needs and to enable us to manage our staff only. Any information shared with the staff team is done on a 'need to know' basis and treated in confidence. This policy will work alongside the Little Jungle Privacy Notice to ensure compliance under the General Data Protection Regulation (GDPR).

We are committed to high standards of professionalism. Our philosophy is to respect the rights of those who use the setting, and that confidentiality is respected and maintained. This includes ensuring that:

- No information is given about the children, staff or management e.g. by telephone, oral or written without prior consent from parents/carers and management.
- No information is given out about progress reports or access allowed to them without prior consent from parent/carers and management.
- No telephone numbers are given out relating to parents/ carers, staff or management without their prior consent.
- No information is given out about the parents/carers financial or personal affairs at any time.

Our legal requirements:

- We follow the legal requirements set out in the Statutory Framework for the Early Years Foundation Stage (EYFS) 2017 and accompanying regulations about the information we must hold about registered children and their families and the staff working at Little Jungle.
- We follow the requirements of the General Data Protection Regulation (Regulation (EU) 2016/679 (GDPR) and the Freedom of Information Act 2000 with regard to the storage of data and access to it.

Procedures:

It is our intention to respect the privacy of children and their families and we do so by:

- Storing confidential records in a locked filing cabinet or on our online systems of record (Tapestry, eDays, GlassCubes and ChildsPlay/ Turntide). These are secured and GDPR compliant. Where data is stored on computers, these are password and virus protected.
- Ensuring staff, student and volunteer inductions include an awareness of the importance of confidentiality and that information about the child and family is not shared outside of the setting other than with relevant professionals who need to know that information. If staff breach any confidentiality provisions, this may result in disciplinary action and, in serious cases, dismissal. Students on placement in the setting are advised of our confidentiality policy and required to respect it.
- Ensuring that all staff, volunteers and students are aware that this information is confidential and only for use within the setting and to support the child's best interests with parental permission.
- Ensuring that parents have access to files and records of their own children but not to those of any other child, other than where relevant professionals such as the police or local authority children's social care team decide this is not in the child's best interest.
- Ensuring all staff are aware that this information is confidential and only for use within the setting. If any of this information is requested for whatever reason, the parent's permission will always be sought other than in the circumstances above.

- Ensuring staff do not discuss personal information given by parents with other members of staff, except where it affects planning for the child's needs.
- Ensuring staff, students and volunteers are aware of and follow our Social Networking policy in relation to confidentiality.
- Ensuring issues concerning the employment of staff remain confidential to the people directly involved with making personnel decisions.
- Ensuring any concerns/evidence relating to a child's personal safety are kept in a secure, confidential file and are shared with as few people as possible on a 'need-to-know' basis. If, however, a child is considered at risk, our safeguarding policy will override confidentiality.
- All the undertakings above are subject to the paramount commitment of the setting, which is to the safety and well-being of the child.

General Data Protection Regulation (GDPR) compliance:

In order to meet our requirements under GDPR we will also undertake the following:

- We will ensure our Privacy notice is easily accessed/ made available in accurate and easy to understand language.
- We will store children's data only to support the education and care of children.
- We will only contact parents regarding their own children or relevant Little Jungle events and updates. We will not share or use parent data for other purposes.
- All information and records relating to staff will be kept confidentially in a locked cabinet, on Doc Monster or on the password protected computers of both Directors. Individual staff may request to see their own personal file at any time.
- Everyone at Little Jungle understands that people have the right to access their records or have their records amended or deleted (subject to other laws and regulations).

Data Retention Timings:

We use the following guidelines to determine how long we store personal data:

- General parent and staff details (incl. name, address and other personal details) as well as contracts and declarations: 7 years
- General child details, accident/ incident and behaviour records: 21 years
- Child Social Services information / or child protection referrals: 25 years

Next Review: November 2023

DISPOSAL OF BODILY WASTE PROCEDURES

To minimise the risk of infection we ensure that:

- All staff members wear disposable aprons and gloves.
- All staff members follow our nappy changing routine.
- Soiled nappies, wipes, etc. are placed in yellow nappy bags and disposed of in an outside bin, ensuring gloves are worn. Nappy bags should be carried out via the quickest route and (where possible) not through the main children's rooms.
- Bodily fluid e.g. vomit, blood, etc. is cleaned using Bio-cleaner (crystals) and placed in a yellow clinical waste bag.
- A yellow mop and bucket labelled "bodily fluid only" is used to clean the floor and disinfected after each use.
- Changing mats are cleaned after each use with anti-bacterial spray.
- Any soiled clothes are sluiced and placed in a suitable bag.
- Aprons and gloves are placed in a yellow bag and disposed of in the outside bin.
- Staff should wash and sanitise their hands before and after handling any bodily waste and bins
- Hands should be sanitised (using in-room sanitizers) after wiping a child's nose

Next Review: November 2023

DOMESTIC ABUSE, HONOUR BASED VIOLENCE AND FORCED MARRIAGE POLICY

The UK's cross-government definition of domestic abuse is:

"Any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners or family members regardless of gender or sexuality. This abuse can encompass but is not limited to

- ✓ *psychological*
- ✓ *physical*
- ✓ *sexual*
- ✓ *financial*
- ✓ *emotional*

The Serious Crime Act 2015 section 76 created a new offence of "controlling or coercive behaviour in an intimate or family relationship".

The Domestic Violence, Crime and Victims Act 2004 extended provisions to help stop domestic abuse and created the new offence of "causing or allowing the death of a child or vulnerable adult". This Act was amended in 2012 by the Domestic Violence, Crime and Victims (Amendment) Act 2012 to include 'causing or allowing serious physical harm (equivalent to grievous bodily harm) to a child or vulnerable adult'.

Where domestic abuse is taking place in a child's home the child is at risk of harm, whether they witness the violence or not. This may take the form of physical abuse, sexual abuse, emotional abuse or neglect. At Little Jungle, we ensure that if there are any signs or symptoms that domestic abuse may be occurring we act without haste and follow our main safeguarding / child protection policy

Signs may include:

- Visible signs of injury on the adult being abused
- Changes in behaviour of the adult(s) and child – e.g. the abused adult may become withdrawn, show low levels of self-esteem
- One adult being visibly worried about what their partner may say in a certain situation (e.g. if the child has become dirty or injured at the setting)
- One adult becoming scared of their partner
- Adults becoming isolated from their friends or family
- Signs of abuse in the child (as per the main safeguarding policy).

As part of our duty to keep children safe we provide the following:

Support leaflets and numbers for females and males who may be experiencing domestic abuse

Honour based Violence

'Honour' based violence (HBV) is a type of domestic abuse which occurs in the name of so called 'honour'. Some families believe that certain actions bring shame on the family and may react with punishment. This may be rejecting a forced marriage, having a relationship not approved by the family, wearing the wrong clothing or wearing makeup. This can happen in families from a variety of cultures and countries and also happens within the UK.

Signs of HBV may include changes in behaviour of the person undergoing the violence, changes in how they dress or act and also in comments they make.

If signs of HBV are present in a parent or staff member within the setting then we will act and follow our safeguarding policy to keep children safe in the environment as well as seeking support for the adult involved.

Forced Marriage

We are aware arranged marriages are part of some cultural practices. We also recognise there is a clear distinction between a marriage in which the both parties are willing and able to give an informed consent to, and a marriage which is forced. Forced marriage is a criminal offence.

A forced marriage is a marriage in which one or both spouses do not and/or cannot consent to the marriage and duress is involved. If we become aware of a forced marriage occurring then we will report it to the appropriate body. If the person is under the age of 18 then we will report it to the children's social care team as this is a child protection issue. We will follow our safeguarding reporting procedure.

Next Review: November 2023

EMERGENCY NUMBERS

Two emergency numbers must be given to the Office team as soon as the child joins Little Jungle and any changes must be notified immediately.

Next Review: November 2023

EQUAL OPPORTUNITIES POLICY

At Little Jungle, we positively value and respect all individuals - adults and children - and it is our aim to demonstrate this, through everything that we do. We take all reasonable steps to promote and practice equal opportunities, regardless of race, gender, religion, culture, colour and linguistic ability. Children of both sexes are positively encouraged by staff to participate in all activities.

Little Jungle considers it important to provide children with an environment and range of experiences that will instil in them a positive outlook towards people in our society whom they may see as different from themselves. We do this through:

- Toys and equipment chosen with differing needs of children in mind.
- Celebrating cultural differences relevant to the children in our care
- Celebrating difference within ourselves and supporting each other to recognise differences.
- Ensuring equal access to all activities for all children.
- Monitoring procedures and practices to ensure inclusion of all children, parents and carers.
- Using assessment procedures to monitor individual children's achievements.

Monitoring:

- Images displayed will show and reflect a positive image towards the world in which we live.
- Books will be chosen to meet all the children's ages and abilities and to reflect the differing life styles present in our society.
- Children may need to be encouraged to be non-sexist in their choice of experiences. Racist attitudes or remarks will be challenged and discussed.
- Support and encouragement will be given to parents to complete developmental checks and health related appointments for their children.
- Children developing language skills or who have a learning difficulty or disability, which affect speech will be supported and encouraged.

At Little Jungle we recognise that discrimination is unacceptable and, for that reason, we have made the decision to adopt a formal equal opportunities policy. Breaches of the policy will lead to disciplinary proceedings and, if appropriate, disciplinary action.

The aim of the policy is to ensure no job applicant, employee or worker is discriminated against either directly or indirectly on the grounds of race, colour, ethnic or national origin, religious belief, sex, marital status, sexual orientation, gender reassignment, age or disability.

We will ensure that the policy is circulated to any agency responsible for our recruitment and a copy of the policy will be made available for all employees and made known to all applicants for employment.

The policy will be communicated to all private contractors reminding them of their responsibilities towards the equality of opportunity.

The policy will be implemented in accordance with the appropriate statutory requirements and full account will be taken of all available guidance and in particular any relevant Codes of Practice. We will maintain a neutral working environment in which no employee or worker feels under threat or intimidated.

Next Review: November 2023

EXCLUSION POLICY

The law allows exclusions to be used:

- As a last resort.
- When the health, safety and well- being of others is, or is likely to be adversely affected.
- When the efficient education offered in the setting is, or is likely to be adversely affected.

In extreme circumstances, any member of the Management team, but always in conjunction with the director may decide to exclude a child indefinitely or for a specific period of time.

We recognise that this is an extreme step. However, if the persistent behaviour of a child is such that the safety and the well- being of the staff is compromised, and the well -being of other children is constantly affected then the above procedures will be adopted.

Next Review: November 2023

EXCLUSION PROCEDURE FOR ILLNESS/ COMMUNICABLE DISEASES

If a child is unwell, they should not be in any care provision - not only to prevent the risk of infection spreading, but also because constant nursing and attention may be needed. If a child becomes unwell whilst at Little Jungle, Parents/Carers will be asked to collect their child immediately. The child will be allowed to rest away from the other children until their Parents/ Carers arrive to collect them.

The following also applies to staff members.

| Disease/Illness | Minimal Period of exclusion from Little Jungle |
|--|---|
| Fever / High temperature | If sent home ill, a child must be off for 12 hours from when fever subsides |
| Vomiting | 48 hours since last episode, unless signed off by GP |
| Diarrhoea (defined as watery faeces discharged from the bowels frequently, not soft 'teething' related faeces) | 48 hours since last episode, unless signed off by GP (children to be sent home after 3 consecutive episodes) |
| Conjunctivitis | Until redness and discharge have gone |
| Chickenpox | Until spots have crusted over (usually 7 to 10 days from appearance of rash) |
| Gastroenteritis, food poisoning, salmonellas & dysentery | Until authorised by doctor |
| Hand foot & mouth | 5 days from symptoms starting |
| Impetigo | Until have crusted over or 48 hours after treatment |
| Infective hepatitis | 7 Days from onset of jaundice |
| Measles | 5-7 days from appearance of rash |
| Meningococcal infection | Until fully recovered from illness |
| Mumps | Until all swelling has gone, usually about 10 days |
| Pertussis (Whooping Cough) | 21 days from the onset of symptoms |
| Rubella (German measles) | 10 days from appearance of rash |
| Shingles | Until spots have crusted over (usually 7 to 10 days from appearance of rash) |
| Scarlet fever & streptococcal Infection of throat | 24 hours from start of treatment |
| Threadworm | Until treated |
| Tuberculosis | Until declared free from infection by doctor |
| Typhoid fever | Until declared free from infection by doctor |
| Pediculosis (headlice / lice) | No exclusion, but treatment to be provided asap |
| Ringworm of scalp | Until cured |
| Ringworm of body | 72 hours after treatment |
| Scabies | Until treatment is complete |
| Warts / verrucas | No exclusion, but request to treat or cover with plaster at all times to protect other children from developing them. |

Note: This procedure should be clearly displayed within the setting

[Next Review: November 2023](#)

FEES & CHARGES

Fees are payable monthly in advance, on the first day of each month, by standing order or through the use of childcare vouchers. Additional charges will be made for any fees that are paid late.

Fees are inclusive of:

- All meals and snacks
- Local outings
- Sun Screen

No reductions will be made in children's fees for periods of absence from Little Jungle due to holidays, sickness, or for other reasons.

The sum of a child's first monthly fee is required within 5 days of their offer letter being sent to secure a child's place at Little Jungle. This deposit is allocated to their first month's fee, but not refundable in the event that the child's enrolment should be terminated before the end of their first month.

Parents are also asked to provide two full calendar months' notice, in writing, to terminate their child's attendance at Little Jungle (whereby the last day will always fall on the final day of the second month). Fees will be charged in full for the full 2 months' notice period.

Sessions run as follows:

Extended day - 7.30am to 6.30pm

Full day – 8.00am to 6.00pm

Core day – 8.30am to 5.30pm

Half-day sessions are only available as extra to a child's usual attendance and run as follows:

Morning sessions: 7.30am to 1.00pm

Afternoon session: 1.00pm to 6.30pm.

A late fee will be charged for any children collected after 6.30pm (See Late Collection procedure)

Funding discounts (e.g., Three and four year old FEEE Southwark Funding):

Funding discounts will be applied to a child's fee from the start of term after the child's third birthday. If a child receives a sibling discount, the discount will be applied to the child's fee remaining, once the funding discount has been applied. For example, if a child receives a 5% sibling discount their fee will be calculated as follows: ***(Childs full fee – Funding discount) – 5% = Monthly discounted fee.***

Next Review: November 2023

FIRE EVACUATION PROCEDURES

- The evacuation signal is a continuous ringing of the fire alarm
- In the event of an emergency evacuation, children will be taken from the building by Little Jungle staff to the assembly point to await clearance for the safe return to the setting.
- Staff are fully aware of all emergency points and are familiar with locations of the various types of fire equipment and their purposes.
- If possible, on discovering a fire, staff will use the nearest emergency call point to raise the alarm whilst taking care not to endanger either themselves or the Children or any other persons they are responsible for (i.e. Visitors).

Staff will:

- Keep calm and walk swiftly, taking the children to the nearest fire exit.
- Evacuate all children from the whole building and take them to the assembly point.

Team Leaders will:

- Take the register and contact book for the children in their room to the assembly point
- Check all registers to ensure all staff/children and visitors are present.

Little Jungle staff will not:

- Stop to gather personal belongings.
- Re-enter the building unless permitted to do so by the authorised fire Warden or Fire Officer.

Note: In the event that the 1-2s room needs assistance with the younger ones, a pre-allocated pre-school staff member will be assigned to help.

Fire evacuation assembly point:
Outside church side return gates

Next Review: November 2023

FIRST AID POLICY

At Little Jungle it is our policy that if a child becomes ill while in our care, every effort will be made to contact the parents to take them home.

We have first aid kits in each room, staff room, kitchen, gardens and the office. At least one member of staff in each room has their first aid certificate although we strive to have all staff first aid trained.

A travel first aid kit is always available and regularly checked and to be used on all outings.

All first aid kits should be checked regularly, using a checklist and a first aid risk assessment.

Un-prescribed painkillers are strictly not allowed to be given to any person within the setting under any circumstances, with the exception of Calpol for children with a tendency to suffer from febrile convulsions (See Medication policy)

Cold compresses are always available in the setting and can be found in each building's Medication fridge.

Next Review: November 2023

FIRST AID PROCEDURES

In the setting

- In the event of an injury or medical emergency, the first aider is to be called to deal with the situation.
- Any child who has been injured is to be looked after by a member of staff to ensure that he is comfortable.
- Parents should be contacted as soon as possible so that the child can be collected and taken home. If the parents are not accessible, emergency contacts should be called.
- If the situation is life threatening then an ambulance should be called at the earliest opportunity without waiting for the appointed person to arrive to the setting.
- We strictly recommend that no member of staff should administer first aid without a witness (another member of staff).
- No member of staff or volunteer helper is to administer first aid unless he or she has received proper training, except in the case of minor cuts or grazes, which can be dealt with by any member of staff.

Out of the setting

- Staff members must take the Little Jungle mobile phone/s on trips out of the setting.
- Team Managers must check that the children who have asthma take their inhalers
- A travel first aid kit must be taken on all outings.

Action at an Emergency

- Action must be undertaken by a trained First Aider
- The Staff should:
 - Assess the situation: are there dangers to the First Aider or the casualty?
 - Make the area safe, look at the injury
 - If there is no response, they should open airway by placing one hand on the forehead and gently tilt the head back. Remove any obvious obstruction from the mouth and lift the chin up.
 - Check for breathing. If the casualty is breathing, assess for life threatening injuries and then place in the recovery position. If the casualty is not breathing send for an ambulance and give two rescue breaths, making 5 attempts at least.
 - Assess for signs of circulation. Look for breathing, coughing or movement. If present, continue rescue breathing and check signs for circulation every minute.

Next Review: November 2023

GREEN LIVING POLICY

Green Living Policy:

This policy works in line with our 'wastage' policy but focuses on the impact of our operations on the environment.

We strive to make Little Jungle as sustainable an organisation as possible and to achieve this, it is important that all Little Jungle Employees, Parents and Carers be made aware of their roles and responsibilities.

Employees are asked to take extra care to:

- Avoid unnecessary use of resources and energy.
- Recycle all materials/ refuse, wherever possible.
- Be creative in their use/ recycling of certain materials (which would also benefit children's creative development).
- Consider sustainable sourcing wherever possible.

Employees, Parents and Carers are asked, wherever possible, to do their best to come to the setting by foot or cycle. Little Jungle offers a safe storing area for bicycles. Failing that, Employees, Parents and Carers are asked to do their utmost to use public transport or car-pooling as an alternative means of transport to get their child to and from the setting.

If travelling to the setting by car, Parents/ Carers are asked not to leave their car at the setting or surrounding streets. This adds to the already difficult parking situation for our neighbours.

Running of a car's engine (idling) whilst parked outside of Little Jungle premises is against the law and therefore strictly forbidden.

Please note that from 01/10/2021 new Parents/ Carers will no longer be able to drive to, or park at Little Jungle. This will be a condition of admission to their child accepting a place at Little Jungle. If there are any extenuating circumstances for Parents/ Carers needing to drive to Little Jungle, then this should be discussed with the Directors or Operations Manager prior to joining Little Jungle.

Upon their official engagement/ enrolment with Little Jungle, Employees and Parents/ Carers will be given a form to sign, acknowledging their understanding of, and agreement to, this Policy. Their offer will be conditional to this acknowledgment being signed.

Next Review: November 2023

HEALTH AND SAFETY POLICY

It is the policy of Little Jungle to provide and maintain a safe and healthy environment for the protection of the children and their parents/carers, visitors and staff members. This applies to the care of the children within the building, outside play areas and whilst out on trips and visits.

It is the Director's understanding that it is the duty of every individual employee to take responsible care for the health and safety of his/ her wellbeing and other people who may be affected by his/her omissions at work.

The Director also considers that it is the duty of all employees to ensure strict adherence to all the company's safety rules and regulations, and that they are obliged to co-operate with management in maintaining good standards of health and safety.

It is the responsibility of each individual employee to take immediate remedial action if potential hazards are spotted. All staff are expected to be vigilant and to report potential safety hazards immediately to the Health and Safety Officer / Operations Manager.

All of our staff have a contribution to make in ensuring that the setting is always a safe and healthy place in which to work. They can do so by being familiar with and following laid down safety procedures.

All Health & Safety sheets must be signed first thing every morning and any hazards reported immediately. It is the responsibility of each individual member of staff to check and set out the rooms to make sure there are no potential hazards (e.g. plug covers are in place, safety mats etc.).

The equipment is to be checked on a daily basis. The outdoor play area should be checked for hazards every morning at the start of the first shift and the check sheet should be signed by a nominated person. The kitchen door is to be kept shut at all times. All hot drinks are strictly not allowed in the children's play areas, at any time, unless held in a spill proof receptacle, which needs to be pre-approved by our H&S officer prior to being used.

All staff should report any accident, however minor, to the Health and Safety Officer, who will check the accident and the area in which the accident occurred. An action plan should then be filled out regarding the area and appropriate actions taken.

All details of an accident must be recorded using 'Accident Sheets', to be stored in the office once signed off by Management and parent. Accident sheets should be regularly (at least monthly) reviewed by the Operations Manager.

In addition, the Management team will carry out a formal investigation on all reported and severe occurrences. Any hazards causing or contributing to an accident will be dealt with immediately and a record kept of the action taken.

Regular risk assessments will be made especially in the event of an accident and action taken as necessary. Risk Assessments are carried out and updated. Training needs of all staff are regularly assessed and appropriate training is provided.

All fire exits are clearly marked and free from obstruction at all times. Monthly fire drills, fire alarm and fire risk assessments are carried out.

Little Jungle operates a no smoking and no mobile phone policy.

When a visitor enters the setting, they will be asked to sign the visitor's book and will be asked not to use their mobile phones whilst on the premises.

For security, we have an intercom system, where visitors have to buzz to enter the garden and premises and to leave the building. Attending parents are given a code to enter, which they are asked to only share with persons they have themselves permitted (in writing) to regularly pick up their child. This is changed at least once a year, and as and when it is deemed necessary by Management.

Staff should only let people in whom they recognise.

Children will not be left unattended at any time and will always be supervised by a member of staff.

Windows are locked and will unlock with a key. Staff will always make sure the children are unable to climb out.

Children will only be allowed out of the building at home time when staff know the person who is picking them up. In emergencies or unforeseen circumstances, parents must leave a password and let us know a description of the person picking up their child. Identification will be required.

All staff members are fully aware of the location of the setting's fuse box and the main water supply, as briefed during their induction of Little Jungle's operations. They also know how to disconnect the electricity safely in the event of any accident involving electricity.

Clinical waste bags are always available with all first aid kits, and all staff members must ensure that all clinical waste is disposed of safely and according to the health and safety regulations.

Next Review: November 2023

HEALTH CARE PLANS

Where the child has a medical condition (e.g. eczema, asthma, diabetes, epilepsy or allergies) a 'health care plan' must be put in place with the parent, Operations Manager and relevant health care professional. The plan must get reviewed and updated every 6 months by contacting the parents and asking them if there are any changes to be made to their child's health care plan. The parents must also complete the Medication Form so that the staff can administer medication or treatment. Advice from the relevant health care professional will be sought to determine whether the administration of the medication requires training.

Health care plans must be developed prior to the child starting at the setting. If the condition develops when the child already attends the setting then a health care plan must be prepared immediately with the input from the parents and appropriate health care professionals.

In some cases, it may be necessary for childcare to stop until the 'health care plan' and appropriate training has been put into place. This will be determined by the Operations Manager after consultation with relevant health care professionals. This is to ensure that the setting remains a safe place for the child and to ensure that staff can meet the needs of the child appropriately and provide the level of support they need.

Where a child no longer needs a health care plan, parents will be asked to confirm this in writing, either by email or by letter and sign the updated form.

The setting will make every endeavour to follow the parents/carers instructions, but reserve the right to refuse a request to administer non-prescribed medicines whilst a child is in our care. Written records must be held by Little Jungle.

All medication forms will be completed by the member of staff administering or applying the medication. Members of staff administering medication are required to ensure that parents complete the medication form with the date, time, dosage and their signature when medication has been given. All medication forms must be signed only by the parent who has parental responsibility.

A second member of staff is required to witness the administration of any medication to any child and is required to countersign once medication has been given. The parents/carers will be asked to sign the form in acknowledgement that the medication has been given to the child as required.

It is the parents' responsibility to ensure that the setting carries sufficient stock of their child's medication to allow for the safety and wellbeing of their child whilst at the setting. Little Jungle reserves the right to refuse entry to a child if it is felt that the stock is not sufficient enough to guarantee the child's safety whilst in our care.

Next Review: November 2023

HOURS OF OPERATION

Little Jungle is open from 7:30 am to 6:30 pm, Monday to Friday throughout the year, except for public holidays, two weeks at Christmas, and the 1 week in August – usually the 1st week (for maintenance and training).

Part time sessions are available as extra sessions only. They run from 7:30 am to 13:00 pm (morning session) and 1:00pm to 6:30 pm (afternoon session).

The children cannot be accepted before 7.30am for insurance and security purposes.

Parents are asked to ensure they arrive no later than 10 minutes before the end of their booked session to enable them to acquire feedback on their child's day, without incurring a Late Collection Fee.

Next Review: November 2023

HYGIENE FOR FOOD HANDLERS PROCEDURE

This policy applies to anyone handling food or working in food handling areas.

Hands must be washed immediately before commencing work, upon re-entering the kitchen and after using the toilet.

Any cut or burn on the hand or arm must be covered with an approved visible dressing (usually blue)

Head or beard coverings and overalls/uniforms, where provided, must be worn at all times.

No jewellery should be worn, other than plain band wedding rings.

You should not wear excessive amounts of make-up or perfume and nail varnish should not be worn. Nails should be kept clean and short (no longer than tip of fingers, when looking at palms).

If you are suffering from an infectious or contagious disease or illness, or have a bowel disorder, boils, skin or mouth infection, you must not report for work without clearance from your own doctor.

Contact with any person suffering from an infectious or contagious disease must be reported and you must have clearance from your own doctor before commencing work. You must also report to the Operations Manager before commencing work.

Staff serving children's meals and snacks, or doing any food related activities, must wash and sanitise their hands (using the in-room sanitisers provided) before handling food and dishes.

Next Review: November 2023

INFECTIONS AND ILLNESSES POLICY

One of the ways we strive to ensure the safety and healthy environment of our children is to protect them as best as possible from infectious illnesses. For this reason, we ask parents not to send their children to the setting if they are unwell or if an infectious illness is suspected. Little Jungle reserves the right to refuse admittance to any child showing signs of illness.

Staff will raise with parents/carers any symptoms of illness, which are identified at the time of the children's arrival at the setting. Parents are asked to notify Staff of any medication administered before arrival at the setting.

If parents/ carers are aware of the children having symptoms of illness but uncertain whether they are well enough to attend the setting, they should discuss the matter with the Operations Manager. If there is any question about the child's health, we will not admit the child to Little Jungle without a doctor's medical note.

The setting should be informed of any contagious or infectious illness contracted by the children and will inform parents/ carers of any infectious illness, which has been present in the setting. If a child has been exposed to an infectious illness, parents are asked to discuss the incubation period with their Team Manager so that the dates during which the child should stay at home can be determined.

Staff will inform parents/carers of any minor symptoms of illness observed in their child when the child is collected. They will also contact parents/carers immediately in case of any vomiting, fever or prolonged diarrhoea and may request parents/ carers to collect their child if they have a fever exceeding 38°C, severe diarrhoea or vomiting or are showing signs of distress or discomfort.

If a child has been absent through illness, he/she should stay at home until they are able to participate in a normal day at Little Jungle, including outdoor play.

For a complete list of the illnesses that require exclusion from the setting, please refer to the 'Exclusion procedures for communicable illnesses' section of this document.

There may be incidents when we must ask for a child to be excluded from the setting both for the child's wellbeing and to safeguard our staff and other children from infection.

Cuts or open sores, whether on adults or children, will be covered with a plaster or other dressing.

Please note that if a child is considered well enough to attend Little Jungle, they will be considered well enough to take part in all experiences on offer, including going on outings and out in the garden.

Next Review: November 2023

INSURANCE REQUIREMENTS FOR CHILDREN WITH ALLERGIES AND DISABILITIES

The insurance will automatically include children with any disability or allergy but certain procedures must be strictly adhered to as set out below.

For children suffering life threatening conditions, or requiring invasive treatments, a written confirmation from our insurance provider must be obtained to extend the insurance.

At all times the administration of medication must be compliant with the Welfare Requirements of the Early Years Foundation Stage and follow procedures based on advice given in Managing Medicines in the Early Years.

Asthma inhalers are now regarded as "oral medication" by insurers and so documents do not need to be forwarded to the insurance provider.

- Oral medications must be prescribed by a GP or have manufacturer's instructions clearly written on them.
- The setting must be provided with clear written instructions on how to administer such medication.
- All risk assessment procedures need to be adhered to for the correct storage and administration of the medication.
- The setting must have the parents or guardians prior written consent. This consent must be kept on file. It is not necessary to forward copy documents to the insurance provider.

Life-saving medication & invasive treatments

Adrenaline injections (Epi pens) for anaphylactic shock reactions (caused by allergies to nuts, eggs etc) or invasive treatments such as rectal administration of Diazepam (for epilepsy).

The setting must have:

- A letter from the child's GP/consultant stating the child's condition and what medication if any is to be administered;
- Written consent from the parent or guardian allowing staff to administer medication.
- Key person to have the relevant medical training/experience, which may include those who have received appropriate instructions from parents or guardians, or who have qualifications.
- If children appear unwell during the day — have a fever, sickness, diarrhoea or pains, particularly in the head or stomach — the Key Person/Team Manager should call the Parents and ask them to collect their child, or send a known carer to collect them on their behalf.
- If a child has a fever, they are kept cool, by removing top clothing, sponging their heads with cool water, but kept away from draughts.
- Parents are asked to take their child to the doctor before returning them to Little Jungle; the setting will refuse admittance to children who have a fever, sickness and diarrhoea or a contagious infection or disease.
- Where children have been prescribed antibiotics, parents are asked to keep them at home for 48 hours before returning to the setting.
- After diarrhoea, parents are asked to keep children home for 48 hours or until a formed stool is passed.
- The setting has a list of excludable diseases and current exclusion times.

Reporting of 'notifiable diseases'

When the setting becomes aware, or is formally informed of the notifiable disease, the Operations Manager informs **RIDDOR** and acts on any advice given by the Health Protection Agency.

Next Review: November 2023

INTERNAL TRANSITION PROCEDURE

Each section caters for the following range of age groups:

Tigers – 10 months to 30 months

Chimps – 24 months to 42 months

Crocs – 36 months to 60 months

For each of these sections, we tend to begin moving children as follows:

From Tigers to Chimps – from 24 months

From Chimps to Crocs – from 36 months

From Crocs to school – from 48 months

However, this is not always the case, as children do not develop in the same way, and we must look at their individual stage of development to ensure they are able to cope with the next environment. As well as this, we also look at other aspects of their development, where appropriate for their age such as, their ability to make relationships, to manage their own feelings and/ or able to express themselves, and in the case of moving to Crocs, their ability to use the toilet. We also consider the ratios in the next room, and the adult team's capacity to meet children's needs in the new room.

As we identify which children are developing towards a readiness to move, we look at the capacity within each room/ section and match up the children's current attendance booking with openings in the transitioning room. Once a match has been made, the transition plan is discussed and confirmed with the child's parents, key persons are allocated and the transition plan is implemented.

We do our best to move children with some of their peers, but this is not always possible. We also do not move children before they are ready, even if their peers have done so, as a premature move can negatively and unnecessarily affect a child's confidence.

(In the case of summer-born children, parents may decide that their child is not developmentally ready to start school in the next September. If that is the case, we remind parents that they do not need to make a decision until September and should continue with the application process to give their child all the time they need to develop at their own pace. If, come September, it is felt their child is still not ready, parents will have the opportunity to apply for a deferment to the following year and we will happily continue to challenge their child accordingly).

As an introduction to moving rooms within Little Jungle, we operate the following programme for a child's transition from one room to another:

- Parents will be informed and have agreed on transitioning their child into the new room.
- The Transitions Officer will give a full explanation of the transition procedures to the parent/s.
- Parent/s will be invited to a Transition workshop a month before they are due to transition to the new group, so as to give them the opportunity to discuss the transition process and ask any questions they may have.
- The existing Key Person will complete an internal transition form with the information of the child, and parents will fill out a new 'All about me' form which will detail the child's interests and the most important people and elements in their life at that stage of their life.
- A Welcome Pack has been prepared for parents and their child (if age appropriate) to read/ look through in the week prior to their transition, to get a sense of the routine, people, space and provision in their new room. The document will be sent out at least 2 weeks before the child's transition and we encourage families to take time to look through it more than once to

familiarise themselves and their child with their new room, which will support the child's emotional preparation.

- Parents will also be invited to attend an online session, where their Team Manager will take them through the key points of our routine and day to day processes, to familiarise parents with our approach for that classroom and reassure them by answering any questions. This is also a great way to begin building relationships between home and school, as well as amongst parents.
- Parents will be encouraged to visit the new room with their child during an arranged Parents Transition evening, ideally the week before the child moves, when they will also have the opportunity to meet other parents and transitioning children. The date of this evening will be communicated to parents in advance. During their visit, or once the child has transitioned, the new Key Person should show the parent/s around and give them explanation about how the room operates i.e. transitioning procedures, daily routine, meals, sleep time, toilet training procedures...etc.
- Parents of transitioning children will receive a daily snapshot observation to let them see how their child is getting on.

The procedure is as follows:

1. The settling in process for transitioning children takes place over 2 weeks.
2. During these two weeks, parents and Educators should take as many opportunities to prepare the child, by:
 - a. Talking to them about their upcoming transition.
 - b. Watching the Transition Film at home as often as deemed necessary.
 - c. Reading storybooks about transitions at school, as well as at home (we have a list we recommend)
3. Week 1 - Before beginning the transition, the old Key Person should fill out a transition form to pass on key information to the new Key Person. This information sheet should form the basis for a 'handover' conversation with the new Key person, who should then contact the parents of the child, to introduce themselves and exchange information about the child, family and the new room. The new Key Person should also visit the child in their current room to allow both parties to familiarise themselves with each other. This visit will be arranged as a short morning session, during which time the new Key Person should capture snapshot observations on the group of children they are taking over responsibility for. This will also serve as a means of introducing themselves to the child/ren's parents.
4. Week 2 - The child will begin his day in his new room, with his parents dropping him off for his usual routine at Little Jungle, spending the full day there.
5. Educators should strive to write snapshot observations about the child's time in the new room over the course of the first 3 weeks, to document the transition and inform their parents of their progress.
6. In the event that a child is struggling to settle, Little Jungle may suggest organising a Home visit to encourage the child's trust and confidence in his new Key Person.
7. All the transition steps and progress should be reported to the parent/s on a daily basis and to be recorded in the child's learning journey.

At Little Jungle we treat all our children individually. Therefore, transitioning procedures may vary slightly for each child.

Next Review: November 2023

JEWELLERY POLICY

Jewellery should only be worn if they do not pose a Health and Safety risk. Hooped or dangling earrings, bracelet and necklaces can get caught in equipment and cause injury and harm the child. Consideration towards this point should be made when deciding to wear jewellery.

Management reserves the right to request that jewellery be removed if deemed dangerous for any individual.

Next Review: November 2023

KEY PERSON POLICY

We operate a Key Person system. Each child is allocated to a member of staff (the name of whom is communicated to parents at their Home Visit), who is responsible for ensuring that the child's individual learning and care needs are met.

The Key Person's role is to form a bond with the child (both during the initial settling in process and throughout their engagement as Key Person), using the information given by parents upon registration, as well as by engaging with them day to day.

They are responsible for keeping records and observations on the child's development and using these records to move that child's learning forward (part of that process includes a baseline assessment at the end of the first 6 weeks' attendance, as well as a two-year progress check when the child is between 24 to 36 months, and a Leaver's Report upon the child's departure from Little Jungle). Key Persons should encourage and support parents and/or carers in guiding their child's development at home. They should also help families engage with more specialist support if appropriate.

The Key Person does not have sole charge of the child throughout the day and they will not necessarily be the person giving feedback at the end of each day.

Next Review: November 2023

LATE COLLECTION OF CHILDREN POLICY & PROCEDURE

Little Jungle operates promptly each day between the hours of 7:30 am and 6:30 pm. If a child is not collected on time, our legal liability relating to the staff/child ratio will be infringed as two members of staff must remain at the setting until the last child has been collected.

Where children are collected after 6:30 pm or after their booked session end time (5.30 pm for Core and Early Session and 6.30 pm for Late or Extended Session) without prior arrangement, an initial fee of £20 will be charged, and £20 for each hour thereafter, regardless of how many minutes late they are in that hour. Parents will be contacted by the office to make the payment, which will be given directly to staff staying behind to support ratios.

We do remind parents to arrive 10 minutes before the end of their booked session to acquire feedback on their child's day.

Next Review: November 2023

LOOKED-AFTER CHILDREN POLICY

At Little Jungle, we are committed to providing a welcoming and inclusive quality environment for all children and families.

The description 'looked-after' is generally used to describe a child who is looked after by the local authority. This includes children who are subject to a care order or temporarily classed as looked after on a planned basis for short breaks or respite care. Most looked after children will be cared for by foster carers with a small minority in children's homes, looked after by family members or even placed back within the family home.

The term 'looked after child' denotes a child's current legal status. The setting never uses this term to categorise a child as standing out from others or refers to a child using acronyms such as LAC.

The legal framework for this policy is underpinned by or supported through:

- Childcare Act 2006
- Children Act (1989 and 2004)
- Adoption and Children Act (2002)
- Children and Young Persons Act (2008)
- Children and Families Act (2014)
- Children and Social Work Act (2017).

Our policy

Little Jungle treats each child as an individual. We recognise that for young children to get the most out of educational opportunities they need to be settled appropriately with their carer. We will discuss with the child's carer, and social worker where applicable, the length of time the child has been with the carer before they start at Little Jungle to establish how secure the child feels and whether they are ready to be able to cope with further separation, a new environment and new expectations made upon them.

We are aware that there are a number of reasons why a child may go into care and these reasons may or may not include traumatic experiences or abuse. All our practitioners are committed to doing all they can to support all children to achieve their full potential. The Little Jungle staff team are all trained to understand our safeguarding policy and procedures. Additional training to support children's individual needs will be planned for where appropriate. Educators are supported by management at all times and we have an open-door policy if they need to discuss any sensitive issues regarding the child.

Where applicable, we contribute to any assessment about the child, such as those carried out under local authorities' assessment frameworks or Early Help Assessment (EHA) and to any multi-agency meetings, case conferences or strategy meetings in relation to the child's learning and development. The designated person for looked after children and/or the child's key person will attend meetings as appropriate.

The designated persons for 'looked after children' are the Special Rights Coordinators (See room structure).

Each child is allocated a key person. The key person will support the child initially with transition and settling in and then continue to support and build up a relationship with the child, carers and any

other agencies involved. Regular contact will be maintained with the carers throughout the child's time at the setting and with the social worker or other professionals (where applicable).

The key person will carry out regular ongoing practice such as observations to build up a picture of the child's interests, and plan activities accordingly to support the child's stage of learning and development and interests. This information will be shared with carers and other professionals as appropriate as well as any concerns surrounding their developmental stages.

Where necessary we will develop a care plan with carers and professionals. This will include:

- The child's emotional needs and how they are to be met
- How any emotional issues and problems that affect behaviour are to be managed
- The child's sense of self, culture, language/s and identity - how this is to be supported
- The child's need for sociability and friendship
- The child's interests and abilities and possible learning journey pathway
- How any special needs will be supported.

In addition, the care plan may also consider:

- How information will be shared with the foster carer and local authority (as the 'corporate parent') as well as what information is shared with any other organisation or professionals and how it will be recorded and stored
- What contact the child has with his/her birth parent(s) and what arrangements will be in place for supervised contact. If this is to be in the setting, when, where and what form the contact will take will be discussed and agreed
- Who may collect the child from Little Jungle and who may receive information about the child
- What written reporting is required
- Wherever possible, and where the plan is for the child to return to their home, the birth parent(s) should be involved in planning
- With the social worker's agreement, and as part of the plan, whether the birth parent(s) should be involved in the setting's activities that include parents, such as outings, fun days etc. alongside the foster carer.

Where applicable, we will complete a Personal Education Plan (PEP) for any children aged three to five in partnership with the social worker and/or care manager and carers. We will also attend all appropriate meetings and contribute to reviews.

The key person and Special Rights Coordinator for the child's room will work together to ensure any onward transition to school or another Early Years setting is handled sensitively to ensure that this is as smooth as possible and all necessary information is shared. The child's individual file, including observations, photographs and pieces of art work and mark making will be passed on to the carer at this stage.

Private Fostering

Private fostering is an arrangement made between the parent and the private foster carer, who then becomes responsible for caring for the child in such a way as to safeguard and promote their welfare.

A privately fostered child is a child under the age of 16 (18 if a disabled child) who is cared for and provided with accommodation etc. for more than 28 days and where the care is intended to continue by someone other than:

- The parents
- A person who is not a parent but has parental responsibility
- A close relative
- The Local Authority.

It is a statutory duty for us to inform the local authority where we are made aware of a child who may be subject to private fostering arrangements. We will do this by contacting the local authority children's social care team.

Next Review: November 2023

LATE COLLECTION PROCEDURE

If a child has not been collected after 6.30 pm and no contact has been made by the Parents/ Carers, the following procedures must be followed:

- At all times two members of staff must stay with the late child, one of them must stay with him.
- At 6:40 pm call the child's parents.
- If no-one answers, leave a message
- Call all numbers in the child's registration forms
- If no-one answers, leave messages.
- Stay calm and do not speak of the situation in front of the child.
- At 6:50 pm contact all the numbers again and leave messages, if required.
- Contact the Team Manager/Director on their contact number displayed in the main rooms and office to inform them of the situation.
- Keep trying the parents and the emergency contact numbers.

If no contact has been made after a period of one hour, the following steps must be followed:

1. A Director must be informed of the situation (Caroline: **07866 441 808**; Tarek: **07971 738 533**)
 2. The Team Manager must contact the emergency duty social worker on **020 7525 5000** and follow their instructions.
- Staff should ensure that a late collection form has been filled out accurately and signed by parents upon arrival.
 - The form will be passed on to the office, who will notify parents of the late fee due to be paid.
 - Parents will then have 1 week to pay the late collection fee to the office.
 - Upon payment, a receipt (or email confirmation) should be given to parents (the receipt book is kept in the collection folder)
 - The fee will be distributed to the 2 staff members who were responsible for staying back with the child.

LOCKDOWN/ UN-INVITED INTRUDER PROCEDURE

This procedure relates to how we will react and what our procedure is, at Little Jungle, in unlikely event that an intruder (i.e. uninvited person) gains access to the setting during Little Jungle operating hours (07:30 to 18:30, Monday to Friday). This procedure impacts the children in attendance on the day, Little Jungle staff, parents and invited or authorised visitors to the setting.

The risk that an intruder gains access to the setting during the operating hours could manifest itself in the following ways:

1. Theft from the setting
2. Arson to the setting property / resources
3. Damage to the setting property / resources
4. Child abduction
5. Child protection issues
6. Assault

Little Jungle control measures that are in place to mitigate the risk of the above are:

| # | Control |
|----|--|
| 1 | Children supervised at all times. |
| 2 | CCTV in operation (inside and garden areas covered). |
| 3 | Safeguarding policies updated. |
| 4 | Culture in which strangers are challenged (Staff). |
| 5 | Culture in which strangers are challenged (Parents). |
| 6 | All visitors report to the Office, sign-in to the visitor's book, wear visible visitor badges and are escorted when on-site. |
| 7 | Restricted door access to building with coded entry.. |
| 8 | Main door intercom (voice and video) used by staff prior to allowing access. |
| 9 | Main door is sufficiently strong to withstand reasonable forced entry. |
| 10 | Perimeter wall is above 1.8m. |
| 11 | Indoor door locks installed to main internal access doors. |
| 12 | Violent / armed intruder reaction plan documented and shared with all staff. |

Procedure to follow in case of un-invited intruder:

The procedure to follow in case an un-invited intruder breaches the setting front door / gate is as follows:

47a Amott Road Site:

1. The office staff will blow their whistle or emergency horn to alert the rest of the team.
2. The kitchen staff will attend to help immediately.
3. The Chimps and Crocs will lock the front and back exits to their room and move all children into their respective Ateliers and lock the door.
4. Both teams will take the room phone and register with them.
5. Chimps (206) will call Crocs (207) to ensure that they have received the message.
6. Whoever is able should immediately dial 999.
7. Keep all staff and children low, keep noise to a minimum and block doors with furniture.
8. Wait for emergency services to arrive and provide next steps.

60a Amott Road Site:

1. The Team Manager or Second in charge will blow their whistle or emergency horn to alert the rest of the team.
2. The first available person should immediately inform the office (201) or kitchen (208) and dial 999.
3. The kitchen / management staff from 47a will attend to help immediately and also call 999.
4. The Tigers staff will get all children into the building, and lock all entrances and exits and move all children into the main room (ideally upstairs).
5. The room phone and register should be taken with the team.
6. Keep all staff and children low, keep noise to a minimum and block doors with furniture.
7. Wait for emergency services to arrive and provide next steps.

Next Review: November 2023

LOST CHILD POLICY

It does not happen very occasionally that a child may become separated from the group on an outing or become lost. With careful planning and co-operative working amongst staff, children should not be out of sight of an adult during an outing.

There are a limited number of situations where a child could be lost and these are:

- Where a child wanders off on a Little Jungle outing.
- Where a child escapes from the setting's door.
- Where an unapproved adult takes a child from the setting.

Next Review: November 2023

LOST CHILD PROCEDURE

- Alert the Office Team or Director who will make enquiries from relevant member of staff as to when the child was last seen and where.
- Remember the safety of the other children, with regard to supervision and security.
- Ensuring that the remaining children are sufficiently supervised and secure, one or preferably two members of staff should search the building, garden and immediate vicinity.
- If the child cannot be found within 10 minutes then the parents must be informed.
- Continue to search, opening up the area, keeping in touch with mobile phone if available.
- If the child is not found the children must go back to the setting.
- Two staff members to stay close to where the child has gone missing
- The Operations Manager/ Director to inform the police and provide the child's picture.
- The child's parents to be informed of the situation.

When the situation has been resolved the Health and Safety Officer and the outing leader should review the reasons for the loss of the child and establish measures to ensure that it does not happen again.

Next Review: November 2023

MEALS AND SNACKS MANAGEMENT POLICY

At Little Jungle we ensure that meal times are a happy and enjoyable social occasion for staff and children alike. We also ensure that the children appreciate the benefits of food, healthy eating as well as the learning experience.

We use meal times as an opportunity for all children to gain self-help skills by encouraging them to take turns to serve themselves, to negotiate portion size, to ask for more and to share with others. This also ensures there is minimal waste and children manage what they eat.

Adults and children all sit together at meal times, where appropriate cutlery is used and adults lead by good role modelling using these implements when eating.

Children are encouraged to take part in meal preparation, such as setting the table and cleaning away. This is followed through in their cooking activities, where good practice of healthy eating is made as well as attention to hygiene. The importance of this is shown through washing their hands, before and after, sanitising tables and washing up equipment.

Little Jungle offers a choice of hot lunches, freshly prepared on site by the Chef, which includes a main dish, followed by a refined sugar-free dessert.

There is a variety of foods on offer that is healthy, to ensure children get a balanced diet. We monitor children's individual dietary requirements and where possible, adaptations are made for special dietary requirements due to health, religion and/or parents/ carers lifestyle choices (such as vegetarian or veganism).

Where special ingredients are requested by parents, the cost or procurement of these will be the responsibility of the parents.

All children receive breakfast (if arriving by 8:45), mid-morning snack, hot lunch, mid-afternoon snack and tea.

Fresh water is available for the children all day, as is milk, to accompany afternoon snacks. All meals are in accordance with Ofsted requirements, the School Foods Trust and the Eat Better, Start Better nutritional guidance for 1 to 5 year olds (Jan 2012).

We ensure that our menus introduce children to a wide variety of food, tastes and experiences and as they grow, they will hopefully continue to enjoy healthy eating habits. Our staff and students too will strive to expand on their own personal experiences of food thus promoting a positive experience of taste to children

Next Review: November 2023

MEALS AND SNACKS MANAGEMENT PROCEDURES

- Individual dietary requirement will be met and respected at all times.
- Nuts and products containing nuts as main ingredients are **not allowed** on Little Jungle premises (See also packed lunch Policy & Procedures) at any time (Note that some products come from factories where nuts may be present. These cannot be omitted from the setting, but every effort should be made to check all ingredients in pre-prepared and packaged food to ensure dangerous allergens are identified).
- Culture differences in eating habits will be respected at all times.
- Staff will set a good example by sitting with the children during meal times and demonstrating good table manners
- Children should be encouraged to help set the table (depending on age ability).
- Children should be encouraged to use their cutlery appropriately (forks and knives, depending on age ability).
- Children should be encouraged to try everything, eat what they are served.
- Any child showing signs of distress will have their food removed without fuss.
- Menus will be displayed for parents and carers to see. In line with the Food Information Regulation (Dec 14), our menus include a list of key allergens sometimes used in recipes, to help us identify any allergies, if required.
- Menus will be adapted as and when required, based on allergenic requirements, feedback from the children (and their parents) or to offer new culinary experiences to the children.
- Meal times will not be rushed but should be an opportunity for social skills to be practiced.
- Where special ingredients are requested by parents, the cost or procurement of these will be the responsibility of the parents.

Next Review: November 2023

MEALS FOR STAFF POLICY

At Little Jungle we provide all staff breakfast, lunch and tea, free of charge. Staff that are not on shift are not eligible to receive this. Children should however at all times be prioritised, and all staff must ensure there is enough food for the children before serving themselves.

The dietary requirements of staff will not be catered to, however, all allergens will always be highlighted, to ensure the safety of all persons wishing to eat at Little Jungle.

Next Review: November 2023

MEALS FOR STAFF PROCEDURE

Below some specific rules relating to this policy:

Portion size:

- Little Jungle will offer all staff 1 reasonable portion of breakfast and lunch.

Self-service:

- Staff should help themselves to food only once all children have received their first serving.
- Children should be settled into their lunch before the staff start to help themselves to their portion of lunch i.e. supporting the children always take priority.
- Breakfast and Lunch are not to be “reserved” for staff to consume at a later point.
- All other food that staff bring onto the setting premises should be consumed within the staff room or outside of Little Jungle premises.
- No nuts or nut-based products should be brought into nursery

Next Review: November 2023

MEDICATION POLICY

Medicine (both prescription and non-prescription) must **only** be administered to a child where written permission for that particular medicine and the medicine itself have been obtained from the child's parent and/or carer beforehand (Little Jungle does not hold bottles of Calpol for general use).

Next Review: November 2023

MEDICATION PROCEDURES

Little Jungle is unable to take any requests to give the children any kind of medicine over the phone, unless parents are able to provide a complete and signed Medication Form with all the relevant details and the administration of medicines, and the medication has been provided in advance, labelled, as per our procedures laid out below. Medication should also always be given by one member of staff, whilst witnessed by another member of staff.

The procedures for pre-administering medication are as follows:

- Parents fill out and sign a Medication Form and hand over medicine
- Medicine must be labelled with its prescription or by parents with the following details:
 - Date given to the setting
 - The child's name
 - The exact dosage required
 - Time or times per day it is to be given
- The label on the medication container should be cross-checked against the details on the medication form by the two staff members before administering the medication.
- Team Manager must sign the form to acknowledge receipt

The procedures for administering medication are as follows:

- Two members of staff must attend the administration of medication at any time, one to administer the medication, the other to witness the administration and dosage reflect the instructions given on the form.
- Each administration of medication must be recorded on the medication form.
- If one than one medication is to be administered, separate forms should be used for each medication type to avoid confusion.
- Both members of staff must sign the form
- Medication forms must be filled daily, even if it is for the same medication.
- Once complete and fully used, the form should be kept in the child's file.

Note 1: Where a child is known to suffer from febrile convulsions, a health care form must be put in place to allow for the use of Calpol to be administered by a member of staff, and thus manage the child's fever, whilst waiting for them to be picked up. In this case, even if the child's fever subsides, the setting's Exclusion Policy still applies and the child should be excluded from Little Jungle for a minimum of 12 hours.

Note 2: All products used to manage teething pains (such as Bonjela) are considered as medication and require a medication form to be administered, with times and dosage clearly stated.

Note 3: This policy must be read in conjunction with the following documents:

- Illnesses and Infections policy
- Exclusion policy
- Health Care plan policy

Next Review: November 2023

MEDICATION STORAGE POLICY

Medicines should be labelled and kept in the Medication Fridge respective to each unit.

It is the senior staff's responsibility to ensure that all medicines are stored in the correct manner and are not accessible to children.

Disposal

Medicines that are no longer required should be returned to the parents/carer for disposal at the earliest opportunity.

Team Manager and Staff Responsibility

The Team Manager/ Deputy shall insure that a named person is responsible for medicines in each group. The day-to-day process of giving medicine may be delegated to competent, trained staff.

Parents/ Carers Responsibility

The parents must fill out a medication form to clear the storage and administration of Medicines. All medicines must be provided in their original packaging, fully labelled with the following:

Child's name, name of the medicine, full directions for use and date of dispensing.

All medications must carry instructions written in English. Any medication with instructions in a language other than English will not be accepted, for health and safety reasons.

Next Review: November 2023

MODERN SLAVERY AND HUMAN TRAFFICKING POLICY

Legislation

The Modern Slavery Act, received Royal Assent on 26 March 2015. The act consolidates slavery and trafficking offenses and introduces tougher penalties and sentencing rules.

Background

Child trafficking and modern slavery is becoming a more frequent form of child abuse. Children are recruited, moved, transported and then exploited, forced to work or are sold on.

Modern slavery is a term that covers:

- Slavery
- Servitude and forced or compulsory labour
- Human trafficking.

Victims of modern slavery are also likely to be subjected to other types of abuse such as physical, sexual and emotional abuse. This policy should be used alongside the following policies to ensure all children, staff, parents and visitors are fully safeguarded:

- Safeguarding and child protection
- Whistleblowing
- Equality and inclusion

For an adult or child to have been a victim of human trafficking there must have been:

- *Action* (e.g. recruitment, transportation, transfer, harbouring or receipt of a child for the purpose of exploitation)
- *Means* (threat or use of force, coercion, abduction, abuse of power or vulnerability) There does not need to be “means” for children as they are not able to give informed consent
- *Purpose* (e.g. sexual exploitation, forced labour or domestic servitude, slavery, financial exploitation, illegal adoption, removal of organs).

Procedure:

When a concern is raised about slavery or trafficking then we will follow our safeguarding procedure. If the child (or adult) is at risk of immediate harm then the police will be called, otherwise the local authority will be contacted and the referral process will be followed as per the safeguarding procedure.

Next Review: November 2023

MONITORING, REVIEWING, EVALUATING AND DEVELOPING POLICY

At Little Jungle we are committed to, not only maintaining a high quality of caring and learning, but to working to improve on our previous best. To facilitate this, it is necessary to monitor, review and evaluate both the quality of the curriculum and the standards of care to promote development.

Monitoring and reviewing ensures the systematic collection and presentation of information, including quantitative data. Evaluating ensures the systematic study of that information and the quality of provision to provide a qualitative judgement that will facilitate and promote development.

Aims of this policy

- To maintain and improve on our previous best standards of caring and learning.
- To enhance and improve the quality of learning and in doing this enable each child to fulfil their potential
- To ensure that value is added to each child's learning through our teaching.
- To ensure that the children receive a broad, balanced and rich curriculum as set down in the standards for the Early Years Foundation Stage.
- To ensure that the curriculum is not only differentiated to meet the needs of all children, but that it provides equality of access.
- To ensure that there is consistency and progress within the different curriculum areas.
- To enhance the professional development of the staff in such a way as to impact on management and add to the quality of caring and learning.
- To ensure processes are in place for monitoring, reviewing, evaluating and developing provision.
- Planning, observation, assessment and record keeping policy.
- Weekly planning/evaluation meeting involving learning and caring.
- Formal / informal contact and discussions between staff including regular staff meetings.
- Regular staff meetings where the individual needs of the children are discussed and planned for and evaluated.
- Children's records in the form of The Early Years Foundation Stage Profile.
- Individual educational plans.
- Staff monitoring and performance review meetings.
- Staff development and training needs linked to Little Jungle improvement plan.
- Regular observations of individual children, using the EYFS format. These observations are shared with and discussed by all practitioners.
- An end-of-year questionnaire to be given to staff and parents.
- Developmental assessments are done each term, and opportunity given to parents to discuss these at coinciding times of the year.
- All Little Jungle policies and procedures are reviewed once a year or as and when necessary and are shared with and made accessible to all staff and parents, as well as the Southwark Early Years advisory team who give us guidance on best practice.
- Children's Learning Journeys are monitored regularly.
- Complaints are reviewed and analysed on a regular basis.

Senior management specific responsibilities:

The management team work together to monitor the planning and the delivery of the EYFS to update the Little Jungle improvement plan. Specific roles and responsibilities include:

- Monitoring weekly planning.
 - Monitoring the children's Learning Journeys regularly.
 - Monitoring the weekly rotas to ensure best allocation of time, staff and resources.
 - Monitoring the progress of students and trainees.
 - Monitoring the work in Basic Skills regularly.
 - Monitoring caring and learning.
 - Monitoring performance review targets for staff.
- The Director will monitor and evaluate questionnaires from parents and staff

Educators Responsibilities:

Specific roles and responsibilities of the educators include:

- Monitoring the children's Learning Journeys.
- Monitoring all areas of the EYFS.
- Evaluating planned activities regularly.
- All staff have individual job descriptions that have clear links into this policy.

Next Review: November 2023

MOVING CHILDREN AROUND PROCEDURE

When moving children around from one place to another, it is crucial to put their safety first. As young children can often get excited and run ahead of adults, it is best to always follow the same procedures whilst taking them from one place in the building to another.

Therefore, before leaving a specific space/ room, children should always:

- Have one adult at the front of the group and one at the back, to ensure all children stay together
- Be asked to line up in twos, holding hands
- Be counted
- Walk, not run

When going up and down the stairs, children should always:

- Have one adult at the front of the group and one at the back, to ensure all children stay together
- Line up in single file
- Hold the hand rail for extra support
- Look forwards as they walk

When arriving into the garden, children's names should be noted in the garden register (one per room).

When arriving in a room/ re-joining a wider group, children should be counted to ensure no one has been left behind.

Next Review: November 2023

NAPPY CHANGING POLICY

Parents are asked to supply nappies, wet wipes and any other creams their children will need. Children wearing nappies will be checked/ changed (where appropriate) mid-way through each session to keep them comfortable and avoid nappy rash.

They will also be changed as necessary if they are soiled or considered to be wet. It is vital that nappy changing is carried out both safely and hygienically to prevent the risk of possible infection and keep them comfortable, and avoid nappy rash.

Clothes may be changed during the nappy changing process to ensure the child is comfortable.

Note: Children in the preschool room (Crocs) should be able to use the toilet independently, as we do not have nappy changing facilities in that room.

Next Review: November 2023

NAPPY CHANGING PROCEDURES

At Little Jungle we treat all children as individuals and their nappies will be changed as and when they need to be. If children need to be changed, they will be approached from the front and invited to be changed. Staff will wait for the child to acknowledge them before changing a child.

Procedures for changing nappies are as follows:

- All Nappy changing will be done in the nappy changing area
- The nappy changing area should be clean and set up with required nappies and tools before inviting the child to be changed.
- Staff must wear a disposable apron and gloves
- New disposable gloves must be used for each single use
- Hands must be washed and sanitised before and after changing nappies
- All surfaces must be cleaned before and after every change, with disinfectant spray
- Nappies should be disposed of in the appropriate nappy bags and nappy bin
- Nappy sacks should be disposed of via the lobby door and following the 'Disposal of bodily waste' procedures.

Note: These procedures should be clearly displayed within the setting.

Next Review: November 2023

NAPPY RASH CREAM POLICY

Nappy rash cream can be applied by Little Jungle staff provided that parents specify when the cream should be applied and how much to apply. The nappy rash cream should be supplied in its original packaging and recognised as a nappy cream that can be purchased from a chemist.

All packaging must carry instructions written in English. Any packaging with instructions in a language other than English will not be accepted, for health and safety reasons.

Next Review: November 2023

OUTINGS POLICY

Little Jungle is committed to ensuring that all children are taken out at least twice a week for local outings whenever possible, subject to staff ratio and weather permitting. It is expected that children will arrive at the setting dressed appropriately for the weather.

We aim to organise more formal outings throughout the year. Charges for these outings, if applicable, will be notified to parents/carers in advance of the outing and we will make sure that parents are given enough notice before each outing.

It is hoped that these outings will enhance and re-enforce, in a practical way, what children are learning in the setting. First aid equipment, a Little Jungle mobile phone and a register of all the children and practitioners taking part in the outing will be taken.

Parents/ Carers will be asked to give written consent for all outings upon joining, unless they prefer to be notified prior to each outing.

Types of outings

Different types of outings take place and each will require slightly different preparations and staffing levels, these include:

- Trips on foot, e.g. visits to the park, the wildlife centre, the playground and local places of interest.
- Trips on public transport to places like museums, farms, etc.

For more detail, please refer to the outing procedures of this document.

Next Review: November 2023

OUTINGS PROCEDURE

For all new* outings, the following procedures must be followed (*regular/ local outings venues only require risk assessments when first used):

- A risk assessment is to be carried out for the venue before the visit.

(A request to the place of visit should be made, wherever possible, for a risk assessment to be posted to us or it should be downloaded from their website, to be kept in the risk assessment folder which is kept in the office.

- A check list should also be used to ensure that all safety measures are in place for the children and staff safety.

The same applies to the coach driver, whose driving licence and MOT should be checked and guaranteed by the bus company used, for which a written confirmation should be supplied and recorded in our files to complete the paper work.

- Written permission must be obtained for each outing from parents who have not signed the full permission consent form (See child registration form) upon joining. This permission should be checked off by the senior educator in charge and approved by a member of the management team before setting off (using outing form)
- Staffing ratio must be maintained at 1:3 for all ages, with the following exceptions (as deemed appropriate by staff):
 - 1:2 or 1:1 – where children require individual support (e.g. new walkers or children with special educational needs)
 - 1:4 – for children over the age of 2, where children are deemed to be very responsible, able to listen to and follow instructions and respect boundaries
- Additionally, where possible parents should be encouraged to join in as they can be responsible for their own children, allowing staff to concentrate on the other children, or even be counted in ratio to achieve a safer overall ratio of adults to children.
- As Little Jungle promotes independence and exploration, children should be encouraged to explore the outdoor environment without needing to hold adults' hand, but only where the environment is deemed to be safe and away from traffic and immediate danger. Children should always remain within sight of adults and within easily reachable distance for staff to support them, relative to their abilities. This is usually more appropriately achieved in smaller groups.
- A first aider must be present and a suitable first aid kit must be taken.
- A copy of registration sheet containing contact numbers, allergies, etc. must also be taken.
- The children must be counted before setting off (on the coach if used) and counting must be ongoing at regular intervals throughout the outing. If the group is broken up into sub groups a designated person, in charge must be assigned and that person is responsible for counting the children at regular intervals.
- All children must wear the high visible vests showing the name and the telephone number of Little Jungle.
- A member of staff must carry the Little Jungle mobile phone, the number of which should be displayed in the setting's main rooms and office as well as in the outing book found in the outing bag.
- Toilet facilities must be provided for the children at regular intervals.

- Food and drinks must be provided at similar times to those in the setting and additional drinks should be offered if the weather is warm or if energetic exercise is part of the day.
- Meeting points must be pre-designated and times arranged when all the party should assemble. This must be strictly adhered to.
- Transport must be fully insured, the driver's details satisfactory and all seats must have safety harnesses or equivalent.
- The maximum seat capacity of the vehicle must not be exceeded.
- Children should have spare clothing, where it is felt needed.

At the conclusion of each outing the member of staff in charge of the outing will complete a review of the outing, noting the following:

- Any particular problems with transport (e.g. coach arriving late).
- Any particular problems with the venue (e.g. nowhere to shelter during rain).
- Any particular problems with specific children (illness, distress, etc.).
- Any educational benefits of the visit.
- Comments from parents.
- Recommendations for future visits.

Prior to each outing the staff in charge of the outing will refer back to the review and take into accounts of comments when preparing for the next outing

Staff going on outings are strictly forbidden to do any of the following:

- Smoke
- Chew gum during the trip
- Give the children sweets
- Eat until the agreed time for lunch
- Go off to the shops, stop at cafés or sweet shops during the journey
- Give anything to eat (other than their own packed lunch) to the children they are supervising

Staff must:

- Make sure any rubbish is collected and out in a bin.
- Take as little with them as possible (Handbags that are cross body or rucksacks are best) to enable them to have both hands free to hold those of the children.
- Prepare expect to look after two/three children depend on the age group and to keep these children with them at all times.
- Talk to the children about the trip, what they can see and hear where they are going.
- In the event of being split up from the group during the trip, always stay with at least one other adult and their children to enable toilet breaks or in case of accident.
- Ensure the children go to the toilet before they leave for the journey home.
- Ensure they meet back at the arranged meeting point at the given time.
- Be aware of the destination, the journey plan and the assembly point.
- If we are all together, stay with the group. Staff should not wonder off or leave the group, without informing someone of their intention e.g. if someone has left something behind.
- Ensure that they check the register in the time shown on the top of the form.

Next Review: November 2023

PACKED LUNCH POLICY

At Little Jungle we are able to cater for all dietary requirements including those related to allergies and special diets. However parents are free to supply a packed lunch instead if they prefer as long as the food used is in line with the Little Jungle Meals and Snacks Management Policy (see relevant section).

Fees will not be altered depending on the use of packed lunches.

Next Review: November 2023

PACKED LUNCH PROCEDURE

- Team Manager/staff to be informed about the packed lunch.
- The packed lunch should be kept in the fridge until lunch time.
- Food is to be heated to the right temperature before given to the child, if needed (please refer to the Making Food Safely Policy and the Food Handling Dos and Don'ts document)
- The Little Jungle meal policy applies to packed lunches which should not include any nuts, sweets, crisp, juice etc.

Next Review: November 2023

PARENTS/ SCHOOL AGREEMENT POLICY

The agreement (see below 'Current Agreement') sets out the expectations for both parents and the setting as to the care of the child and the business arrangements agreed between the two parties. It is important for parents to read this contract thoroughly, and return a signed copy to the setting prior to the child being admitted into Little Jungle.

Next Review: November 2023

PARENTS/ SCHOOL AGREEMENT

Fees are payable each month in advance, on or before the 1st day of each new month. Unless agreement is made for payment to be made another way, all payments must be made in full by Standing Order.

Fees are inclusive of all meals. Please note, Little Jungle food is only available for children who are on solids. Foods other than this needs to be provided by parents and adhere to our healthy eating policy (Please see separate 'Parents policies and procedures pack').

A late charge of £10 will be applied to any fees received into the Little Jungle account after the 5th day of the month. A further additional charge of £50 will be applied to any fees that remain unpaid on the 24th day of the month. If fees and outstanding balances are not paid within 30 days of the due date, the child may be dropped from the Little Jungle register without prior notice. If a cheque does not clear the bank, parents/ carers will be charged the equivalent of the bank charges against their account.

Parents/ carers are responsible for monthly fees in full, even when children are not in attendance due to illness or holidays. If Little Jungle has to close (e.g., due to an emergency, weather conditions, medical quarantine, force majeure, or due to government instruction or for any other reason) fees will be payable in full. Little Jungle closures, including public holidays, are not deductible from Little Jungle fees. Due to the complexities in administration and planning for children's interests, the swapping of days is not permitted, with the exception of where a child's regular attendance falls on a public holiday. In this case, a parent may request (the week preceding) swapping this day to an alternative day in the same week, subject to availability of the alternative swap day.

Sessions run as follows: Extended day – 7:30 to 18:30, Full day 8:00 to 18:00, Core day – 8:30 to 17:30. Extra morning sessions run from 7:30 to 13:00; Extra afternoon sessions run from 13:00 to 18:30. A late fee of £20 will be charged for any child collected after their booked session, and £20 for each hour started. (see our 'Late Collection' policy).

Additional ad-hoc sessions can be requested through the office. Little Jungle will often not grant ad-hoc sessions even if there is space available (see our 'PURCHASING ADDITIONAL DAYS POLICY' policy).

Where parents wish to change their days of attendance, this will be considered as a request for a new place and the normal rules concerning notice and availability of places will apply. Requests by parents to change their days temporarily can only be agreed where places are available.

Children normally become entitled to the Free Early Education Entitlement (FEEE) education grant from the term after their third birthday (September, January and April) and reduced rates will apply from these dates. For example, a child born on 25th January 2012 would receive the grant from 1st April 2015. However, a child born on 25th April 2012 would only receive the grant from 1st September 2015.

Fees are reviewed annually, in line with the setting costs and market factors. Any new fees will usually be charged from September each year, although this can vary, depending on the setting's circumstances.

We require payment to terms. Payment must be made on time, in full, and without any deduction, off set or counterclaim. In the event that an account is outstanding, we will refer the matter to our debt collection agents, which will incur additional costs. The additional costs incurred to collect the debt will be added to the debt, plus VAT at the prevailing rate. You agree that you will be legally liable to pay the outstanding account plus additional costs, and that payment of the same can be enforced against you in court. If applicable, you also agree to pay compensation and interest at the relevant reference rate, as provided for under the Late Payment of Commercial Debts (Interest) Act 1998.

I hereby agree to the Terms and Conditions as stated. I also agree to pay Little Jungle the sum of my child's first monthly fee as a non-refundable deposit upon enrolment. I understand this deposit is non-refundable but will be used to cover my child's first month of attendance. I agree to give Little Jungle two full calendar months' notice of my child's departure, or changes of attendance, for which I will pay full fees.

PARTNERSHIP WITH PARENTS POLICY

At Little Jungle we firmly believe that close cooperation and communication with parents is essential to the quality of service we can offer. We also understand that parents have rights, and the Children Act 1989 recognises that parents have their own specific needs and are entitled to being involved in any decisions made regarding their child.

Little Jungle have agreed principles for parents/ carers' involvement. The importance of continuity between home and the setting cannot be over stressed. Our aim is to develop an honest, open and supportive relationship with parents, which complements life in their homes rather than contradicts it.

We are very aware of our influence as role models for the children who attend our setting and, without the parents' extensive knowledge of their children, we would be unable to enhance the children's development.

At Little Jungle we understand that the particular wishes of parents will vary from family to family, and culture to culture. They may be linked to diet, sleep provision, clothing, personal care routines or behaviour management. Specific parental needs or wishes will be identified, discussed with them and acted on in an appropriate manner.

Parents' wishes are to be valued and acted upon whenever possible, as long as they do not affect the setting's policies or uphold a practice that could be detrimental to a child or to other children in the setting.

At Little Jungle we recognise that the responsibility for setting the expectations for behaviour within the relationship rests with the professional worker. For this reason, we will always ensure that our staff meets the highest standards in professional relationships. These are reflected in the following criteria:

- Adopting an open and transparent approach towards the application of policies and procedures.
- Never accepting any gifts from parents which may blur the professional relationship.
- Always maintaining an approachable, warm and friendly manner, without losing objectivity or blurring or breaching professional boundaries (i.e. being friendly but not a friend).
- Encouraging parental involvement and participation, without becoming over familiar.
- Remaining focused on each parent when talking to them, rather than making comparisons across other children or breaching confidentiality.
- Being sensitive to stresses in the lives of parents/carers, children and work colleagues.
- Ensuring disputes or conflicts with parents/carers or work colleagues are solved outside of the children's environment.
- Maintaining self-control in all circumstances (i.e. not becoming physically or verbally abusive) should a parent/carer become either physically or verbally abusive.
- Following the setting's policies and procedures.
- Recognising the different level of power held by professional workers and parents/carers and that in working with socially vulnerable people, this power can be abused.
- Acknowledging that individual differences based on family culture, race, religion, ability, and experience can influence ways of relating to others, but that this is not an explanation for abusive behaviour, i.e. while individual culture should be respected, abuse cannot be ignored.

- Striving to avoid giving special attention to or having favourite children or parents/carers.
- Ensuring that any professional discussion about a child is not conducted in their presence unless their opinion is being sought.
- Although it is natural to form stronger relationships with some children, parents/carers and work colleagues, under no circumstances are social, sexual or emotional relationships appropriate to professional conduct. Little Jungle does all it can to encourage and enable comprehensive communication to take place between parents and staff.

The Director, Team Manager, or a child's Key Person can be approached at any time to discuss matters of that child's welfare and progress. Staff will be on hand at the beginning and end of sessions for this purpose.

All parents will have access to their children's records and will be consulted in respect of the care given to their children.

Information about Little Jungle's plans, activities, and events will be regularly distributed through newsletters and notice boards.

Parents will be able to read all policies and procedures at any time and we will inform the parents of any changes in the policies and procedures and give them enough notice before any changes take effect.

Parents' child assessment chats will be held once per term.

Communicating appropriately with parents Involves:

- Greeting parents warmly.
- Key person being available to parents on a regular basis.
- Showing respect for all family members.
- Respecting issues of confidentiality and privacy.
- Giving equal time to all parents as needed.
- Using suitable methods of presenting information to parents, verbal, written and visual.
- Ensuring that parents are informed of all procedures within the setting when they take up a place for their child.
- Keeping parents' attention on specific areas of interest shown by their child.
- Sharing information regarding a child's health.

At Little Jungle we will:

1. Make all new parents aware of the Little Jungle policies and consult with all parents/ carers about the times of meetings to avoid excluding anyone.
2. Ensure that parents are informed on a regular basis about their child's progress. Parents will be informed of who their child's Key person is, so that information can be exchanged daily (Parents are welcome to join any session to observe their child playing and learning).
3. Ensure that all parents have opportunities to contribute from their own skills, knowledge and interests to the activities of the group.

4. Welcome the contributions of parents, in whatever form these may be, to involve parents in shared record keeping about their own child, either formally or informally.
5. Ensure that all parents are fully informed about meetings, workshops events, parents' evenings, sport days, fundraising days and training through displays on the notice board and website.
6. Provide opportunities for parents to learn about our approach as well as young children's learning.

PERFORMANCE REVIEW

Performance review is the process by which staff are supported in carrying out their duties effectively and encouraged to develop professionally.

Staff will be allocated a performance review manager (usually their day-to-day Line manager) whom they will be able to talk to about any problems and discuss how they are performing and if there are any areas they need help and encouragement with.

Performance review meetings should occur every 6-12 months (depending on an individual's identified areas of development) during each calendar year and may include 360' feedback from colleagues and parents, where necessary and appropriate.

PHONES AND MOBILE PHONES POLICY

Little Jungle Phones

The use of the Little Jungle phone/s is for business purposes only.

Employees requiring using the phone for personal purposes should seek the permission of their Line Manager. All calls received should be answered in a manner that is appropriate to Little Jungle's communication standards.

Mobile Phones

Mobile phones must be switched off during working hours. In the case where a member of Staff is expecting an urgent call, the latter may be received on the Little Jungle phone.

A Little Jungle mobile phone is made available for staff to take on outings to enable efficient communication between outings groups and the setting. This mobile phone should be used for work-related phone calls only. Failure to follow this procedure may result in disciplinary action and may lead to termination of employment.

The Little Jungle mobile phones do not include a camera or internet connectivity.

Next Review: November 2023

PHOTOGRAPHY POLICY

Upon having a child accepted at Little Jungle, we ask Parents/ Carers to consider agreeing to the child being photographed on occasion by the setting staff or individuals validated by the Operations Manager. This enables Little Jungle to proceed with the taking of photographs for publicity shots, and at special events/ occasions such as Christmas.

Every parent has the right to refuse this request by not signing the photography form at his or her child's entry record, in which case the child will not be photographed by any member of staff, by a parent, or by any outsider such as professional photographer, without the expressed permission for that occasion of the parent.

Under no circumstances will photographs of the children be circulated outside the setting, used for promotional purposes or posted on the website unless express permission is received in writing from parents/carers beforehand.

PRIVACY NOTICE FOR EMPLOYEES, CHILDREN ATTENDING LITTLE JUNGLE AND THEIR PARENTS

WHAT IS THE PURPOSE OF THIS DOCUMENT?

Little Jungle (U.K.) Limited (also known as Little Jungle) is a company incorporated and registered in England and Wales (company number 6953948 with its registered office address at 55 North Cross Road East Dulwich, London SE22 9ET (“the setting” or “we”) is committed to protecting the privacy and security of your personal information.

This privacy notice describes how Little Jungle collects and uses personal information about employees of the setting (“Employees”), children attending the setting (“Child” or “Children”) and the parents of the Children (“Parents”) (known collectively as “You” or “Your”), in accordance with the General Data Protection Regulation (GDPR).

Little Jungle is a “data controller”. This means that we are responsible for deciding how we hold and use personal information about You. We are required under data protection legislation to notify You of the information contained in this privacy notice.

This notice applies to Employees, Children and Parents. This notice does not form part of any contract of employment or other contract to provide services. We may update this notice at any time but if we do so, we will provide You with an updated copy of this notice as soon as reasonably practical.

It is important that Employees, Children and Parents read and retain this notice, together with any other privacy notice we may provide on specific occasions when we are collecting or processing personal information about You, so that You are aware of how and why we are using such information and what Your rights are under the data protection legislation.

DATA PROTECTION PRINCIPLES

We will comply with data protection law. This says that the personal information we hold about You must be:

1. Used lawfully, fairly and in a transparent way.
2. Collected only for valid purposes that we have clearly explained to You and not used in any way that is incompatible with those purposes.
3. Relevant to the purposes we have told You about and limited only to those purposes.
4. Accurate and kept up to date.
5. Kept only as long as necessary for the purposes we have told You about.
6. Kept securely.

THE KIND OF INFORMATION WE HOLD ABOUT YOU

Personal data, or personal information, means any information about an individual from which that person can be identified. It does not include data where the identity has been removed (anonymous data).

There are “special categories” of more sensitive personal data which require a higher level of protection, such as information about a person’s health or sexual orientation.

Employees:

We will collect, store, and use the following categories of personal information about Employees:

- Personal contact details such as name, title, addresses, telephone numbers, and personal email addresses.
- Date of birth.
- Gender.
- Marital status and dependants.
- Next of kin and emergency contact information.
- National Insurance number.
- Bank account details, payroll records and tax status information.
- Salary, annual leave, pension and benefits information.
- Start date and, if different, the date of an Employee's continuous employment.
- Location of employment or workplace.
- Copy of driving licence (where applicable).
- Recruitment information (including copies of right to work documentation, references and other information included in a CV or cover letter or as part of the application process).
- Employment records (including job titles, work history, working hours, holidays, training records and professional memberships).
- Personnel files and training records including performance information, disciplinary and grievance information, and working time records.
- Information about your use of our information and communications systems.
- Records of any reportable death, injury, disease or dangerous occurrence.
- Photos and videos on our website, children's learning journeys, documentation used to make children's learning visible.

We may also collect, store and use the following "special categories" of more sensitive personal information:

- Information about an Employee's race or ethnicity.
- Information about an Employee's health, including any medical condition, accident, health and sickness records, including:
 - where an Employee leaves employment and under any share plan operated by a group company the reason for leaving is determined to be ill-health, injury or disability, the records relating to that decision;
 - details of any absences (other than holidays) from work including time on statutory parental leave and sick leave; and
 - where an Employee leaves employment and the reason for leaving is related to their health, information about that condition needed for pensions and permanent health insurance purposes.

Children:

We will collect, store, and use the following categories of personal information about Children:

- Name.
- Date of birth.
- Home address.
- Dietary requirements.
- Attendance information.
- Photographs and videos of the Child to signpost Children to where their belongings are stored at the setting that they attend, and also for general display / documentation purposes.

- Emergency contact should Parents be unavailable and the emergency contact's contact details.
- Records for each Child containing the work of the Child whilst at the setting, observations about the Child's development whilst at the setting from Employees of Little Jungle, specific examples of the Child's progress, photographs demonstrating the Child's development whilst at the setting, and personal details of the Child (e.g. their date of birth).
- Records relating to individual Children e.g. care plans, common assessment frameworks, speech and language referral forms.
- Accidents and pre-existing injuries forms.
- Records of any reportable death, injury, disease or dangerous occurrence.
- Observation, planning and assessment records of Children.

We may also collect, store and use the following "special categories" of more sensitive personal information:

- Information about a Child's race or ethnicity, spoken language and nationality.
- Information about a Child's health, including any medical condition, health and sickness records.
- Information about a Child's accident or incident reports including reports of pre-existing injuries.
- Information about a Child's incident forms / child protection referral forms / child protection case details / reports.

Parents:

We will collect, store, and use the following categories of personal information about Parents:

- Name.
- Home address.
- Telephone numbers, and personal email addresses.
- National Insurance number.
- Bank account details.
- Photos and videos from events and life at Little Jungle / children's learning journeys and documentation.

We may also collect, store and use the following "special categories" of more sensitive personal information:

- Information about a Parent's race or ethnicity, spoken language and nationality.
- Conversations with Parents where Employees of the setting deem it relevant to the prevention of radicalisation or other aspects of the governments Prevent strategy.

HOW IS YOUR PERSONAL INFORMATION COLLECTED?

Employees:

We collect personal information about Employees through the application and recruitment process, either directly from candidates or sometimes from an employment agency or background check provider. We may sometimes collect additional information from third parties including former employers, credit reference agencies or other background check agencies.

We will collect additional personal information in the course of job-related activities throughout the period of when an Employee works for us.

Children and Parents:

We collect personal information about Children and Parents from when the initial enquiry is made by the Parents, through the enrolment process and until the Children stop using the Little Jungle's services.

HOW WE WILL USE INFORMATION ABOUT YOU

We will only use Your personal information when the law allows us to. Most commonly, we will use Your personal information in the following circumstances:

1. Where we need to perform the contract we have entered into with You.
2. Where we need to comply with a legal obligation.
3. Where it is necessary for our legitimate interests (or those of a third party) and Your interests and fundamental rights do not override those interests.

We may also use Your personal information in the following situations, which are likely to be rare:

1. Where we need to protect Your interests (or someone else's interests).
2. Where it is needed in the public interest or for official purposes.

Situations in which we will use Employee personal information

We need all the categories of information in the list above (see Employee section within the Paragraph entitled 'The Kind of Information We Hold About You') primarily to allow us to perform our contracts with Employees and to enable us to comply with legal obligations. The situations in which we will process Employee personal information are listed below.

- Making a decision about an Employee's recruitment or appointment.
- Checking an Employee is legally entitled to work in the UK. Paying an Employee and, if an Employee is an Employee or deemed Employee for tax purposes, deducting tax and National Insurance contributions (NICs).
- Providing any Employee benefits to Employees.
- Enrolling you in a pension arrangement in accordance with our statutory automatic enrolment duties.
- Liaising with the trustees or managers of a pension arrangement operated by a group company, your pension provider and any other provider of employee benefits.
- Administering the contract we have entered into with an Employee.
- Conducting performance and/or salary reviews, managing performance and determining performance requirements.
- Assessing qualifications for a particular job or task, including decisions about promotions.

- Gathering evidence for possible grievance or disciplinary hearings.
- Making decisions about an Employee's continued employment, engagement.
- Making arrangements for the termination of our working relationship.
- Education, training and development requirements.
- Dealing with legal disputes involving Employees, including accidents at work.
- Ascertaining an Employee's fitness to work.
- Managing sickness absence.
- Complying with health and safety obligations.
- To prevent fraud.
- To monitor your use of our information and communication systems to ensure compliance with our IT policies.
- To ensure network and information security, including preventing unauthorised access to our computer and electronic communications systems and preventing malicious software distribution.
- Equal opportunities monitoring.
- To display photos and videos on our website / social media / children's learning journeys and general documentation. This is to enable making children's learning visible to prospective and attending parents as well as other professionals or anyone with an interest in the organisation's services and provision and therefore organisational structure.

Some of the above grounds for processing will overlap and there may be several grounds which justify our use of an Employee's personal information.

Situations in which Little Jungle will use personal information of Children

We need all the categories of information in the list above (see Children section within the Paragraph entitled 'The Kind of Information We Hold About You') primarily to allow us to perform our obligations (including our legal obligations to Children. The situations in which we will process personal information of Children are listed below.

- Upon consent from the Parents, Personal Data of Children will be shared with schools for progression into the next stage of their education.
- Personal information of Children will be shared with local authorities without the consent of Parents where there is a situation where child protection is necessary.
- The personal information of Children will be shared with local authorities without the consent of Parents for funding purposes.
- Ofsted will be allowed access to Little Jungle's systems to review child protection records.
 - To ensure we meet the needs of the Children.
 - To enable the appropriate funding to be received.
 - Report on a Child's progress whilst with the setting.
 - To check safeguarding records.
 - To check complaint records.
 - To check attendance patterns are recorded.
 - When a Child's Progress Report is given to its Parent in order for that Parent to pass the same Progress
 - Report to a school for application or enrolment purposes.

Situations in which Little Jungle will use personal information of Parents

We need all the categories of information in the list above (see Parents section within the Paragraph

entitled 'The Kind of Information we Hold About You') primarily to allow us to perform our contracts with Parents and to enable us to comply with legal obligations. The situations in which we will process personal information of Parents are listed below.

- The personal information of Parents will be shared with local authorities without the consent of Parents for funding purposes.
- To report on a Child's attendance.
- To be able to contact a Parent or a Child's emergency contact about their Child.
- To ensure Little Jungle fees are paid.

If Employees and Parents fail to provide personal information

If Employees and Parents fail to provide certain information when requested, we may not be able to perform the respective contracts we have entered into with Employees and Parents, or we may be prevented from complying with our respective legal obligations to Employees, Children and Parents.

Change of purpose

We will only use Your personal information for the purposes for which we collected it, unless we reasonably consider that we need to use it for another reason and that reason is compatible with the original purpose. If we need to use Your personal information for an unrelated purpose, we will notify the Employee, Child or Parent, as is appropriate in the circumstances, and we will explain the legal basis which allows us to do so.

Please note that we may process an Employee's, a Child's or a Parent's personal information without their respective knowledge or consent, as relevant to the circumstances, in compliance with the above rules, where this is required or permitted by law.

HOW WE USE PARTICULARLY SENSITIVE PERSONAL INFORMATION

“Special categories” of particularly sensitive personal information require higher levels of protection. We need to have further justification for collecting, storing and using this type of personal information. We have in place an appropriate policy document and safeguards which we are required by law to maintain when processing such data. We may process special categories of personal information in the following circumstances:

1. In limited circumstances, with Employee or Parent explicit written consent.
2. Where we need to carry out our legal obligations or exercise rights in connection with Employee employment.
3. Where it is needed in the public interest, such as for equal opportunities monitoring or in relation to our occupational pension scheme.

Less commonly, we may process this type of information where it is needed in relation to legal claims or where it is needed to protect an Employee, a Child or a Parents’ interests (or someone else’s interests) and the Employee, Child or Parent as is appropriate is not capable of giving consent, or where the Employee or Parent has already made the information public.

Little Jungle’s obligations as an employer

We will use particularly sensitive personal information of Employees in the following ways:

- We will use information relating to leaves of absence, which may include sickness absence or family related leaves, to comply with employment and other laws.
- We will use information about the physical or mental health of an Employee, or their disability status, to ensure Employee health and safety in the workplace and to assess the fitness of Employees to work, to provide appropriate workplace adjustments, to monitor and manage sickness absence and to administer benefits including statutory maternity pay, statutory sick pay, pensions and permanent health insurance.
- We will use information about an Employee’s race or national or ethnic origin, religious, philosophical or moral beliefs, or an Employee’s sexual life or sexual orientation, to ensure meaningful equal opportunity monitoring and reporting.

Do we need Employee consent?

We do not need the consent of Employees if we use special categories of personal information in accordance with our written policy to carry out our legal obligations or exercise specific rights in the field of employment law. In limited circumstances, we may approach Employees for their written consent to allow us to process certain particularly sensitive data. If we do so, we will provide Employees with full details of the information that we would like and the reason we need it, so that Employees can carefully consider whether they wish to consent. Employees should be aware that it is not a condition of their contract with the setting that they agree to any request for consent from us.

INFORMATION ABOUT CRIMINAL CONVICTIONS

We may only use information relating to criminal convictions where the law allows us to do so. This will usually be where such processing is necessary to carry out our obligations and provided we do so in line with our data protection and confidentiality policy.

Less commonly, we may use information relating to criminal convictions where it is necessary in relation to legal claims, where it is necessary to protect the interests of You (or someone else's interests) and You are not capable of giving your consent, or where an Employee or a Parent, as is relevant to the circumstances, has already made the information public.

We envisage that we will hold information about criminal convictions.

We will only collect information about criminal convictions if it is appropriate given the nature of the role and where we are legally able to do so, which includes but is not limited to Disclosure and Barring Service ("DBS") checks. Where appropriate, we will collect information about criminal convictions as part of the recruitment process or we may be notified of such information directly by you in the course of you working for us. We will use information about criminal convictions and offences in the following ways:

- To conduct a DBS check on each Employee, to record the date of the DBS check, the number of the DBS check and the name of the body conducting the DBS check.

We are allowed to use your personal information in this way to carry out our obligations. We have in place an appropriate policy and safeguards which we are required by law to maintain when processing such data.

AUTOMATED DECISION-MAKING

Automated decision-making takes place when an electronic system uses personal information to make a decision without human intervention. We are allowed to use automated decision-making in the following circumstances:

1. Where we have notified Employees or Parents of the decision and given the Employee or the Parent as is appropriate 21 days to request a reconsideration.
2. Where it is necessary to perform the contract with an Employee or a Parent and appropriate measures are in place to safeguard the Employee's, the Child's or the Parent's rights as is appropriate.
3. In limited circumstances, with explicit written consent from the Employee or the Parent, as is appropriate, and where appropriate measures are in place to safeguard Employee or Parent rights. If we make an automated decision on the basis of any particularly sensitive personal information, we must have either explicit written consent from an Employee or a Parent as is appropriate, or it must be justified in the public interest, and we must also put in place appropriate measures to safeguard an Employee or a Parents rights as is relevant in the circumstances.

You will not be subject to decisions that will have a significant impact on You based solely on automated decision-making, unless we have a lawful basis for doing so and we have notified the Employee or the Parent as is appropriate in the circumstances.

DATA SHARING

We may have to share Employee, Child or Parent data with third parties, including third-party service providers and other entities in the group.
We require third parties to respect the security of Your data and to treat it in accordance with the law.

Why might Little Jungle share Employee, Child or Parent personal information with third parties?

We will share Your personal information with third parties where required by law, where it is necessary to administer the working relationship with You or where we have another legitimate interest in doing so.

Which third-party service providers process my personal information?

“Third parties” includes third-party service providers (including contractors and designated agents), local authorities, regulatory bodies, and school. The following third-party service providers process personal information about you for the following purposes:

- Local Authorities – for funding and monitoring reasons (e.g. equal opportunities and uptake of funded hours)
- Regulatory bodies – for ensuring compliance and the safety and welfare of the children
- Schools – to provide a successful transition by ensuring information about the child’s progress and current level of development and interests are shared

How secure is my information with third-party service providers and other entities in our group?

All our third-party service providers and other entities in the group are required to take appropriate security measures to protect Your personal information in line with our policies. We do not allow our third-party service providers to use Your personal data for their own purposes. We only permit them to process Your personal data for specified purposes and in accordance with our instructions.

When might you share my personal information with other entities in the group?

We will share Your personal information with other entities in our group as part of managing our contract with You. For example:

- We will store confidential records in a locked filing cabinet in our office and/ or on our online systems of record (Tapestry, Doc Monster and ChildsPlay/Turntide).

What about other third parties?

We may share Your personal information with other third parties, for example in the context of the possible sale or restructuring of the business. In this situation we will, so far as possible, share anonymised data with the other parties before the transaction completes. Once the transaction is completed, we will share Your personal data with the other parties if and to the extent required under the terms of the transaction.

We may also need to share Your personal information with a regulator or to otherwise comply with the law.

DATA RETENTION

How long will you use my information for?

We will only retain Your personal information for as long as necessary to fulfil the purposes we collected it for, including for the purposes of satisfying any legal, accounting, or reporting requirements. Details of retention periods for different aspects of your personal information are available in our Data Protection and Confidentiality policy. To determine the appropriate retention period for personal data, we consider the amount, nature, and sensitivity of the personal data, the potential risk of harm from unauthorised use or disclosure of Your personal data, the purposes for which we process Your personal data and whether we can achieve those purposes through other means, and the applicable legal requirements.

In some circumstances we may anonymise Your personal information so that it can no longer be associated with You, in which case we may use such information without further notice to You. Once you are no longer an Employee, or a Child benefiting from the setting's services or a Parent, as is appropriate, we will retain and securely destroy your personal information in accordance with applicable laws and regulations.

RIGHTS OF ACCESS, CORRECTION, ERASURE, AND RESTRICTION

Your duty to inform us of changes

It is important that the personal information we hold about You is accurate and current. Please keep us informed if Your personal information changes during your working relationship with us.

Your rights in connection with personal information

Under certain circumstances, by law You have the right to:

- **Request access** to Your personal information (commonly known as a “data subject access request”). This enables You to receive a copy of the personal information we hold about You and to check that we are lawfully processing it.
- **Request correction** of the personal information that we hold about You. This enables You to have any incomplete or inaccurate information we hold about You corrected.
- **Request erasure** of your personal information. This enables Employees or Parents to ask us to delete or remove personal information where there is no good reason for us continuing to process it. You also have the right to ask us to delete or remove Your personal information where You have exercised Your right to object to processing (see below).
- **Object to processing** of Your personal information where we are relying on a legitimate interest (or those of a third party) and there is something about Your particular situation which makes You want to object to processing on this ground. You also have the right to object where we are processing Your personal information for direct marketing purposes.
- **Request the restriction of processing** of Your personal information. This enables Employees or Parents, as is appropriate, to ask us to suspend the processing of personal information about You for example if You want us to establish its accuracy or the reason for processing it.
- **Request the transfer** of Your personal information to another party.

If You want to review, verify, correct or request erasure of Your personal information, object to the processing of Your personal data, or request that we transfer a copy of Your personal information to another party, please contact the manager in writing.

No fee usually required

You will not have to pay a fee to access Your personal information (or to exercise any of the other rights).

What we may need from You

We may need to request specific information from You to help us confirm your identity and ensure Your right to access the information (or to exercise any of Your other rights). This is another appropriate security measure to ensure that personal information is not disclosed to any person who has no right to receive it.

RIGHT TO WITHDRAW CONSENT

In the limited circumstances where You may have provided Your consent to the collection, processing and transfer of Your personal information for a specific purpose, You have the right to withdraw Your consent for that specific processing at any time. To withdraw Your consent, please contact the Data Manager. Once we have received notification that You have withdrawn Your consent, we will no longer process Your information for the purpose or purposes You originally agreed to, unless we have another legitimate basis for doing so in law.

CHANGES TO THIS PRIVACY NOTICE

We reserve the right to update this privacy notice at any time, and we will provide You with a new privacy notice when we make any substantial updates. We may also notify You in other ways from time to time about the processing of your personal information.

If you have any questions about this privacy notice, please contact Tarek El-Semman, Little Jungle Director and Data Manager.

'PREVENT' DUTY TO SAFEGUARD CHILDREN POLICY

From 1 June 2015 registered early years childcare providers (amongst other educational bodies and providers) are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015, to have “due regard to the need to prevent people from being drawn into terrorism”. This duty is known as the **'Prevent duty'**.

Statutory guidance on the duty is available at:

<https://www.gov.uk/government/publications/prevent-duty-guidance>

In order for Little Jungle to fulfil its' duty, it is essential that all staff are able to identify children who may be vulnerable to radicalisation, and know what to do when they are identified.

Protecting children from the risk of radicalisation should be seen as part of Educators' wider safeguarding duties, and is similar in nature to protecting children from other harms (e.g. drugs, gangs, neglect, sexual exploitation), whether these come from within their family or are the product of outside influences.

At Little Jungle, we believe we can protect children from the risk of radicalisation by promoting 'Fundamental British values' as laid out by governmental guidance – and as already embedded both in the Early Years Foundation Stage (2014) and Little Jungle's own values.

Fundamental British values can be defined as:

Democracy

Reflecting together, making decisions together and valuing each other's opinion, turn taking, sharing and collaboration.

Rule of law

Understanding that rules matter, understanding each other's behaviour and consequences, distinguishing right from wrong, working together to create rules and codes of behaviour and ensuring children understand these apply to everyone.

Individual liberty

Enabling children to express themselves, their ideas and thoughts (safely and) freely, using as many different ways as possible and with the reassurance that their opinion is valued and differences are embraced and encouraged.

Encouraging children to reflect on their feelings and their responsibilities, to calculate and take some risks so as to build their confidence in their own abilities.

Mutual respect and tolerance for those with different faiths and beliefs

Promoting an ethos of inclusivity and tolerance where views, faiths, cultures and races are valued and children are engaged with the wider community.

Encouraging children to appreciate and respect their own and other cultures, differences between themselves and others and among families, faiths, communities, cultures and traditions and share and discuss practices, celebrations and experiences.

Encouraging and explaining the importance of tolerant behaviours such as sharing and respecting other's opinions.

Promoting diverse attitudes and challenging stereotypes, for example, sharing stories that reflect and value the diversity of children's experiences and providing resources and activities that challenge gender, cultural and racial stereotyping.

In line with these values, Little Jungle believe that each person, adult and child, has the right to be respected as an individual, who carries with them their own differences, and whose opinion is as valid as any other person's. We embrace and promote individuality amongst adults and children and we make time to listen to each other and reflect with each other on all aspects of practice and life. By doing this, we aim to build a culture of trust, partnership and dialogue to enable all individuals attending the setting to continuously develop their self-esteem and increase their confidence in their own physical and cognitive abilities, including their ability to challenge extremist views.

This policy should be read alongside other relevant policies and procedures such as:

- Prevent Duty to safeguard children procedures
- Safeguarding children policy
- Safeguarding children procedures
- 'Partnership with parents' policy
- Equality opportunities policy

Next Review: November 2023

PREVENT DUTY TO SAFEGUARD CHILDREN PROCEDURE

Even very young children may be vulnerable to radicalisation by others, whether in the family or outside, and display concerning behaviour. The Prevent duty does not require Educators to carry out unnecessary intrusion into family life but as with any other safeguarding risk, we must take action when we observe behaviour of concern and follow the setting's safeguarding procedures.

General safeguarding principles apply to keeping children safe from the risk of radicalisation as set out in Working together to safeguard children and Keeping children safe in education.

If a member of staff has a concern about a particular child they should follow Little Jungle's normal safeguarding procedures, including discussing their concern with the Designated Safeguarding Lead and, where deemed necessary, with children's social care.

You can also contact:

- Your local police force or dial **101** (the non-emergency number). They can talk to you in confidence about your concerns and help you gain access to support and advice.
- The Department for Education dedicated telephone helpline: **020 7340 7264***
- counter.extremism@education.gsi.gov.uk

*Please note that the helpline is not intended for use in emergency situations, such as a child being at immediate risk of harm or a security incident, in which case the normal emergency procedures should be followed.

Next Review: November 2023

PROCEDURES FOR CHILDREN WITH ALLERGIES

Where a child has been registered at Little Jungle and has an allergy (recorded in the child's registration form) the following procedure must be undertaken **prior** to the child attending their first day at Little Jungle:

- 1) A Risk Assessment and Health Care form must be completed and approved by the Operations Manager, to detail the following:
 - The allergen (i.e. the substance, material or living creature) the child is allergic to such as nuts, eggs, bee stings, cats etc.
 - The nature of the allergic reactions e.g. anaphylactic shock reaction, including rash, reddening of skin, swelling, breathing problems etc.
 - What to do in case of allergic reactions, any medication used and how it is to be used (e.g. Epi pen).
 - Control measures – such as how the child can be prevented from contact with the allergen.

Parents should make necessary arrangements with their GP or Health Practitioner to train staff on how to administer special medication in the event of an allergic reaction.

- 2) This form is kept in the child's personal file and the child's requirements are added to the 'Special Diets and Requirements List' (devised for all Little Jungle children who have allergies or special diet requirements) displayed where staff can see it, in all rooms, kitchen and the office.
- 3) The Operations Manager to then discuss the risk assessment with the Team Manager in charge of that child's team/ room and the Head Chef to ensure they understand the risk assessment. The Team Manager and Chef should cascade this information to their team.

Food related allergies

Once the child has joined the setting the following procedures apply:

- All menu items will be listed on a special 'Menu Allergen Sheet' provided by the kitchen, detailing who the items cater for (e.g. All children or Child X only), and what allergens are contained in each item. This will support Classroom staff to anticipate what options are to arrive. **No food should be carried into the room or served to the children without ensuring this sheet accompanies the food and has been reviewed first.**
- All menu items will be provided by the kitchen in separate dishes, each labelled clearly to list all possible allergens contained in the respective dishes. The sticky labels should always be placed on the same side of the dishes to avoid confusion with old labels. **No food should be served to the children if any dish is missing a label.**
- Dishes prepared specifically for any one or two children should be labelled as such to avoid confusion. **No food should be served to the children if any 2 same looking dishes have been prepared, but it is not clear what the difference is.**

- All food for children with allergies / special dietary requirements should be served in a separate colour coded plate/ bowl/ cup (for drinks) - Blue means allergy/ special dietary requirement. This is applicable for all 3 meals offered and snacks (where required).
- The kitchen is accountable for providing food that is suitable for any child's allergy / dietary requirement and to plan meals accordingly. The kitchen will accept calls and questions from any member of staff at any time regarding the meals being served and the suitability of food/ ingredients (for consumption or activities).
- Classroom staff will ensure that questions and concerns are addressed to the kitchen immediately. No assumptions are to be made around suitability of food for a child with an allergy or a special dietary requirement.
- Team Managers will ensure that the team, including cover or temporary staff understand all of our children's dietary requirements and allergies as well as regularly testing the team on these requirements.
- When a child is classed as having a potential life threatening / severe dietary requirement (highlighted red on the dietary requirements list), an individual carer will be put in charge of supporting that child to ensure the food given to that child meets his or her dietary requirements/allergy (consulting the kitchen as required), and the eating environment remains safe (no possibilities of the children sharing or cross contamination).
- All staff in a child's room will be made aware of what to do in case of allergic reactions, any medication used and how it is to be used (e.g. Epi pen).

Note 1: Generally, no nuts or nut products are used within the setting, and parents are made aware of this so that no nut or nut products are accidentally brought into the setting.

Note 2: In the case where a child needs an Epi pen, the setting should be provided with 2 Epi pens, in line with the recommendation from the Department of Health and Social Care.

Note 3: In the case where a child has been consumed food they should not (whether this be allergen, intolerance or lifestyle related, parents should be called and informed as soon as the child has been treated (if required) and an accident form should be filled out and sent to parents. No names of employees or children should be used in the accident form, in line with our data protection/ confidentiality policy. An internal review of the incident should then be carried out by a member of the Management Team to ensure future incidents are avoided.

Next Review: November 2023

PROCEDURES FOR INCIDENTS INVOLVING BLOOD EXPOSURE

Examples of the types accidents involving blood exposure are:

- An injury to the skin (cut with a sharp object).
- Mucous membranes.
- Skin that is chapped, grazed, or otherwise affected so that an effective skin barrier is not present.
- A bite or injury, which results in blood exposure.

A human bite will rarely transmit a bacterial infection if proper first aid is given. Hepatitis B and HIV can potentially be transmitted during a human bite if the skin is broken and a blood exchange occurs.

When a bite or injury occurring in the Little Jungle setting involves a break in the skin and potential blood exposure, Little Jungle will follow the guidelines set by the health department:

1. Assess the bitten area and clean with water.
2. Check both children's immunization records and determine if they are up to date with their tetanus. Call their GPs so that each child's record can be evaluated.
3. Notify the parents of both children immediately.
4. File an accident report as outlined above.
5. Both children/ parties involved in the exchange of blood should be tested for Hepatitis B and HIV.
6. If one of the children tests positive for HIV or Hepatitis B, the child's physician will contact the Health Department.

Next Review: November 2023

PURCHASING ADDITIONAL DAYS POLICY

Parents at Little Jungle are able to purchase additional (ad-hoc/ extra) days for their registered child's attendance by contacting the Little Jungle office (by phone or email at hello@littlejungle.co.uk). The additional days are charged at the current rate (this rate is available by contacting hello@littlejungle.co.uk or calling the office) and must be paid for prior to the child attending. The rate for the additional day will be the same regardless of how long a child stays at Little Jungle and cover an extended day (07:30 to 18:30).

If an additional day is cancelled, the office must be informed of this cancellation 2 full working days prior to the child attending the additional day. If less notice is given the additional day will still be charged.

Additional days are subject to availability, and there is no guarantee that an additional day is available.

Additional days can also only be booked up to 2 weeks in advance.

We have the right to limit the number of spaces available at Little Jungle, and may decide not to offer additional days out, despite there being space available in the rooms.

Next Review: November 2023

PUSH CHAIR POLICY

The setting supplies a dry and clean area for push chairs.

All parents/ guardians are responsible for folding and storing their push chairs. Little Jungle is not responsible for any missing push chairs or any items left in this area, i.e. rain cover, blankets, toys etc.

Note: A sign with the above policy should be clearly displayed for all parents to see.

Next Review: November 2023

QUALITY ASSURANCE POLICY

At Little Jungle we value the views and opinions, enjoyment and experience of children, staff and parents using the setting. We ensure that we provide ample opportunities to communicate any comments of dissatisfaction or praise in a manner of ways. These comments assist us in ensuring that we are providing a high-quality service as a day care provider and employer. This quality of care is reviewed annually and a report constructed to display results and a necessary action taken in line with these.

This is generally achieved through the following means;

- Talking and listening to children.
- Specifically designed activities for children.
- Monitoring questionnaires for parents.
- Monitoring questionnaires for staff.
- Leavers forms.
- Parents' child assessment chats.
- Enquiry monitoring form.
- Children's leaving gifts and notes of thank you.
- Suggestion notes.
- Complaints policy.
- One to one staff meetings and appraisals.
- Staff exit interviews.
- Staff meeting agendas and minutes.
- We obtain the views of the children attending, the parents of relevant children, (if relevant), a local authority arranging for childcare for a relevant child and staff employed to look after the relevant children.

Please refer to the procedures section of these documents

Next Review: November 2023

QUALITY ASSURANCE PROCEDURES

Consulting Children

Children learn about the various emotions and expressions to reflect their feelings. Each child is generally very open and honest and will discuss their feelings and likes and dislikes, if presented in a relaxed and un-intrusive manner.

It is essential that we allow the children within our care, time to express their feelings and views and listen and take these on board and find ways of amending or highlighting them. Communication is essential, though to be effective, we must take account of the various ways in which children express themselves.

At Little Jungle we have devised a number of example activities or means of allowing the children to express their feelings and for the staff to observe and capture these. The results of these are noted and recorded and form a part of this annual quality assurance report.

- Take numerous photographs to capture and reflect the children's enjoyment of various activities. These are documented in the children's learning journeys as well as the nurseries documentation displayed on the walls.
- Children are encouraged to independently select which resources they wish to play with, through which we can understand their preferences.
- The children are observed using various means of recording these observations. All answers are also recorded and monitored, and if necessary, a means of improvement outlined, activities/toys adapted or indeed maintain in line with these.
- As younger children are unable to communicate their feelings verbally, these will generally be interpreted through their non-verbal communication and behaviour. Little Jungle will therefore observe the children, as well as closely liaise with parents, and note any significant change in their children's behaviour either at the setting or at home and record this in the children's learning journey. This communication process assists the parents and Little Jungle in monitoring and reviewing the children's behaviour and ensuring that we provide the best quality care for their child.

Consulting Parents

Parents are a vital insight to the school's quality of service, thus their opinions and views are obtained and utilised throughout the process of registering, caring for and dealing with a child leaving.

At Little Jungle we have devised a number of means of allowing the parents to express their views and feelings and for the setting to take note of and record them. The results of these are noted and recorded and form a part of our annual Quality Assurance Report.

All parents are issued with our Quality Monitoring Questionnaire annually to provide us with a continuous method of monitoring the service we provide. These are strictly confidential and anonymous, allowing parents to openly and honestly answer any questions.

Parents' child assessment chats are also each term, providing parents with the opportunity to communicate any concerns or opinions to staff and Managers verbally and in confidence. This again assists us in the process on continually monitoring the service we provide.

We have an open-door policy, where parents/guardians are welcome to visit the setting to discuss any matters with their Team Manager, Office team and/ or Director. This is highlighted within the access to information policy within the parents' handbook provided when registering their child.

We also consider all concerns/complaints, irrelevant of their severity, and note the main area of concern, working alongside the parents to devise a resolution or plan of action and try and ensure all parties involved are happy with the outcome.

We monitor and take note of the thank you cards we receive when various children leave and the chocolates, cards and presents we receive at Christmas time for the enjoyment of the Managers and staff.

The results drawn from the above are discussed amongst all Management and staff, if necessary, to devise means of improving, provide praise or consider any issues arisen. These are monitored when received and annually in line with this report.

Consulting Staff

The happiness and satisfaction of our Staff is vital in providing a friendly atmosphere for the children attending, thus it is essential that we monitor their work and overall motivation.

At Little Jungle we have devised a number of means of allowing the staff to express their views and feelings and for the setting to take note of and record these. The results of these are noted and recorded and form part of this annual Quality Assurance Report.

Members of the Management Team organise a full induction session for all new employees to ensure that they are provided with the knowledge to allow them to be confident within their work. They also provide them with the necessary literature to accommodate this.

A Pedagogical coordinator works directly with all Educators to specifically support their practice with children and inform their professional development, through reflection and coaching.

All staff follow a six-months probationary period during which time their work is regularly monitored and assessed. Following this the staff are then given six-monthly monitoring meetings (1-2-1 Performance review) to discuss their on-going performance. All information from these is then put together to form their annual appraisals to ensure that their level of work is of a high standard and that any queries, concerns or anxieties they may be feeling at home or at work are discussed and hopefully resolved.

All staff are provided with the knowledge and reassurance that they may speak to any Senior member of staff, Team Manager or Director at any time within their employment should they wish to. The open-door policy applies to all employees.

All staff are issued with our staff quality monitoring questionnaire annually. The results of these are drawn up, recorded and summarized and discussed amongst all management and individual staff, if necessary, to devise a means of improving areas, procedure etc.

All staff also have the opportunity to discuss their questionnaire answers individually with their Team Manager or Director in a confidential meeting.

All staff attend regular staff meetings and training sessions. The agenda and minutes for these meetings are all kept on file. These are again considered within the week following the meeting and action is taken, if required, in line with each other.

In order to assess the success of the Little Jungle ethos in relation to its employees, Little Jungle also carries out exit interviews with all staff on leaving to ascertain their reasons for leaving and overall opinion of the position undertaken to date.

The views and feelings of all staff members are considered in line with each of the above. The results are drawn where necessary and discussed amongst Management and staff if necessary to devise a means of improving or maintaining various aspects of the setting.

Next Review: November 2023

RECORD KEEPING POLICY

Our policy is that staff should attempt to inform parents about their children in writing on a regular basis but we do not intend formal records to replace verbal contact.

Little Jungle staff will keep records of all aspects of children's development. All records will be available for inspection by the child's parents. Parents may add to the record at any time and we encourage them to contribute their observations.

Every child has their own online 'learning journey' (via Tapestry) containing observations on the experiences the children engage in which are assessed against the EYFS. Parents have constant access to this file and are also notified when new observations are posted.

Key Persons write a report to summarise a child's development with us after 6 weeks of settling in (Settling in report), between the ages of 2-3 years (2 year report) and when a child leaves us (Leavers Report), which summarises their progress across the seven areas of development. In each case, where areas of development are identified as needing specific targets to support the child to develop on par with their peers, strategies will be designed and agreed with parents. If the strategies are deemed to be needed for longer than a few weeks, a separate support plan will be designed for the child (Support Cycle) to ensure the child is appropriately supported and evidence is gathered as part of the process, to be used for any future referrals or funding applications.

Records of the children's progress are kept in each room and a tracking system for all Little Jungle children is kept by Management to ensure all children's progress is tracked appropriately. Any part of the records that is considered highly confidential or sensitive will be kept in a secure place and its existence will be noted in the child's file. If Little Jungle staff have any concerns about a child, they will inform Management and parents by writing a statement of concern.

Next Review: November 2023

RECRUITMENT AND SELECTION POLICY

The recruitment and selection process is crucially important to any equal opportunities policy. We will endeavour through appropriate training to ensure that employees making selection and recruitment decisions will not discriminate, whether consciously or unconsciously, in making these decisions.

Promotion and advancement will be made on merit and all decisions relating to this will be made within the overall framework and principles of this policy.

- Job descriptions, where used, will be revised to ensure that they are in line with our equal opportunities policy. Job requirements will be reflected accurately in any personnel specifications.
- We will adopt a consistent, non-discriminatory approach to the advertising of vacancies.
- We will not confine our recruitment to areas or media sources, which provide only, or mainly, applicants of a particular group.
- All applicants who apply for jobs with us will receive fair treatment and will be considered solely on their ability to do the job.
- All employees involved in the recruitment process will periodically review their selection criteria to ensure that they are related to the job requirements and do not unlawfully discriminate.
- Short listing and interviewing will be carried out by more than one person where possible.
- Interview questions will be related to the requirements of the job and will not be of discriminatory nature.
- We will not disqualify any applicant because he/she is unable to complete an application form unassisted unless personal completion of the form is a valid test of the standard of English required for the safe and effective performance of the job.
- Selection decisions will not be influenced by any perceived prejudices of other staff.

Staff Referrals:

Where a staff member has made a personal recommendation about a candidate and submitted the candidate's CV to Little Jungle, along with Little Jungle's Referral Form, Little Jungle will, in the event of the applicant successfully passing their probation period, make an employment referral bonus payment to that staff member who made the recommendation. The referral bonus is set at £250. per hired person.

Next Review: November 2023

RECRUITMENT OF AND CHECKS ON STAFF POLICY

Little Jungle believes that the corner stone to high standards of practice lies in the quality, commitment and professionalism of all staff employed.

Parents must feel confident that they are leaving their child/ren with skilful, experienced, responsible and well-trained staff.

We are committed to equality of opportunity, and this is stated in our equal Opportunities policy.

Next Review: November 2023

RECRUITMENT OF AND CHECKS ON STAFF PROCEDURES

- Interviews will be carried out using the normal procedures, i.e. following a set of questions, asking them about themselves, and giving them scenario situations.
- All appropriate candidates will be asked to come for a paid working trial, which must be carried out over 2 consecutive days, as a minimum (candidates from abroad may be able to carry out the working trial across a whole week), so that the staff and Managers can agree they are a good fit for their team and the school, paying particular attention to their interaction with children.
- The recruitment of staff will include a careful scrutiny of their previous employment pattern. A minimum of two professional references will be taken up and checked thoroughly. One of them must be the most recent previous employer.
- Gaps in employment should be accounted for.
- Checks should be made on all potential employees or volunteers. These must include:
 - A security check to establish identity (the potential employee is, in fact, who they say are and has authority to work in the UK).
 - Standard certificate of Criminal Record (all convictions including those which are spent and details of formal cautions).
 - A Disclosure and Barring Service (DBS) Enhanced Disclosure (Includes listing of known individuals prohibited from work with children).
 - DBS Checks should be repeated every three years for each staff member and Volunteer (unless they are signed up to the 'online check'). Directors are automatically checked by OFSTED.
- Management is responsible for ensuring that all students and agency staff have been thoroughly checked, written confirmation of checks should be held on staff personnel files.
- No member of staff will be left unsupervised until their competence and suitability has been established through a period of close supervision. Following this period staff will work without direct supervision at some times. All staff are under general supervision.
- Probation period should be made use of.

All staff at Little Jungle must have a valid DBS check, regardless if they are working directly with children or not and whether the staff are full-time, part-time, permanent or temporary.

A new DBS application will always be logged by the staff member when they join and start working at Little Jungle. The cost of this first DBS application will be borne by Little Jungle. Staff members should submit an expense form and the receipt for payment of the DBS application to the office, and payment will be made to the staff member for the full amount.

Once a DBS requires to be re-issued, this must be done by the staff member and the costs borne by that staff member. Costs associated for online DBS checks will be borne by the individual employee.

Next Review: November 2023

RISK ASSESSMENT POLICY

Little Jungle practitioners identify and manage risks to children and adults through carrying out Risks Assessments. A risk is a likelihood of a hazard occurring and the hazard is anything that could cause harm to others. All activities need to be considered, significant risks are identified, measures are put in place to control or eliminate risks and all hazards and measures are recorded.

Other risks that are identified must be controlled appropriately. For example, a child standing on a chair is a risk and must be controlled; however this would not necessarily be recorded. All risks are dealt with promptly by the Operations Manager or/and the Health and Safety Officer.

Risk assessments are required to be "suitable and sufficient", therefore all risk assessments are carried out in accordance with the Health and Safety executive and the EYFS requirements.

Each room is checked at the beginning of the day for hazards, in accordance with each room's risk assessment. These assessments are reviewed once a year or as a result of change to the room. In the event that a risk is identified throughout the day or when opening the setting, a Risk Assessment is carried out to determine the severity of the risk and an appropriate course of action to control or eliminate the hazard.

The garden area is checked for hazards before children go out for outdoor play. This check is carried out in accordance with the Little Jungle outdoor play risk assessment that is reviewed once a year or as a result of change to the area.

A risk assessment must be carried out prior to taking children on outings.

An 'expectant and newly mother' risk assessment is carried out as soon as a member of staff informs the Operations Manager of her pregnancy.

Next Review: November 2023

ROOM TEMPERATURE GUIDELINES

For children under two years old the room temperature must not be under **70f/ 21.1°C**

For children over 2 years, the room temperature must not be under **65f/ 18.3°C**

For more information regarding this section, please refer to the 'Adjusting room temperature' procedures.

Next Review: November 2023

SAFEGUARDING CHILDREN POLICY & PROCEDURES

At Little Jungle, we believe that children have the right to be cared for in an environment where they will be protected, and free to learn about the world around them. We aim to create an atmosphere in which children feel safe, and where they can learn to trust and respect the adults who care for them. The welfare of children is our main priority and parents are asked to work with the staff to ensure that their child remains safe from harm.

We are committed to taking whatever actions necessary to protect children in our care from coming to harm, this requires that we work in partnership with parents/carers, and that we share policies and procedures with new families when their child joins us. As part of that partnership, we recognise that parents/carers have expert knowledge of their children, and we will encourage them to share that information both during the settling in period and throughout the child's time at the. We also work in close co-operation with outside agencies and the community to ensure the welfare and safety of children and to give them the very best start in life.

Little Jungle follows the Safeguarding procedures and code of practice as laid down by Southwark Safeguarding Children Board. As a childcare provider, we are required by law to report any suspicions of neglect or physical, emotional or sexual child abuse. For this reason, all our staff are aware of their duties and responsibilities to be alert to any signs of possible abuse. We support the children within our care, protect them from maltreatment and have robust procedures in place to prevent the impairment of children's health and development. We strive to protect children from the risk of radicalisation and we promote acceptance and tolerance of other beliefs and cultures (please refer to our inclusion and equality policy for further information).

Safeguarding is a much wider subject than the elements covered within this single policy, therefore this document should be used in conjunction with Little Jungle's other policies and procedures.

This policy works alongside these other specific policies to cover all aspects of child protection:

- Human Trafficking and Modern Slavery
- Prevent Duty
- Domestic Violence, Honour Based Violence (HBV) and Forced Marriages
- Looked After Children

The legislations which are linked to Safeguarding Children are:

- The United Nation Convention rights of the child 1989
- The Children's act 1989 and 2004
- Childcare act 2006
- Safeguarding Vulnerable Groups Act 2006
- Children and Social Work Act 2017
- The Statutory Framework for the Early Years Foundation Stage (EYFS) 2017
- Working together to safeguard children 2018
- Keeping children safe in education 2016
- What to do if you're worried a child is being abused 2015
- Counter-Terrorism and Security Act 2015
- London Safeguarding Children's board 'London Child protection Procedures'

Safeguarding and promoting the welfare of children, in relation to this policy is defined as:

- Protecting children from maltreatment
- Preventing the impairment of children's health or development

- Ensuring that children are growing up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes.

(Definition taken from the HM Government document 'Working together to safeguard children 2018).

Policy intention

Little Jungle is aware that abuse does occur in our society and we are vigilant in identifying signs of abuse and reporting concerns. Our practitioners have a duty to protect and promote the welfare of children. Due to the many hours of care we are providing, staff may often be the first people to identify that there may be a problem. They may well be the first people in whom children confide information that may suggest abuse or to spot changes in a child's behaviour which may indicate abuse.

Our prime responsibility is the welfare and well-being of each child in our care. As such we believe we have a duty to the children, parents and staff to act quickly and responsibly in any instance that may come to our attention. This includes sharing information with any relevant agencies such as local authority services for children's social care, health professionals or the police. All staff will work with other agencies in the best interest of the child, including as part of a multi-agency team, where needed.

Little Jungle aims to:

- Keep the child at the centre of all we do
- Ensure staff are trained right from induction to understand the child protection and safeguarding policy and procedures, are alert to identify possible signs of abuse (including the signs known as softer signs of abuse), understand what is meant by child protection and are aware of the different ways in which children can be harmed, including by other children through bullying or discriminatory behaviour
- Be aware of the increased vulnerability of children with Special Educational Needs and Disabilities (SEND) and other vulnerable or isolated families and children
- Ensure that all staff feel confident and supported to act in the best interest of the child, share information and seek the help that the child may need
- Ensure that all staff are familiar and updated regularly with child protection training and procedures and kept informed of changes to local/national procedures
- Make any child protection referrals in a timely way, sharing relevant information as necessary in line with procedures set out by the Southwark Local Authority.
- Ensure that information is shared only with those people who need to know in order to protect the child and act in their best interest
- Keep the setting safe online using appropriate filters, checks and safeguards, monitoring access at all times
- Ensure that children are never placed at risk while in the care of Little Jungle staff
- Identify changes in staff behaviour and act on these as per the Staff Behaviour Policy
- Take any appropriate action relating to allegations of serious harm or abuse against any person working with children or working on the Little Jungle premises including reporting such allegations to Ofsted and other relevant authorities
- Ensure parents are fully aware of child protection policies and procedures when they register with Little Jungle and are kept informed of all updates when they occur

- Regularly review and update this policy with staff and parents where appropriate and make sure it complies with any legal requirements and any guidance or procedures issued by the Southwark Local Authority.

Types of abuse and particular procedures followed

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by harming them or by failing to act to prevent harm. Children may be abused within a family, institution or community setting by those known to them or a stranger. This could be an adult or adults, another child or children.

What to do if you're worried a child is being abused (advice for practitioners) 2015.

The signs and indicators listed below may not necessarily indicate that a child has been abused but will help us to recognise that something may be wrong, especially if a child shows a number of these symptoms or any of them to a marked degree.

Indicators of child abuse

- Failure to thrive and meet developmental milestones
- Fearful or withdrawn tendencies
- Unexplained injuries to a child or conflicting reports from parents or staff
- Repeated injuries
- Unaddressed illnesses or injuries
- Significant changes to behaviour patterns.

Softer signs of abuse as defined by National Institute for Health and Care Excellence (NICE) include:

- Low self-esteem
- Wetting and soiling
- Recurrent nightmares
- Aggressive behaviour
- Withdrawing communication
- Habitual body rocking
- Indiscriminate contact or affection seeking
- Over-friendliness towards strangers
- Excessive clinginess
- Persistently seeking attention.

Peer on peer abuse

We are aware that peer on peer abuse does take place, so we include children in our policies when we talk about potential abusers. This may take the form of bullying, physically hurting another child, emotional abuse, or sexual abuse. We will report this in the same way as we do for adults abusing children and will take advice from the appropriate bodies on this area.

Physical abuse

Action needs to be taken if staff have reason to believe that there has been a physical injury to a child, including deliberate poisoning, where there is definite knowledge or reasonable suspicion that the injury was inflicted or knowingly not prevented. These symptoms may include bruising or injuries in an area that is not usual for a child, e.g. fleshy parts of the arms and legs, back, wrists, ankles and face.

Many children will have cuts and grazes from normal childhood injuries. These should also be logged and discussed with the Team Manager or Operations Manager.

Children and babies may be abused physically through shaking or throwing. Other injuries may include burns or scalds. These are not usual childhood injuries and should always be logged and discussed with the Designated Safeguarding Lead (DSL).

Female genital mutilation

This type of physical abuse is practised as a cultural ritual by certain ethnic groups and there is now more awareness of its prevalence in some communities in England including its effect on the child and any other siblings involved. This procedure may be carried out shortly after birth and during childhood as well as adolescence, just before marriage or during a woman's first pregnancy and varies widely according to the community¹. Symptoms may include bleeding, painful areas, acute urinary retention, urinary infection, wound infection, septicaemia, incontinence, vaginal and pelvic infections with depression and post-traumatic stress disorder as well as physiological concerns. If you have concerns about a child relating to this area, you should contact children's social care team in the same way as other types of physical abuse. There is a mandatory duty to report to police any case where an act of female genital mutilation appears to have been carried out on a girl under the age of 18, we will ensure this is followed in our setting.

Breast Ironing

Breast ironing also known as "breast flattening" is the process where young girls' breasts are ironed, massaged and/or pounded down through the use of hard or heated objects in order for the breasts to disappear or delay the development of the breasts entirely. It is believed that by carrying out this act, young girls will be protected from harassment, rape, abduction and early forced marriage. Although this is unlikely to happen to children in the setting due to their age, we will ensure any signs of this in young adults or older children are followed up using the usual safeguarding referral process.

Fabricated illness

This is also a type of physical abuse. This is where a child is presented with an illness that is fabricated by the adult carer. The carer may seek out unnecessary medical treatment or investigation. The signs may include a carer exaggerating a real illness or symptoms, complete

1

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/512906/Multi_Agency_Statutory_Guidance_on_FGM_-_FINAL.pdf

fabrication of symptoms or inducing physical illness, e.g. through poisoning, starvation, inappropriate diet. This may also be presented through false allegations of abuse or encouraging the child to appear disabled or ill to obtain unnecessary treatment or specialist support.

Sexual abuse

Action needs to be taken if the staff member has witnessed an occasion(s) where a child indicated sexual activity through words, play, drawing, had an excessive preoccupation with sexual matters or had an inappropriate knowledge of adult sexual behaviour or language. This may include acting out sexual activity on dolls/toys or in the role play area with their peers, drawing pictures that are inappropriate for a child, talking about sexual activities or using sexual language or words. The child may become worried when their clothes are removed, e.g. for nappy changes.

The physical symptoms may include genital trauma, discharge and bruises between the legs or signs of a sexually transmitted disease (STD). Emotional symptoms could include a distinct change in a child's behaviour. They may be withdrawn or overly extroverted and outgoing. They may withdraw away from a particular adult and become distressed if they reach out for them, but they may also be particularly clingy to a potential abuser so all symptoms and signs should be looked at together and assessed as a whole.

If a child starts to talk openly to an adult about abuse they may be experiencing the procedure below will be followed:

Procedure:

- The adult should reassure the child and listen without interrupting if the child wishes to talk
- The observed instances will be detailed in a confidential report
- The observed instances will be reported to a DSL
- The matter will be referred to the local authority children's social care team (see reporting procedures).

Child sexual exploitation (CSE)

Working Together to Safeguard Children defines CSE as "...a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology."

We will be aware of the possibility of CSE and the signs and symptoms this may manifest as. If we have concerns, we will follow the same procedures as for other concerns and we will record and refer as appropriate.

Emotional abuse

Action should be taken if the staff member has reason to believe that there is a severe, adverse effect on the behaviour and emotional development of a child, caused by persistent or severe ill treatment or rejection.

This may include extremes of discipline where a child is shouted at or put down on a consistent basis, lack of emotional attachment by a parent, or it may include parents or carers placing inappropriate age or developmental expectations upon them. Emotional abuse may also be

imposed through the child witnessing domestic abuse and alcohol and drug misuse by adults caring for them.

The child is likely to show extremes of emotion with this type of abuse. This may include shying away from an adult who is abusing them, becoming withdrawn, aggressive or clingy in order to receive their love and attention. This type of abuse is harder to identify as the child is not likely to show any physical signs.

Neglect

Action should be taken if the staff member has reason to believe that there has been any type of neglect of a child (for example, by exposure to any kind of danger, including cold, starvation or failure to seek medical treatment, when required, on behalf of the child), which results in serious impairment of the child's health or development, including failure to thrive.

Signs may include a child persistently arriving at Little Jungle unwashed or unkempt, wearing clothes that are too small (especially shoes that may restrict the child's growth or hurt them), arriving at Little Jungle in the same nappy they went home in or a child having an illness or identified special educational need or disability that is not being addressed by the parent. A child may also be persistently hungry if a parent is withholding food or not providing enough for a child's needs.

Neglect may also be shown through emotional signs, e.g. a child may not be receiving the attention they need at home and may crave love and support at Little Jungle. They may be clingy and emotional. In addition, neglect may occur through pregnancy as a result of maternal substance abuse.

Domestic Abuse / Honour Based Violence / Forced Marriages

We look at these areas as a child protection concern. Please refer to the separate policy for further details on this.

Reporting Procedures

All staff have a responsibility to report safeguarding concerns and suspicions of abuse. These concerns will be discussed with the designated safeguarding lead (DSL) as soon as possible.

- Staff will report their concerns to a DSL
- Any signs of marks/injuries to a child or information a child has given will be recorded and stored securely
- If appropriate, the incident will be discussed with the parent/carer, such discussions will be recorded and the parent will have access to these records on request
- If there are queries/concerns regarding the injury/information given then the following procedures will take place:

The designated safeguarding lead (DSL) will:

- Contact the local authority children's social care team to report concerns and seek advice (if it is believed a child is in immediate danger, we will contact the police)
- Inform Ofsted
- Record the information and action taken relating to the concern raised
- Speak to the parents (unless advised not to do so by LA children's social care team)
- The designated safeguarding lead will follow up with the Local Authority children's social care team if they have not contacted the setting within the timeframe set out in Working Together to Safeguarding Children (2018). We will never assume that action has been taken.

Keeping children safe is our highest priority and if, for whatever reason, staff do not feel able to report concerns to the DSL or deputy DSL they should call the Local Authority children's social care team or the NSPCC and report their concerns anonymously.

These contact numbers are displayed at the top of this policy (ref. Key Contacts)

Recording Suspicions of Abuse and Disclosures

Staff should make an objective record of any observation or disclosure, supported by a designated safeguarding lead (DSL). This record should include:

- Child's name
- Child's address
- Age of the child and date of birth
- Date and time of the observation or the disclosure
- Exact words spoken by the child
- Exact position and type of any injuries or marks seen
- Exact observation of any incident including any concern was reported, with date and time; and the names of any other person present at the time
- Any discussion held with the parent(s) (where deemed appropriate).

These records should be signed by the person reporting this and the DSL or other Responsible Persons as listed on the form (Team Manager/ Operations Manager/ Director), dated and kept in a separate confidential file.

If a child starts to talk to an adult about potential abuse it is important not to promise the child complete confidentiality. This promise cannot be kept. It is vital that the child is allowed to talk openly and disclosure is not forced or words put into the child's mouth. As soon as possible after the disclosure details must be logged accurately.

It may be thought necessary that through discussion with all concerned the matter needs to be raised with the local authority children's social care team and Ofsted. Staff involved may be asked to supply details of any information/concerns they have with regard to a child. Little Jungle expects all members of staff to co-operate with the local authority children's social care, police, and Ofsted in any way necessary to ensure the safety of the children.

Staff must not make any comments either publicly or in private about the supposed or actual behaviour of a parent or member of staff.

Informing parents

Parents are normally the first point of contact. If a suspicion of abuse is recorded, parents are informed at the same time as the report is made, except where the guidance of the local authority children's social care team/police does not allow this. This will usually be the case where the parent or family member is the likely abuser or where a child may be endangered by this disclosure. In these cases, the investigating officers will inform parents.

Confidentiality

All suspicions, enquiries and external investigations are kept confidential and shared only with those who need to know. Any information is shared in line with guidance from the local authority.

Support to families

Little Jungle takes every step in its power to build up trusting and supportive relations among families, staff, students and volunteers within the setting.

Little Jungle continues to welcome the child and the family whilst enquiries are being made in relation to abuse in the home situation. Parents and families will be treated with respect in a non-judgmental manner whilst any external investigations are carried out in the best interest of the child.

Confidential records kept on a child are shared with the child's parents or those who have parental responsibility for the child, only if appropriate in line with guidance of the local authority with the proviso that the care and safety of the child is paramount. We will do all in our power to support and work with the child's family.

Allegations against adults working or volunteering with children

If an allegation is made against a member of staff, student or volunteer or any other person who lives or works on the setting premises regardless of whether the allegation relates to the Little Jungle premises or elsewhere, we will follow the procedure below.

The allegation should be reported to the DSL on duty. If this person is the subject of the allegation, then this should be reported to the Director instead.

The Local Authority Designated Officer (LADO) and Ofsted will then be informed immediately in order for this to be investigated by the appropriate bodies promptly:

- The LADO will be informed immediately for advice and guidance
- If as an individual you feel this will not be taken seriously or are worried about the allegation getting back to the person in question then it is your duty to inform the LADO yourself directly
- A full investigation will be carried out by the appropriate professionals (LADO, Ofsted) to determine how this will be handled
- Little Jungle will follow all instructions from the LADO and Ofsted and ask all staff members to do the same and co-operate where required
- Support will be provided to all those involved in an allegation throughout the external investigation in line with LADO support and advice
- Little Jungle reserves the right to suspend any member of staff during an investigation
- All enquiries/external investigations/interviews will be documented and kept in a locked file for access by the relevant authorities
- Unfounded allegations will result in all rights being reinstated
- Founded allegations will be passed on to the relevant organisations including the local authority children's social care team and where an offence is believed to have been committed, the police, and will result in the termination of employment. Ofsted will be notified immediately of this decision. Little Jungle will also notify the Disclosure and Barring Service (DBS) to ensure their records are updated
- All records will be kept until the person reaches normal retirement age or for 21 years and 3 months years if that is longer. This will ensure accurate information is available for references and future DBS checks and avoids any unnecessary reinvestigation
- Little Jungle retains the right to dismiss any member of staff in connection with founded allegations following an inquiry

Monitoring children's attendance

As part of our requirements under the statutory framework and guidance documents we are required to monitor children's attendance patterns to ensure they are consistent and no cause for concern.

Parents should inform Little Jungle prior to their children taking holidays or days off, and all sickness should be called into the setting on the day so the Little Jungle team are able to account for a child's absence.

If a child has not arrived at Little Jungle within one hour of their normal start time the parents will be called to ensure the child is safe and healthy. If the parents are not contactable then the further emergency contacts will be used to ensure all parties are safe.

Where a child is part of a child protection plan, or during a referral process, any absences will immediately be reported to the local authority children's social care team to ensure the child remains safeguarded.

This should not stop parents taking precious time with their children but enables children's attendance to be logged so we know the child is safe.

Looked after children

As part of our safeguarding practice, we will ensure our staff are aware of how to keep looked after children safe. In order to do this, we ask that we are informed of:

- The legal status of the child (e.g., whether the child is being looked after under voluntary arrangements with consent of parents or on an interim or full care order)
- Contact arrangements for the biological parents (or those with parental responsibility)
- The child's care arrangements and the levels of authority delegated to the carer by the authority looking after him/her
- The details of the child's social worker and any other support agencies involved
- Any child protection plan or care plan in place for the child in question.

Please refer to the Looked After Children policy for further details.

Staffing and volunteering

Our policy is to provide a secure and safe environment for all children. We only allow an adult who is employed by Little Jungle to care for children and who has an enhanced clearance from the Disclosure and Barring Service (DBS) to be left alone with children. We will obtain enhanced criminal records checks (DBS) for all volunteers and do not allow any volunteers to be unsupervised with children.

All staff will attend child protection training and receive initial basic child protection training during their induction period. This will include the procedures for spotting signs and behaviours of abuse and abusers/potential abusers, recording and reporting concerns and creating a safe and secure environment for the children in Little Jungle. During induction staff will be given contact details for the LADO (local authority designated officer), the local authority children's social care team and Ofsted to enable them to report any safeguarding concerns, independently, if they feel it necessary to do so.

We have named persons within Little Jungle who take lead responsibility for safeguarding and co-ordinate child protection and welfare issues, known as the Designated Safeguarding Leads (DSL), there is always at least one designated person on duty during all opening hours of the setting. These designated persons will receive comprehensive training at least every two years and update their knowledge on an ongoing basis, but at least once a year.

The Little Jungle DSL's liaise with the local authority children's social care team, undertakes specific training, including a child protection training course, and receives regular updates to developments within this field. They in turn support the ongoing development and knowledge update of all staff on the team.

Although, under the EYFS, we are only required to have one designated lead for safeguarding, for best practice and to ensure cover at all times, we have five designated leads in place. This enables safeguarding to stay high on our priorities at all times. There will always be at least one designated lead on duty at all times our provision is open. This will ensure that prompt action can be taken if concerns are raised.

The Designated Safeguarding Leads (DSL) at Little Jungle are:

- Caroline El-Semman, Director
- Maria de la Cruz Fernandez Santana, Operations Manager
- Ines Horta, Team Manager (Tigers)
- Juliana Fragoso, Team Manager (Chimps)
- Vanessa Silva, Team Manager (Crocs)

Staffing resources

- We provide adequate and appropriate staffing resources to meet the needs of all children
- Applicants for posts within the setting are clearly informed that the positions are exempt from the Rehabilitation of Offenders Act 1974. Candidates are informed of the need to carry out checks before posts can be confirmed. Where applications are rejected because of information that has been disclosed, applicants have the right to know and to challenge incorrect information
- We give staff members, volunteers and students regular opportunities to declare changes that may affect their suitability to care for the children. This includes information about their health, medication or about whether they have been given orders relating to the care of children
- This information is also stated within every member of staff's contract
- We request DBS checks on a three-yearly basis/or we use the DBS update service (with staff consent) to re-check staff's criminal history and suitability to work with children
- We abide by the requirements of the EYFS and any Ofsted guidance in respect to obtaining references and suitability checks for staff, students and volunteers, to ensure that all staff, students and volunteers working in the setting are suitable to do so
- We ensure we receive at least one written reference BEFORE a new member of staff commences employment with us
- All students will have enhanced DBS checks conducted on them before their placement starts
- Volunteers, including students, do not work unsupervised
- We abide by the requirements of the Safeguarding Vulnerable Groups Act 2006 and the Childcare Act 2006 in respect of any person who is disqualified from providing childcare, is

dismissed from our employment, or resigns in circumstances that would otherwise have led to dismissal for reasons of child protection concern

- We have procedures for recording the details of visitors to the setting and take security steps to ensure that we have control over who comes into the setting so that no unauthorised person has unsupervised access to the children
- All visitors/contractors will be supervised whilst on the premises, especially when in the areas the children use
- As a staff team we will be fully aware of how to safeguard the whole setting environment and be aware of potential dangers on the setting boundaries such as drones or strangers lingering. We will ensure the children remain safe at all times
- The staff Code of Conduct sits alongside this policy (See Employee Handbook) to enable us to monitor changes in behaviours that may cause concern. All staff sign up to this policy too to ensure any changes are reported to management so we are able to support the individual staff member and ensure the safety and care of the children is not compromised
- All staff have access to and comply with the whistleblowing policy which will enable them to share any concerns that may arise about their colleagues in an appropriate manner
- Signs of inappropriate staff behaviour may include inappropriate sexual comments; excessive one-to-one attention beyond the requirements of their usual role and responsibilities; or inappropriate sharing of images. This is not an exhaustive list, any changes in behaviour must be reported and acted upon immediately
- All staff will receive regular performance review (every six months) where opportunities will be made available to discuss any issues relating to individual children, child protection training and any needs for further support
- We use peer on peer (360 feedback) and Line Manager observations to ensure that the care we provide for children is at the highest level and any areas for staff development are quickly highlighted. Peer observations allow us to share constructive feedback, develop practice and build trust so that staff are able to share any concerns they may have. Any concerns are raised with the designated lead and dealt with in an appropriate and timely manner
- The deployment of staff within the setting allows for constant performance management and support.

Employees, students or volunteers of Little Jungle or any other person living or working on the Little Jungle premises

We have a staff Code of Conduct in place that supports us to monitor staff and changes in their character. Staff are aware of the need to disclose changes to circumstance and use the whistleblowing policy where required.

We also operate a Phones and Mobiles Phones and Social Networking policy which state how we will keep children safe from these devices whilst at Little Jungle.

Extremism – the Prevent Duty

Under the Counter-Terrorism and Security Act 2015 we have a duty to refer any concerns of extremism to the police (In Prevent priority areas the local authority will have a Prevent lead who can also provide support).

This may be a cause for concern relating to a change in behaviour of a child or family member, comments causing concern made to a member of the team (or other persons in the setting) or actions that lead staff to be worried about the safety of a child in their care. We have a Prevent Duty policy in place. Please refer to this for specific details.

Human Trafficking and Slavery

Please refer to our Human Trafficking and Slavery policy for detail on how we keep children safe in this area.

Little Jungle has a clear commitment to protecting children and promoting welfare. Should anyone believe that this policy is not being upheld, it is their duty to report the matter to the attention of the DSLs/Director at the earliest opportunity.

Little Jungle's policy on safeguarding children is one part of Little Jungle's policies on securing the safety and well-being of children. Other aspects of their welfare are covered by the following policies:

- Health & Safety
- Security of the premises
- Visitors
- Release of children
- Lost children
- Late and uncollected children
- Trips and outings

This policy on Safeguarding children needs to be seen alongside these and other operational rules and procedures, as well as Little Jungle's policies on equal opportunities, whistle blowing, special rights, confidentiality and complaints.

Next Review: November 2023

SAFEGUARDING CHILDREN ONLINE POLICY

There may be times when Little Jungle staff will interact with attending Little Jungle children via digital means (e.g., video calls), for example when children are self-isolating at home, due to a pandemic. Our normal safeguarding policy and procedures apply, but these are appended by the following for any such interaction:

1. Staff must only use school online accounts (e.g., for Skype or Zoom calls) for online sessions. These sessions must be scheduled in advance by emailing the details to the parents of the child(ren). Parents should reply to the invitation to confirm attendance.
2. Children attending an online session must be accompanied by parents on any online session (or a responsible person over the age of 16).
3. Staff will take a register of all children attending an online session.
4. Parents should be aware of the children's clothing and background.
5. Sessions will only be run at normal operating Little Jungle operating hours.
6. There should be no one-to-one sessions between staff and children, without the parent (or responsible person over the age of 16) present.
7. If staff members are calling parents mobile phone or landline numbers should be blocked to avoid sharing of personal information.
8. Parents and staff members should not contact each other during Little Jungle operating hours via messaging platforms (WhatsApp) or text message / SMS.

Next review: October 2023

SETTLING-IN POLICY

Starting at a new environment for the first time can be a major adjustment for young children. At Little Jungle, we recognise what an emotional time this can be for children and their parents.

We aim to ensure that a child's introduction to our setting is as stress-free as possible. To achieve this, once a place has been offered, we invite parent and child to visit the setting prior to the child's official start date.

This helps to familiarise the child with the setting, the staff and the other children and provides parents with the opportunity to give their journey to Little Jungle (and back) a trial run.

A child who is tense or unhappy will not be able to play or learn properly, so it is important for parents and staff to work together to help the child feel confident and secure in the group. This takes longer for some children and parents should not feel worried if their child takes a while to settle, as very few children fail to settle eventually.

In order to ease the separation process, we encourage parents to stay with their child a little and then leave him/her for short periods. The more the child comes and experiences the activities on offer and sees their parent/s interacting with the staff, the more settled he/she will feel.

To see our recommended programme to introduce children to life at Little Jungle, please refer to the 'Settling-in Procedure' section of this document.

We understand how important it is for parents/ carers to feel their child has settled in as well as possible. For this reason, Little Jungle will contact the parents of settling children if their child appears to be in any way distressed.

In the unlikely event that a child does not seem to settle at Little Jungle the Team Manager and/or Operations Manager will review the situation with the parents and discuss the options, including termination of the contract. Such termination is at the sole discretion of the Management team.

Next Review: November 2023

SETTLING-IN PROCEDURES

As an introduction to life at Little Jungle, we operate the following programme for every family:

The first part of the settling in process is a 'getting to know your child', taking place the week before the child starts, during which time the child's key person will take time to go through the information provided by the parent/s to get to know the child. Where there are any questions, the Key Person will address these with the parent either prior to or during the 'Stay and Play' sessions.

Parents are also encouraged to ask questions at all points in the process and for this reason, will be invited to take part in a short online session in this first week, where their Team Manager will take them through the key points of our routine and day to day processes, to familiarise parents with our approach and reassure them by answering any questions. This is also a great way to begin building relationships between home and school, as well as amongst parents.

For the second part of the settling-in process, parent and child will be invited to attend a 'stay and play' session, for three consecutive days prior to their first day of attendance, along with any other families settling in that week. Each 'stay and play' session lasts a couple of hours and is an opportunity for parents to get to know the families of their child's forming friendship group, as well as their Key Person and team. As children are strong social learners, it is also an opportunity for children to experience the forming of relationships, and absorb the culture of positive socialisation, in the reassuring and role-modelling presence of their parents.

As the child becomes comfortable with their surroundings, they will be encouraged to explore or get involved in activities whilst their parent/s walk around the setting, getting the child used to seeing them coming and going.

Gradually, parents will be encouraged to move around the room/s and building, demonstrating their confidence of the people and spaces to their child.

For their first full day with us, we encourage parents to say 'goodbye' to their child in a warm and loving, but swift and confident manner, helping to build confidence in their child that he is staying in a fun and safe place.

Parents are free to ring the setting to check on their child at any time. We recommend keeping days short (although picking up ideally not before 16:00) for the first few days or until the child is comfortable with the Little Jungle staff and other children.

Comforters are welcome, where already used by the child, to ease the emotional distress and until the child feels confident and settled in the environment.

All children are individuals and therefore there are no hard and fast rules for settling-in (a child may be used to other settings or it may be the first time they have been separated from their parents/ carers). If a child needs longer to settle, this can be arranged and different times of the day can be tried, such as circle time, play time or garden time.

We would always contact parents if their child appears to be in any way distressed. We understand how important it is for parents/ carers to feel their child has settled in as well as possible.

Other things that should be considered:

- Specific arrangements for a child's settling-in week should be discussed with the Operations Manager prior to the agreed start date.
- If at any time during settling in the Key Person is not around, the child will be given an alternative Key Person and a 'plan B' for staff absences and breaks will be put in place.
- We encourage parents to speak to their child about their time at Little Jungle and reassure them before they come in the next day.
- Children cannot play or learn successfully if they are anxious and unhappy. Our settling procedures aim to help parents to help their children to feel comfortable at Little Jungle, to benefit from what there is on offer, and to be confident that their parents will return at the end of the session/day.

The usual settling in period for any child is considered to last about 6 weeks. After this time, a baseline assessment of that child's development will be made and a settling-in report will be written by their Key Person, to ensure their learning can be fully supported through our curriculum.

Next Review: November 2023

SIGNING CHILDREN IN AND OUT SAFELY PROCEDURE

All children visiting Little Jungle on a booked session basis will remain under the supervisory responsibility of their parents until those children have been 'signed in'. Once 'signed in', children remain under the supervisory responsibility of Little Jungle staff until they are once again 'signed out' by a member of staff.

In this case, 'signed in' is defined as the moment a parent has said goodbye to their child and 'signed out' is defined as the moment a parent makes contact with their child.

Next Review: November 2023

SLEEP POLICY

Little Jungle identifies the importance of offering children a quiet area where they may relax and have a sleep during the day. After lunch, mats and sleeping bags will be provided for older children who wish to nap.

In the case of younger children, we will endeavour to follow a child's timetable by implementing the routine they have at home and allocating them their own personal mat and sleeping bag, in a separate sleeping room, which they can access whenever they need to sleep.

- The children will always be supervised during their sleep time and staff members will conduct physical checks on them to ensure they are breathing normally and are not hot or cold.
- The room temperature will be maintained at 18-20 C steadily throughout the day.
- Outdoor clothing (shoes / coats) and bibs will be removed so that children are comfortable.
- Children will be encouraged to snuggle with their comfort objects from home. Staff members will ensure that they are kept away from their faces during their sleep time.
- We do not allow the use of bottles and beakers during sleep time, due to health risks.
- An individual child sleep requirements sheet will be displayed in each sleeping area.
- Sleep times are recorded in a chart available for parents' information.
- Bedding is changed weekly for full time children and on the last day of weekly attendance of part time children, or more regularly, where required.

Next Review: November 2023

SOCIAL NETWORKING POLICY

Social media is a large part of the world we live in and as such at Little Jungle we need to make sure we protect our children by having procedures in place for safe use.

We use Facebook and Twitter, and in order to safeguard children we will:

- Never post identifiable pictures or information regarding a child on social media.
- Monitor comments on all posts and address any concerns immediately.

Staff use of social media:

We require our staff to be responsible and professional in their use of social networking sites in relation to any connection to the Little Jungle, Little Jungle staff, parents or children. When using social networking sites staff must:

- Not name the setting they work at
- Not make comments relating to their work or post pictures of them at work
- Not send private messages to any parents/ children's family members
- If a parent asks questions relating to work via social networking sites, then staff should reply asking them to contact Little Jungle directly
- Report any concerning comments or questions from parents to the Safeguarding Lead
- Follow the Employee Code of Conduct.
- Not post anything that could be construed to have any impact on Little Jungle's reputation or relate to Little Jungle or any children attending the setting in any way

If any of the above points are not followed then the member of staff involved may face disciplinary action, which could result in dismissal.

Parents and visitors' use of social networking

We promote the safety and welfare of all staff and children and therefore ask parents and visitors not to post, publicly or privately, information about any child on social media sites such as Facebook, Instagram, Twitter etc. We ask all parents and visitors to follow this policy to ensure that information about children, images and information do not fall into the wrong hands.

We ask parents not to:

- Send friend requests to any member of Little Jungle staff
- Screen shot or share any posts or pictures from the setting on social media platforms
- Post any photographs to social media that have been supplied by Little Jungle with other children in them (e.g., photographs from an activity at Little Jungle)

Next Review: November 2023

SPECIFIC MEDICAL EMERGENCIES PROCEDURES

Some children may have specific conditions, which may necessitate emergency treatment, for example:

- Children with severe allergies, Children with epilepsy or Children with diabetes

An individual care plan must be available for each child (See 'Health care plans' policy).

Staff should check expiry dates on all emergency drugs on a monthly basis and this should also be recorded.

Staff must have specific training in dealing with specific medical emergencies relevant to the child/ren in their care and this should be done in conjunction with the Parents /Carers and relevant professionals.

Medication will never be given without the prior written request of the parent/carers and a written and signed instruction from the child's GP, including frequency, dosage; any potential side effects and any other pertinent information (see Administering Medication Consent Form).

A qualified member of staff will be assigned to administer medication for each individual child concerned. They will also be responsible for ensuring that:

- Prior consent is arranged.
- All necessary details are recorded.
- That the medication is properly labelled and safely stored during session.
- The label on the medication corresponds with completed information on the Administration of Medication Consent Form.
- If reaction occurs, this is recorded in the illness form. The child's parents and G.P. should be contacted straight away.
- Another member of staff acts as a witness to ensure that the correct dosage is given.
- Parents/carers sign in the Medication Record folder to acknowledge that the medication has been given.

If for any reason a child refuses to take their medication, staff will not attempt to force them to do so against their wishes. If and when such a situation occurs, the Team Manager and the child's parent/carers will be notified, and the incident form will be completed.

Staff will not administer 'over the counter' medication, only that prescribed by the child's GP. If there is any change in the type of medication – whether regarding dosage or other changes to the information given on the Administering Medication Consent Form – a new form must be completed.

A new medication form must be completed daily even if the child is having a course of medication, which will last for some days. Full details of all medication administered along with all 'Administering medication consent forms', will be recorded and stored in the 'Medication record folder' kept in the office.

Note: This policy may be read in line with our policies on 'Nappy Cream' and 'Sun Cream'

STAFF RETENTION POLICY

At Little Jungle, we invest a lot of time, effort and money in recruiting and developing our staff, to ensure that your child is cared for and developed to their full potential. And we understand that parents may come to see them as an extension of their family. To help us protect the integrity of our staff, we are obliged to inform you that our terms of employment prohibit them from soliciting or transacting business* with any client of Little Jungle during or after their employment with Little Jungle. Any attempts from clients to entice staff to breach their contract may be subject to exclusion from Little Jungle and/ or legal action.

(*this excludes out-of-hours babysitting work)

Next Review: November 2023

STAFF TRAINING AND DEVELOPMENT POLICY

All categories of staff (including Volunteers) will receive an induction from members of the Management Team. Staff are required to undertake certain training which is considered necessary to the efficient operation of the service, and such training will be given with the minimum of delay.

Such training may take place during the week or on weekends, depending on the training required and availability of training providers. All staff will always be given plenty of notice to attend such training and will be paid for their time.

Where training costs represent a substantial investment by Little Jungle, staff associated to that training may be asked to sign a training cost form, asking them to commit to a certain length of employment following the investment, or to repay the cost of the training, pro-rata to the time of length elapsed since the investment was made.

Next Review: November 2023

STAFF BENEFITS (ADDITIONAL STAFF BENEFITS)

Once a staff member has passed their probation period at Little Jungle the following additional benefits will apply:

Support staff members to purchase a bicycle supporting them in their commute to work:

If a staff member would like to buy a bicycle to enable them to cycle to work, they will be able to apply for this by submitting the Little Jungle Bicycle for Work Application Form. If this form is approved, a payment of up to £150, or up to the value of the bicycle (if less than £150) will be made to the staff member's bank account. Only one Little Jungle Bicycle for Work Application Form can be submitted for any one staff member, and the bicycle should be used as the primary way of commuting to and from work. The bicycle remains the ownership of the staff member. If the staff member leaves the company within 6 months of receiving the payment, then this will be deducted from their last payroll payment or must be re-imbursed by the staff member. This benefit cannot be used to purchase accessories (helmets, bike chains), cannot be transferred or used for any other purpose (e.g., buying an electric scooter, roller skates etc).

Long service bonus scheme:

All Little Jungle staff members are eligible for the following long service bonus scheme. The bonus will be paid in the year of the anniversary of their long service, with additional annual leave entitlements being added in that same month.

Over 5 years' service: £500 bonus payment + 2 additional annual leave days from that point onwards (pro-rata for the year). These two additional days will be added to your annual total leave entitlement each preceding year.

Over 7 years' service: £700 bonus payment + 2 additional annual leave days from that point onwards (pro-rata for the year). These two additional days will be added to your annual total leave entitlement each preceding year.

Over 10 years' service: £2,500 bonus payment + 2 additional annual leave days from that point onwards (pro-rata for the year). These two additional days will be added to your annual total leave entitlement each preceding year.

This means that the total annual leave entitlement for someone who has worked at Little Jungle for 10 years will be 34 days (28 days + 6 additional days). This does not include the birthday day off or Christmas closure days off.

Annual Clothing Allowance:

Each year all staff members employed at that point will receive a £100 gift card to support with clothing costs.

SUN PROTECTION & SUN SCREEN POLICY

At Little Jungle we encourage the use of the outdoors in our daily curriculum. For this reason, we acknowledge and stress the importance of sun protection to ensure our staff and children enjoy the sun safely. On sunny days, we will work with staff and parents to achieve this through:

- Encouraging children to sit/play in the shade where it is available.
- Ensuring that children spend more time playing outside before 11am and after 3pm and less time outside over lunch.
- Ensuring that children wear hats that cover the ears, face and neck especially between 11am and 3pm.

Sunscreen:

To simplify our operations and ensure the highest level of sun safety to the children in our care, Little Jungle will provide its own Factor 50+ Suncream, for sensitive skin. The cost of this has been factored into each child's monthly fee.

Should a child need a more dermatologically sensitive product, parents are asked to bring in their own product. We regret that no deduction in fee will be made for this.

Next Review: November 2023

SUPPORTING CHILDREN TO LEARN TO USE THE TOILET POLICY

At Little Jungle, we believe whole-heartedly in children's capabilities. Children are curious, competent learners, able to make connections, from which they build their own understanding and learning.

Our role is to observe and listen; to tune in to the way they communicate and support their learning through encouragement and praise and by providing them with opportunities to make those connections. Helping children to move from nappies to self-sufficiently using the toilet is no exception. And although it is a very natural process, it can be achieved in a very short and 'painless' (for parents!) way.

Our approach demands respect for the child and trust that he can do it. For this reason, we do not like using the phrase 'toilet training', which carries connotations of training an animal. Instead, we refer to "helping your child to learn to use the toilet". It is all about the process of learning; a process we are enabling and supporting, but which the child owns.

When a child starts to show signs that they are becoming aware of their bodily functions and is able to express his needs (the most important signs of readiness to learn to use the toilet), we will arrange a convenient time to meet with the parent/s and discuss their plans on toilet training their child.

It is unusual for a child to be ready to use the toilet much before their second birthday and for some children it can be a lot later. Parents should not be concerned if their child shows no signs of being ready. Also, some children take to using the toilet overnight; for some it is a longer process. Consistency is key.

However, to give your child the best chance of succeeding in their transition to using the toilet effectively, it is very important that we work together to support them. For this reason, we ask that we discuss the process together

For this reason, we have developed a separate guide to help parents support their child's learning process for using the toilet over 3 days. It is also important to note that once a child has transitioned from nappies to underwear, this should be kept consistent, and children should not be put back into nappies, which could risk confusing the child with different messages. Staff will provide parents with daily feedback on how they are progressing with the learning process. They are experienced in helping parents decide if their child is ready to learn to use the toilet, so please do not hesitate to ask for advice or support.

The toilets at the setting are small children's toilets so we do not use potties unless specifically requested by parents who must then provide one for their child to use.

Good hygiene practices are always followed at the setting and the children are shown how to use the toilet and how to wash their hands each time they use the toilet. Accidents will be dealt with calmly, sympathetically and in a way that does not make the child feel they have done anything wrong.

Next Review: November 2023

SWINE FLU POLICY

Our priority at Little Jungle is to co-operate with the authorities in helping to prevent the spread of Swine Flu (or any other infectious disease).

In the event of a child, staff member or a member of their immediate family becoming ill with Swine Flu, Little Jungle will work with the Health Protection Agency to minimise risk to children and staff.

Little Jungle will close if advised to do so by the HPA. We will seek advice from the local authority and the HPA regarding re-opening. We will keep parents and staff informed via telephone and email as the situation progresses.

Next Review: November 2023

SWINE FLU PROCEDURE

It is important for all parents and carers to be aware of the following procedures:

If Parents suspect that they or their child or any member of their immediate family may be showing any flu like symptoms, we would advise them to seek medical advice prior to coming into the setting. We also ask that they telephone the setting on **020 7277 7171** to advise us of the situation and likewise keep us informed of any further developments.

In the event that one or more cases are confirmed/ suspected at our setting:

First case of Swine flu within Little Jungle

- All parents will receive a letter that a case is suspected at the setting, and a notice will be placed on all rooms' notice boards.

Further cases confirmed/suspected

- All parents will be notified again and a notice will be on the notice boards.
- We will continue our current exclusion procedure for infection control i.e. children or staff showing symptoms will be excluded, in the same manner that we would exclude for any other virus e.g. chicken pox. The exclusion time would be the duration of the course of medication, which is usually 10 days.
- Where a case is confirmed in a parent they will be unable to drop off or pick up their child/children whilst on the course of medication, which is usually 5 days. If the child is not showing any symptoms they will still be able to attend the setting if brought in by a well relative or friend, unless the **HPA** excludes them.
- We would like to reassure parents that the continued wellbeing of all of our children is of paramount importance to us. Our hygiene standards are already very high and one of our top priorities for minimising any risks of cross-contamination. We now have put in place the following extra hygiene precautions at the setting:
 - We have installed sanitizing anti-bacterial hand foam at the entrance of the setting. We request for anyone entering the setting to make full use of it. We ask Parents to be responsible for their child using the foam at drop off times before they are handed over to our staff.
 - Staff will sanitise work surfaces, door handles, toilet handles, taps... etc. a minimum of twice per day.
 - We will continue to communicate with you regularly with any further changes to procedures.
 - We ask parents to communicate with us any incidence of direct or indirect contact with suspected / confirmed cases of swine flu. In this manner we will have the very best possible chance of keeping the setting open.

Swine Flu Symptoms

The symptoms of swine flu are broadly the same as those of ordinary flu, but may be more severe and cause more serious complications.

Typical symptoms are:

- Sudden fever (a high body temperature of over 38C or 100.4F)
- Sudden cough

Other Symptoms May Include:

- Headache
- Tiredness
- Chills
- Aching muscles
- Limb or joint pain
- Diarrhoea or Stomach upset
- Sore Throat
- Runny Nose
- Sneezing
- Loss of Appetite

Should you have any concerns or other issues please do not hesitate to speak to the Little Jungle's Operations Manager and Health & Safety Officer.

Next Review: November 2023

TERMINATION OF REGISTRATION

This may occur when:

- a. The child has reached the age limit
Parents/carers will be expected to terminate their registration by giving two full calendar months' notice, in writing, to the Director.
- b. A child fails to settle
If a child fails to settle after their settling in period/ extended settling in period, then the Agreement may be cancelled and the deposit returned. The contract will therefore be terminated with immediate effect.
- c. It is deemed that Little Jungle is unable to meet the needs of a child, whether this is through lack of resource, equipment, knowledge and skills (that cannot be addressed quickly enough to keep the child or other children safe) or general human resource support (such as to provide more targeted 1-2-1 support).
- d. Parents fail to pay the Little Jungle fees on time
- e. It is deemed by Management that the relationship between Little Jungle and the family is beyond reconciliation.

We reserve the right to suspend or terminate care of any child without notice, should it be deemed necessary for the overall safety and well-being of staff and/or other children in our care.

Next Review: November 2023

THE EARLY YEARS CURRICULUM

In the UK, the Childcare Act 2006, requires that every registered early years childcare provider must comply with the Welfare and Learning and Development requirements laid out in the Early Years Foundation Stage (EYFS).

The EYFS is shaped around four guiding principles that apply to all children from birth to 5 years. These are:

- every child is a **unique child**, who is constantly learning and can be resilient, capable, confident and self-assured;
- children learn to be strong and independent through **positive relationships**;
- children learn and develop well in **enabling environments**, in which their experiences respond to their individual needs and there is a strong partnership between practitioners and parents and/or carers; and
- **Children develop and learn in different ways and at different rates**. The framework covers the education and care of all children in early years provision, including children with special educational needs and disabilities.

These principles underpin all experiences offered to the children by our Educators; experiences which are also used to assess children's development against seven areas of learning set out below:

The prime areas

- 1) **Personal, social and emotional development**, which involves helping children to develop a positive sense of themselves, and others; to form positive relationships and develop respect for others; to develop social skills and learn how to manage their feelings; to understand appropriate behaviour in groups; and to have confidence in their own abilities.
- 2) **Communication and language**, which involves giving children opportunities to experience a rich language environment; to develop their confidence and skills in expressing themselves; and to speak and listen in a range of situations.
- 3) **Physical development**, which involves providing opportunities for young children to be active and interactive; and to develop their co-ordination, control, and movement. Children must also be helped to understand the importance of physical activity, and to make healthy choices in relation to food.

The specific areas

- 4) **Literacy**, which involves encouraging children to link sounds and letters and to begin to read and write. Children must be given access to a wide range of reading materials (books, poems, and other written materials) to ignite their interest.
- 5) **Mathematics**, which involves providing children with opportunities to develop and improve their skills in counting, understanding and using numbers, calculating simple addition and subtraction problems; and to describe shapes, spaces, and measures.

- 6) **Understanding the world**, which involves guiding children to make sense of their physical world and their community through opportunities to explore, observe and find out about people, places, technology and the environment.
- 7) **Expressive arts and design**, which involves enabling children to explore and play with a wide range of media and materials, as well as providing opportunities and encouragement for sharing their thoughts, ideas and feelings through a variety of activities in art, music, movement, dance, role-play, and design and technology.

Each of these areas of development is defined by early learning goals (ref.: *The Early Years Foundation Stage Statutory Requirements*), which all children are required to have achieved by the end of reception year.

Following children's enquiries and fascinations, our Educators plan experiences to further children's explorations and encourage them to develop their natural curiosity, whilst exposing them to different media, supporting them to learn new skills and helping them to become competent researchers. In doing this, we aim to move them naturally towards those early learning goals and prepare them for the next stage in their development and education, i.e., reception.

During their time with us, we use the '*Birth to 5 matters*' guidelines to identify the stage of development children are observed to have reached across these areas of development. However, if children are assessed below the 'expected' stage of development for their current age, we do not assume they are falling behind, as all children are unique and develop at different rates. Instead, we support the children, giving priority to developing their emotional confidence so that their creativity, open-ness and willingness to learn remain strong.

Next Review: November 2023

THE LEARNING AND DEVELOPMENT REQUIREMENTS

It is Little Jungle's policy not to impose academic pressure on children of this age.

Our curriculum is based primarily on our children's enquiries, so we do a lot of listening and we encourage children to explore the world through play and artistic media such as clay, paint, and model making.

The educational experience we provide is generated on an ongoing basis by the questions, ideas and theories which the children express, either verbally or through their play, and supported by the skills, experience and knowledge of the Educators working alongside them. This respect for children's ideas and theories reflects our belief in children as being competent, confident individuals, with the right to actively participate in and structure their own learning. In doing so, we help children to develop skills and knowledge across all areas of learning, and the ability and confidence to become the freethinkers of the future.

Alongside this, we are committed to the principles of the Early Years Foundation Stage and work to ensure the children in our care are given as many opportunities as possible to develop their skills and knowledge across all areas of the EYFS.

In planning for the children's experiences and supporting them during their play, our Educators reflect on the different ways that children learn and demonstrate their engagement and learning through the characteristics of learning. I.e.:

- 1) **Playing and exploring** - children investigate and experience things, and 'have a go';
- 2) **Active learning** - children concentrate and keep on trying if they encounter difficulties, and enjoy achievements; and
- 3) **Creating and thinking critically** - children have and develop their own ideas, make links between ideas, and develop strategies for doing things.

Children are given time and space to investigate the world around them, form questions and ideas and to reflect on their learning. Practitioners observe children, listen to their questions, interpret their exploration and plan to provide opportunities that reflect and extend on the children's fascinations, knowledge and abilities. This is done on a weekly basis and through continuous reflection to help us create an emergent, child-led curriculum, rich in different media and forms of expression through which children can develop confidently and with fun.

A copy of the weekly plan is displayed in each room, highlighting the lines of enquiry currently under exploration, the experiences planned against them.

Parents/ carers are kept informed about our emergent curriculum and events through regular newsletters, our Events Calendar displayed online and on the parents' noticeboard within the setting.

Next Review: November 2023

THE RECOVERY OF OUTSTANDING FEES PROCEDURE

Where payment of a month's fees has been left outstanding, a meeting between the Little Jungle Director and parent will be held to consider the circumstances.

Where no extenuating circumstances exist, a standard letter will be issued informing the parent that they have reached this threshold and that if they wish to continue using the services of Little Jungle, they should make arrangements to clear the balance immediately.

In the event that the fees are still left unpaid, the following actions will come into effect:

1. Access to Little Jungle services will be withdrawn.
2. County court recovery proceedings will commence.
3. A letter informing the parent of this point will be sent out.
4. Management reserve the discretionary option to continue to provide Little jungle services during this period of debt recovery on a strict 'cash in advance' basis.

Next Review: November 2023

THREATENING BEHAVIOUR POLICY

All staff working at Little Jungle are entitled to work in a safe and secure and respectful environment. Any person/s who verbally threatens or shows disrespect for any member of staff will be dealt with accordingly and may be asked to leave the premises.

Depending on the severity of the behaviour, the offender may not be permitted into the setting again. In the case of physical violence, the police will be called, and their attendance insisted upon. We may also support our staff in private prosecutions against the perpetrators of physical or racial abuse.

Likewise, any staff using threatening behaviour could face disciplinary action and possible termination of contract.

We reserve the right to suspend or terminate care of any child without notice, should it be deemed necessary for the overall safety and well-being of staff and/or other children in our care.

Next Review: November 2023

USE OF CAMERAS

Under no circumstances should any Staff be taking photographs with a personal camera or mobile phone camera. Photographs are only permitted to be taken when they are authorized and with the Little Jungle camera. Failure to follow this procedure will result in disciplinary action and may lead to termination of their employment.

Little Jungle has in place a CCTV system. This is for quality assurance purposes, to allow the Management to monitor the quality of care and education across the setting. It can also be used for investigative safeguarding purposes.

The footage recorded is stored on a mains hard drive and is wiped on a 15 day cycle. It is not intended and should never be used for any other purpose and should not be copied without prior authorization of the Director.

Next Review: November 2023

VISITORS POLICY

From time to time, and for various reasons, we will have visitors at Little Jungle. It is our duty to ensure the safety of the children as well as the staff remains a priority at all times.

Any visitors to the setting can only gain access via the security-controlled front door, which can only be operated by a member of staff.

When children have access to the garden, the garden gate will be locked so that no-one can gain access to the garden without a member of staff granting entry.

All staff are made aware of this policy.

Visitors must state the purpose of the visit is or whom they are coming to see and provide identification. This identification should be validated if a member of staff is at all unsure. This should be done by calling the department they represent to confirm their visit.

It is better to be safe and sure than to be at risk.

All visitors to Little Jungle will sign the 'Visitors' book' on arrival and departure. They must sign into the visitors' book as soon as they arrive and be escorted to the appropriate room by a qualified member of staff. The 'visitor's book' can be found in the main preschool room.

Visitors must only be left unattended if they have been pre-authorised to do so by a member of the Management team and this should always be communicated to the office.

In all other cases, visitors should always be accompanied by a member of staff and will remain the responsibility of the person they are visiting (referenced on their visitor's badge). Before leaving the premises visitors must first sign out in the office and must be seen out by a member of staff.

Visitors are required to provide the following information:

- The time/departure of the visitor.
- Purpose of visit.
- A signature.

Under **no** circumstances is any visitor to be left with a child unless they are the approved person who has authority from the child's parent to collect a child.

All visitors will be required to turn off their mobiles during their visit at the setting, in all main rooms.

Next Review: November 2023

WHISTLE-BLOWERS

If an Employee believes that the company is involved in any form of wrongdoing such as:

- Committing a criminal offence
- Failing to comply with a legal obligation
- Endangering the health and safety of an individual
- Environmental damage
- Concealing any information relating to the above

They should in the first instance report their concerns to the Director who will treat the matter with complete confidence. If they are not satisfied with the explanation or reason given to them, they should raise the matter with the appropriate organisation or body, e.g. the Police, the Environment Agency, Health and Safety Executive or Social Services Department.

The Public Interest Disclosure Act 1998 prevents such Employee from suffering a detriment or having their contract terminated for 'whistle-blowing' and we take very seriously any concerns, which they may raise under this legislation.

We encourage all Staff to use the procedure if they are concerned about any wrong doing at work. However, if the procedure has not been invoked in good faith (e.g. for malicious reasons or in pursuit of a personal grudge), then it will make the Employee in question liable to immediate termination of engagement or such lesser disciplinary sanction as may be appropriate in the circumstances.

Next Review: November 2023

WORKING FROM HOME/ REMOTE WORKING POLICY

Introduction:

- For a variety of reasons, and with varying degrees of frequency, staff may undertake some of their duties away from their normal place of work on Little Jungle premises. Whilst there is an expectation that normally staff will be in the workplace, it is accepted that there may be infrequent circumstances where working from home is mutually beneficial for the setting and staff member.
- This policy defines arrangements for working from home to perform Little Jungle work, set out entitlements, eligibility criteria and other conditions that apply, as well as to provide a clear approach to working from home
- The intention is that this will ensure fair treatment and consistency of approach, which is understood by all Little Jungle staff members.
- Working from home arrangements will be rare, and each day where work is undertaken away from the Little Jungle premises must be pre-approved in writing and filed in the employee file by the Operations Manager.

Purpose:

- Working from home means performance of Little Jungle work for agreed hours from the home (i.e., normally in the employee's private dwelling) or another remote location. The arrangements are based on a philosophy of trust and mutual benefit.
- Little Jungle is mindful that working from home:
 - Can be mutually beneficial where work needs to be done with minimum distraction or interruption.
 - Assist with flexibility around reasonable caring, dependent or domestic responsibilities.
- However, working from home:
 - Is voluntary and is not intended to create a situation where staff feel obliged to work excessive hours and should not create additional workload for other employees, or otherwise affect operational efficiency and effectiveness.
 - Is not a contractual right through either express or implied terms.
 - Will not alter an employee's terms and conditions of employment.
 - Does not attract subsidy since the benefits are seen as being mutual.
 - Does not normally mean that equipment will be provided by the setting for use at home.
 - Arrangements will be subject to review to ensure that they remain appropriate for all parties and may be modified through discussion.
 - Must be approved by one of the Directors.

Scope:

This policy can be applied in principle to all Little Jungle employees, regardless of contract type or duration, other than those employed on a casual basis, although it is recognised that because of the nature of some roles, home working is not practical or even possible.

Certain roles have aspects for which working from home would appear to be well suited, and some examples as given below:

- Report writing
- Desk based research
- Completion of notes or minutes
- Preparation or administration

Positions with the following requirements will not normally be considered for home working:

- Direct contact with children (particularly where ratio need to be maintained)
- Being a member of a team who needs to have frequent contact with other team members
- Servicing and serving Little Jungle facilities or assets (e.g., kitchen, caretaker, cleaner)
- High level of supervision or line management responsibility

Health and safety considerations:

- Most of the work that staff would undertake at home is paper-based work or work on a computer, and as such should not introduce health and safety risks not already present in the home environment.
- The home worker should refer to the policy regarding lone working.

Key information for employees who wish to home work:

- Little Jungle will not normally provide the employee with additional IT equipment, phone, broadband connection or furniture to work from home.
- The employee is responsible for ensuring that they have suitable telephone and broadband services where required, and for contacting their service provider in the event of any technical issues.
- Employees who are using Little Jungle supplied and supported equipment can receive support, but if the issue cannot be resolved by telephone, they will be required to bring the equipment on-site, as home visits are not possible.
- All employees are required to use their own and supplied equipment correctly and to take reasonable steps to maintain any equipment provided, removing defective equipment from use and reporting defects on supplied equipment to their line manager or the office.
- Little Jungle equipment may not be used by others i.e., family and friends etc.

Security of information / data protection:

- Appropriate security must be obtained for all Little Jungle information stored on a computer (including back-up arrangements) and there must be secure storage for any confidential information. Employees are responsible for ensuring the security of Little Jungle property and all Little Jungle information, files, documents, data etc. within their possession, including both paper and electronic material.
- Staff should discuss the security implications of working from home with their line manager or one of the Directors.
- All information / documentation created or amended away from Little Jungle premises must not contain children's full names, and must be anonymised (for example if an employee is working on a child's leavers report this report should not contain the child's first and last name, instead the child should be referred to only by his or her first name. this also applies to the document file name).
- Staff may not remove any hard copy files from the Little Jungle premises without express written permission by one of the Directors.

In most cases it will not be necessary for employees to transfer private or confidential information from the setting to home as these files should be stored and accessed by using either Tapestry, Doc Monster or a Little Jungle approved encrypted USB storage device. These methods avoid the need to store any data on the local computer / non-Little Jungle device (iPad / laptop).

All home workers are required to adhere to the Little Jungle DATA PROTECTION AND CONFIDENTIALITY POLICY as well as the Little Jungle Privacy Policy whilst undertaking Little Jungle business.

Insurance:

- The employee must understand that it is their responsibility to assess the implications for them of home working, for example with respect to taxation, insurance, mortgage, rental or leasing arrangements. Homeworking will be agreed on the basis that the employee has addressed any potential issues.
- Little Jungle equipment would be covered by Little Jungle's own insurance.

Costs/expenses:

- No contribution will be made by the setting towards normal household expenses attached to home working, such as heating, lighting or council tax costs.
- When an employee is working at or from home, journeys made to Little Jungle will not be reimbursed as normal home to work rules apply.

Communication:

- Good communication is an essential part of any successful home working arrangement. Provision must be made to allow effective communication with work colleagues during the working day.
- Employees must be contactable throughout normal working hours by the line manager and other Little Jungle employees. The arrangements for contact should be agreed prior to working from home. The employee's home phone number and home address may not be divulged without their express permission.
- Under no circumstances are arrangements to be made for children, parents or other Little Jungle staff to meet with the employee at their home. All such meetings should be carried out at the setting or a similar professional setting in order to maintain the necessary level of professionalism and safety.

Requests for home working:

- This policy should ensure an appropriate and equitable response to employee requests for home working, with decisions taken and communicated in an efficient and fair manner. It is granted at Little Jungle's discretion and requires the written approval of the appropriate line manager and Directors following discussion with the employee.
- An employee should approach their line manager with a request for home working, and a rationale for why this request is being made (for example to enable them to complete a report). Normally this rationale will outline the benefits of working from home and the expected outcomes. Final approval must however be granted by the Directors.
- A line manager and/or Director may refuse a request to work from home, but should aim to be as flexible as possible in accommodating such a request.

Responsibilities

Line Manager / Director responsibilities:

- To consider requests for home working and how this can benefit the Little Jungle, individual and the environment and be flexible in their approach.
- To notify employees of relevant arrangements.
- To ensure that the employee is aware of expectations.

Employee responsibilities:

- To abide by the requirements of this document.
- To give details of a mobile and/or home telephone number and to facilitate communication with the setting as appropriate.
- To deliver the expected work outcomes.
- Understand and consider all the information within these guidelines, in particular their own responsibilities regarding health and safety, data security and confidentiality.
- To record the actual time worked and communicate this to their Line Manager and Director.

Next Review: November 2023

12 MONTHS REVIEWING PROCEDURE

There is a great importance in reviewing policies on at least on annual basis and to share the review process with all involved within the setting. This will prove we are working as a reflective practitioner and researching legislations and laws.

The process should follow an effective system:

- Read through all policies noting where changes may need to be made, remembering legislation and laws, which may have been amended or introduced.
- Re-draft policies
- Circulate to all staff members, asking for feedback
- Amend any changes needed and produce policy or procedure signed and dated.
- To alleviate a large piece of work, a rolling programme could be produced and one policy reviewed each month.

These policies will next be reviewed in September 2022, unless there are any changes beforehand.

VERSION MANAGEMENT

| Date | Author | Role | Version | Description of changes |
|------------|--------------------|------------------|---------|--|
| 01/12/2010 | Caroline El-Semman | Nursery Director | 1.0 | First published version |
